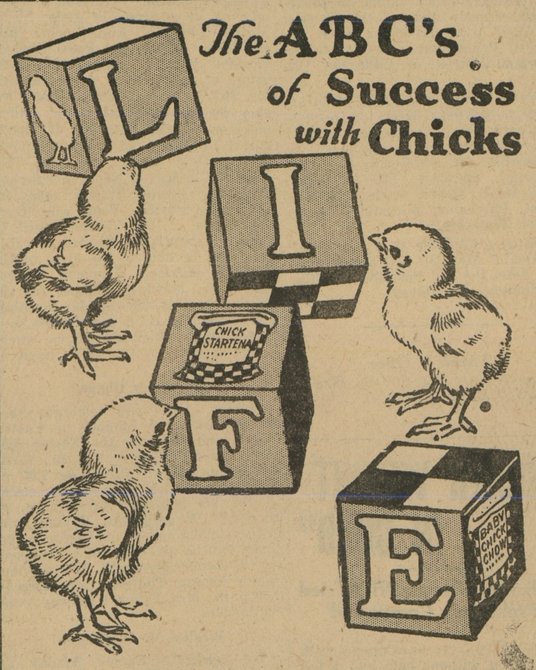
The ABC's of Success with Chicks



ONLY 50% of chicks fed an average ration live. When fed properly, at least 90% can be saved. Chicks need a feed to give them warmth, strength, energy and vitamins for life and growth. This is the reason 1592 hatcheries say feed Purina Chick Startena, the buttermilk starting ration which contains Cod Liver Oil. We will be glad to tell you of a feeding plan that is as simple as A B C. You'll be chicks ahead, money ahead. Come in.
