LOCAL NOTES.....

The Chestertown Bakery located on Calvert and Kent streets will open for business next Tuesday. See adv. in another column.

Harvey Boggs has been sent here as engineer on the Kent train. He has been located at Clayton for some years but served here under Engineer Horace Reed and married a Chestertown lady, Miss Pearl Coleman.

An Old Maid's Convention was held here 25 years ago by the ladies of Christ M. P. Church. Another will be held on Thursday, May 3, at 7.30 p. m., in the Sunday School Room by the Triangle Club of that church.

John Gullery announces the marriage of his daughter, Eleanor, to Clarence Diehl, of Norfolk, Va., on Aug. 31, 1927, at Newport News, Va. The bride is a granddaughter of Mrs. Ella F. Lewis, and a niece of William and Albert Lewis, all of Fairlee.

At the meeting of the Epworth League held last Friday evening the following officers were elected for the year at Chestertown: Presiednt, Earl Willis; first vice president, Alfred Hodgson; second vice president, Miss Elizabeth Willis; third vice president, Miss Mary Covey; fourth vice president, Miss Elizabeth Starkey; treasurer, Mrs. Howard Pennington; secretary, Miss Emily Jewell; pianist, Miss Mildred Covey.

The next meeting of the Parent-Teachers' Association will be held in the lunch room of the Elementary School on Thursday, May 3rd. Refreshments will be served and there will be an election of officers.

Chestertown M. E. Church was packed Wednesday evening with an appreciative audience to enjoy the program given by Rev. George W. Cooke, Prof. Vignuelle and Mr. Spencer. Every feature was enjoyed and the closing pageant impressively presented by the company including Mrs. Cooke,, Mrs. Vignelle, Dr. Corkran, Miss Cora McWhorter and children. It was a splendid testimonial to the splendid work of Dr. Cooke and party.

As the result of a recommendation by the Grand Jury of the April term of Court for Kent County Sheriff J Thomas Hadaway has issued an order that all slot machines, punch boards and other gambling devices in the county must be closed up before May, 1st. Persons found violating this ruling after this date will be prosecuted to the limit.

The regular monthly meeting of "The Town Relief" will be held at the home of Mrs. James Newnam next Tuesday evening, May 1st, 1928.

Tilden C. Hadaway has purchased from Horace Needles the dwelling occupied by the later on Quaker Neck road. Mr. Needles will build a home on the lot he recently purchased on Kent Circle.

Total	$1563.75

If you have not yet sent in your contribution why not write your check and mail it now to Mrs. John H. Clendaniel.

At a meeting of the volunteer fire company Monday evening final arrangements were made for the first homecoming celebration to be staged by the company in the Armory on Friday evening, May 25, Wm. G. Smyth, president of the fire company, will be master of ceremonies, and will deliver the address of welcome.

The program will be preceded by a street parade. Fred S. Russell, chief of the fire company, and Wm. H. Elliott will be marshels of parade, while a committee composed of C. Arthur Bacon, Rev. Charles L. Atwater, and Arlington L. Sparks will be in charge of the musical features. The members of the Ladies' Auxiliary will have charge of the refreshments. The committee in charge of the program is Wm. G. Smyth, T. D. Bowers, Wm. L. Fowler and Wm. A. Burk.

The Young Mens Club of Christ M. P. Church was entertained Thursday evening at the home of Mr. and Mrs. Lawrence G. Brown.

The four high schools of Kent county are arranging for the annual declamation contest to determine Kent's representatives in the Eastern Shore contest to be held at Washington College. The schools in Kent participating are Chestertown, Rock Hall, Galena and Millington.

Each school will conduct a contest to determine its representative in the county contest. Participating in the Chestertown contest will be Frances Hill, Norman Sutton, Albert Sutton, Robert Penn, Sarah Meyers, Joseph White, Ruth Brice, Helen Smith, Margaret Kennedy, Elizabeth Hopkins and Catherine Nickerson. The representatives of the four county schools will meet and the county winner will participate at the college event on May 18th.

GOOD PROSPECT FOR ROCK FISH

Fishermen are greatly encouraged over the prospects of rock fishing the coming winter. While few are being caught now, the waters are full of little rock from 6 to 8 inches long. Thousands and thousands of these little fish are seen in the Bay and rivers, and watermen predict that in a few months time there will be an abundance of these fish large enough to supply many.

Large rock fish weighing over 15 pounds are said to be plentiful. One man recently went out in his boat and caught 21 rock. Twenty of these weighed over 15 pounds each, and were thrown overboard according to law.

While discussing the large rock caught, some of the fishermen reported catching them as heavy as 85 pounds and 40 pounds. Of course they are not much use for food, and they bring but very little even if the law allowed the fishermen to keep them. All over 15 pounds must be thrown back overboard, and it is very hard to evade the law for the reason that if caught with the fish one is subjected to fine.

PERSONAL AND SOCIAL NOTES

The wedding of Miss Alice Dunn Hynson, daughter of Mrs. Rogers Wilson, of 1301 Franklin street, Wilmington, and formerly of Chestertown, and Charles Warner, Jr., son of Mr. and Mrs. Charles Warner, of 2311 West Eleventh street, Wawaset, will take place in the home of the bride's mother, on Saturday, June 23. Miss Hynson, who is now in Europe with Miss Natalie du Pont, is expected to return to her home about May 12.

William Embert has been at Mercy Hospital, Baltimore, this week for special treatment.

Miss Alverta Brice who has been spending some time with her parents near Lankford, will leave in June for New York. She has accepted the position of riding counsellor at Moss Lake Camp in the Adirondacks for the summer. In the fall she will go to Oldfield School, Glencoe, Md., as riding mistress, to take the place of her cousin, Miss Kathryn Brice.

Mr. and Mrs. C. Arthur Bacon entertained a small company of friends at their home on Mill street on Monday evening in celebration of Mrs. Bacon's birthday. Following a pleasant social hour, refreshments of ice cream and cake were served.

Mrs. Roy Woodland and daughter Betty Joe, of Marion, are the guests of her parents, Mr. and Mrs. Horace Reed.

Mrs. J. B. McIntire has been quite sick for two weeks.

Announcement has been made of the marriage of Miss Muriel Augusta Pinder, daughter of Mr. and Mrs. Harry W. Pinder, near Galena, to Fred Williams, son of Mr. and Mrs. Harry C. Williams, of Summitt Bridge, Del., at Elkton, Tuesday afternoon, April 17th, at 3 o'clock. A reception was given in their honor at the home of the bride's parents last Saturday evening with music and dancing. Refreshments were served to quite a number of friends and relatives.

DOGS RUNNING AT LARGE UNLAWFUL

A paragraph F. of section 20, Chapter 568, Acts of 1927, provides, it to be unlawful for any person to permit their dog or dogs to run at large without an attendant on property other than their own, March 1st to September 1st, and pursue game, or destroy the nests or eggs thereof, under a penalty of not less than $25 nor more than $100 for each and every offense. The Game Division of the Conservation Department of Maryland, as has been its policy during the past several years, has completed the distribution of 15,917 Cotton-tail Rabbits, and 6501 Bob-white Quail in the covers of this State, during February and March, for propagation purposes, therefore, it becomes very essential that the public owning dogs should comply with the law as quoted herein, and assist us in protecting these animals and game birds, so we may receive 100 per cent propagation from this brood stock.

—John W. Barnes, clerk to the Modern Woodmen, has paid to the administrator of the estate of William T. Wright $3,000. This amount makes a total of $27,000 paid in death benefits by theclerk in the past twenty years.

Mrs. Ida Blyman was called to Philadelphia last week by the illness of her daughter, Mrs. Walter LeCompt.

Dr. F. B. Hines, of Chestertown, one of the vice presidents of the House of Delegates of the Medical and Chirurgical Faculty of Maryland is attending the meetings held this week in Baltimore.

Miss Elizabeth Richardson and Miss Elizabeth Yeggy, of Baltimore, spent the week-end the guests of Miss Margaret Cooper.

MASSEY

Mrs. S. J. Johnson has returned home after spending two weeks with her daughter in Philadelphia.

T. C. Roe was in Philadelphia, one day this week.

T. J. Starkey and family attended the funeral of his niece at Marydel on Tuesday of this week.

Miss Katherine Palmatory, of Elkton, visited at the home of her parents on Saturday.

Mr. and Mrs. H. G. Ransom spent Sunday with their daughter, Mrs. Alfred Blyman, in Wilmington.

Mrs. Anna Moore, of Smyrna, Del., spent the week-end at the home of Mrs. T. Darrell.

Price Roe, of Dover, Del., spent the week-end with his father, T. C. Roe.

Automobiles driven by Arthur Moore and Miss Ruth Grantlin crashed at the corner of Queen street and Maple avenue Monday and Miss Grantlin's car was badly damaged.

NEW YACHT CLUBS PLANNED

Three distinct country and yacht clubs are in process of development in this vicinity, in addition to the Chester River Yacht and County Club now being organized by local sportsmen. The Royal Swan Beach Club at the mouth of the Sassafras river, near Betterton; the new rendezvous of the Essington Yacht Club at the mouth of Worton Creek; and the development of the Chesapeake Land Association on Still Pond Creek, are all being organized by Baltimore, Philadelphia, Wilmington and New Jersey sportsmen.

Commodore William T. Hemsley, of the Baltimore Yacht Club is one of the leading spirits and a director of the beach club now being organized where the Sassafras river meets the Chesapeake Bay. Howard Van Sciver of Philadelphia, is president of the organization and John M. Gessled, Jr., of the same city, treasurer. The vice-president is State Senator S. Scott Beck, of Kent County, and the secretary, Howard F. Owens, of Betterton. Permission is being awaited from the War Department for the dredging of a yacht channel and the construction of a harbor. Meanwhile a large bulkhead and pier are being constructed and arrangements are going forward for the building of an 18-hole golf course and a temporary clubhouse. The organization will open early this summer and will be a community playground. It has already secured a membership of 150.

The first asparagus from Kent county, shipped by W. E. Stoops to Chester, Pa., sold for $1.00 a bunch.

Mrs. Cyrus G. Howard has purchased from Mrs. M. A. Toulson the property on Kent street adjoining J. B. McIntire.

at Chestertown, Worton and Kennedyville and Thos. R. Rouse Still Pond.

THE NEW FORD CAR

REAR AXLE

The new Model A rear axle is of the three-quarter floating type which means that the wheels are mounted on axle housing, rather than on the axle shaft.. This reduces the strain on the axle shaft and will prevent the breaking of the rear axle. The gear ratio is but 3.7-to-one which means comparatively few engine revolutions per mile, greater fuel economy and less wear and tear on engine. The rear axle gears are now of the spiral bevel type, which, combined with Ford accuracy, means a quiet durable drive. The minimum road clearance is 9½ inches which is one-half inch more than the Model T Ford. The rear axle housing are of pressed steel construction reducing unsprung weight and tire wear and given a smoother running car. All bearings are roller bearings.

FRONT AXLE

The front axle is a downward sweep and is a drop forging of I-beam section, mounted with a rake of 5 degrees to give steadier steering. The front wheels are mounted on adjustable tension roller bearings. The front radius rod is large and strong and is forked at its front end to attach both tip and bottom of the front axle. The upper and lower king pin bearings are of bronze. But tht feature of the new axle is the fact that the king pin thrust will be taken on Timken roller bearings making it possible to steer the car with ease.

STEERING GEAR

The steering gear of the new Ford is of the irreversible type, with worm and sector, as used on the Lincoln car. The gear ratio of 11.25-to-one gives wonderfully easy steering. The gear case is made of three steel forging, electrically welded together. Because of severe strains to which the housing is subjected, steel forgings were selected in order to make it as strong as possible. The steering wheel is of steel with hard rubber cover. The wheel is 17½ inches in diameter.

The Eliason Motors, Inc.
PHONES 184 AND 231 CHESTERTOWN, MD.

Soon the fairways will be showing green; you'll be out there one of these fine days, and then-----

"FORE!"

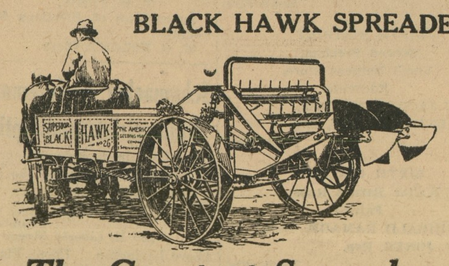
SUPERIOR
BLACK HAWK SPREADER



•The Greatest Spreader Ever Built

YOU are hauling and scattering manure by the old, slow, costly and back-breaking method—if you are using a spreader that wasn't built right to start with—if you are using a spreader that has seen its [illegible] days—come in and see how you can save work and money with a SUPERIOR Black Hawk Spreader.

Thousands of users know that it produces earlier crops, bigger crops, better crops—crops that bring the highest market prices. It insures quick absorption—prevents burn-outs—*doubles the crop-producing value of your manure.*

No Other Spreader to Compare With It

The SUPERIOR Black Hawk pulverizes every particle of the manure. It spreads it in a broad, smooth layer. None is wasted. No part of the field gets too much—no part gets too little. It is built low for [illegible] and easy loading. It's the [illegible]st hauling spreader ever built. Alemite lubrication keeps all working parts in perfect condition. Automobile type mounting in front gives a shorter turn.

These are just some of the reasons why thousands of farmers choose the SUPERIOR Black Hawk in preference to all others. Come in and see it for yourself. See how it will save work for you and for your horses. See how it will boost your crops and your profits.

GALENA, MD

IT PAYS TO FERTILIZE A CORN CROP

Did you know, it pays to feed your Corn better than most any other crop, particularly with our regular Corn Fertilizer, that is especially adapted to its growth and maturity.

One of the requisites is to apply a sufficient quantity say: 350 lbs. to the acre, which is the amount used by the most successful Corn growers.

All of the County Agents and agronomists over the Country are now advocating the use of fertilizers on your Corn, as it not only increases the yield from 15 to 20 bushels more than the unfertilized, but also improves the quality, in that one user claims, he has now 50% more merchantable corn, than he used to have, before he commenced using fertilizer.

I know of one man, who bet his Son, it would not pay to use fertilizer, as he never had, they each put in a field, the young man fed his and the old man lost his bet, TRY IT.

For Tomatoes

Use Our Peerless Tomato Fertilizer, this has been on the market for years and many of the most successful Tomato Growers, will use no other.

We had one customer, who grew 19 tons to the acre a few years ago, with our goods and we will be pleased to supply you.
