Sheriff J. Thomas Hadaway and Deputy R. E. Lee are searching rural Kent county for the thieves, who broke into the general store of Nathan Lieberman, of Melitota, Monday night and made away with a slot machine and some small change. The machine was later found in a field nearby after it had been broken open. The slot machine was the property of Magistrate Olin B. Stafford, of this town, who recently placed it in the Lieberman store.

About eighty friends and neighbors gathered at the hospitable home of Mr. and Mrs. J. August Money near Kennedyville on Saturday evening January 7th to celebrate the 25th anniversary of their wedding. A beautiful night, roads good, and such a host and hostess as we all knew them to be added charm to the occasion. The hours from 5 to 9 proved too short for the pleasure derived from their company so we prolonged the affair to suit ourselves. A very dainty salad supper with ice cream, cake, mints, etc., was served during the evening. The "bride and groom" received many tokens of love and good will, consisting of money, silver, linens, etc., which only proved the esteem in which they were held. After wishing them to be present at their golden anniversary 25 years hence we all wended our way to our different themes.

An interesting Rock Hall letter is in hand and will be published next week.

They wish to express their appreciation to all those who helped make the affairs a success.

Duckers on Worton Creek had an unusual experience recently. When about ta put out their decoy ducks a fox jumped into the blind and tried to make way with several of the luscious fowls. One of the gunners defended the blind from the attack by putting an end to the fox. Sly Reynard must have been hard pressed for food.

Diamond back terrapins are more plentiful in the waters of Talbot county this season than they have been for years. Clinton Willey and a friend, Sunday, each caught five dozen of fine specimens, averaging from 6 to 7 inches, and some larger. Wilbur Jump and Wm. Granger each caught 47. This makes a total of 216 for the four men. They sold them at $5.50 a piece. Several other terrapin hunters caught from ten to twelve apiece. Most of them were caught in one of the creeks, a tributary of the Tred Avon river.

A furniture truck owned by the Red Ball Transfer Company was completely destroyed by fire late Thursday evening, January 5th, just the other side of the Bohemia River Bridge. Postmaster John N. Bennett reports that the gross receipts of the local postoffice for the quarter ended December 31 are the largest of any quarter in the history of the office. The postmaster believes that if the shipment of baby chicks by parcel post shows an increase over the past year the gross receipts of the office for the fiscal year ending June 30 will be sufficient to advance the office from the second to the first class, which means an increase in the salaries of the clerical force. Should the gross receipts of the offiec for the fiscal year total $22,000 it will mean its advancement to the grade of a first class office. Receipts for the December quarter indicate this figure will be reached if not exceeded.

SPORTFOLIO

BY WILL U.

The Flying Pentagon meets its first state rival tonight in the person of Loyola College. The game is being played at the Jesuit's new gym out at Evergreen.

Loyola has played two state games to date; defeating University of Baltimore, and being defeated by George Darley's initial Hopkins quint.

Tom Kibler's 1928 edition of the Flying Pentagon has gotten off to a good start, having played three games with as many wins. Philadelphia School Osteopathy, Arnold and Penn A. C. were met and defeated in turn.

However interest is centered, at present, on tonight's contest as it is the first state game for Washington College and we are anxious to see how they will show up against state opponents.

Captain Tinkous and Adams, veterans for two years of University of Maryand basket ball quint, are at present unable to make the first five because of better material. Personally we are not at all surprised for neither Tinkhous or Adams are, to any extent, brilliant ball players.

St. John's won its first state game Tuesday tonight, defeating the University of Baltimore. From all the rumors that have come from Annapolis last year and this year, the curriculum at St. John's must be exceedingly stiff or long practises and lack of ability keep the athletes back in their studies.

Coach Kibler of Washington College started the class basket ball league on Thursday. All students that have not played in three varsity games are eligible to play. Games are played on Thursday and Friday of every week.

Wilson W. Wingate, in the Baltimore Sun, hinted in regard to Western Maryland's past trip in Pennsylvania that it was practically impossible to play four such games in a row and win them all. We would like to call the attention of Mr. Wingate, or any one else, to the trip of the Washington College basket ball team of 1923 which, playing teams representing Quantico Marines, V. M. I., V. P. I., Washington and Lee, George Washington and Loyola, defeated them all. Six games of basket ball in six consecutive days, traveling on an average of one hundred and fifty miles between each game, and winning all of them! That is a record that Tom Kibler is justified in being proud of and we are of the opinion that it will be quite awhile before it is equalled.
