MEMORIAL DAY

Memorial Day is a day set aside each year when people halt in the mad onrush of present-day hustle to meditate on the deeds of valor, heroism and self-sacrifice of those men and women who have planted the milestones along the pathway of the progress of civilization and to perpetuate their names to the most remote person. It is called by two names—Memorial Day and Decoration Day—and both are suggestive. Flowers are placed on graves as a token of appreciation. May 30th is the date officially designated.

The high and low, crossing the "Dark River," come to the same common end. They filled their part in life's program. To keeping green their memories the Day is dedicated. However humble, however great, whether the grave be unknown and marked only by the modest daisy or by a massive monument, we honor them. As soldiers they fought, bled and died that there might be a consummation and concentration of political wisdom; that America's destiny might be fulfilled; that civil and religious liberty might be vouched safe to us; and that all men might enjoy their right of freedom and equality before the laws.

Many, whom circumstances kept at home, suffered trials and hardships in keeping the home fires burning that required the same great heroism and sacrifice called forth on fields of fiercest battle. Let's honor the dead:

'Twill show the grandeur of their sacrifice,
Their stake for glory or a soldier's grave;
Show that, whate'er the throw of fateful dice,
All that was theirs to give, they freely gave.

TO ABOLISH THE PERFORATION OF NEW AUTO PAPERS

The practice which requires purchasers of automobiles to present at the office of the county treasurer for perforation the application for new car registration, or application for used car registration is to be discontinued, according to information received by the Peninsula Auto Trades Association.

For the past year purchasers of motor cars and trucks have been required to present the application to the treasurer's office to indicate that taxes have been paid upon the property before the Commissioner of Motor Vehicles' office would issue license plates.

The practice is contrary to the general motor vehicle laws of Maryland Section 183 as pointed out in a decision handed down by the Attorney General February 18, last.

The Peninsula association has made a vigorous campaign for abolition of the practice, since the Attorney General's decision and conferences were held with the Commissioner's office to secure the action obtained.

This practice and the law requiring presentation of tax receipts before license plates issued was sponsored by the Eastern Shore County Commissioners Association to which the Commissioner of Motor Vehicles acquiesced.

Although the same law is applicable throughout the State, counties of the Western Shore and Southern Maryland have not attempted to force the automobile owners to present their applications for perforation. The practice, however, was adopted generally by County Commissioners of the Eastern Shore.

The Peninsula Auto Trades Association asserted that the practice existing here caused much inconvenience to the automobile owner and cited the attorney General's ruling that the practice was in defiance of the motor vehicles laws.

TOMATO INDUSTRY TO HAVE NO RELIEF

After the Board of Directors of the Kent County Chamber of Commerce petitioned our representatives and the Ways and Means Committee at Washington for a protective tariff on foreign tomatoes to save our home industry the following letter was received by the Chamber signed by W. C. Hawley, Chairman of the Committee on Ways and Means, House of Representatives:

"Your favor of April 24, 1928, is received. Before this session of Congress convened, a careful investigation was made of the matter of tariff legislation, including both a general revision and amendments to specific items only. It was found that it was not possible to do either of these at this session.

I appreciate the situation to which you refer and its seriousness.

I think there will be tariff legislation in the near future that will provide for your interests.

Fred S. Russell, national officer of the Rural Letter Carrier's Organization, and John Barnes, secretary of the Maryland Rural Letter Carriers' Association, will attend the annual State meeting to be held at Ocean City, July 9 and 10.

DEMOCRATIC CONVENTION

Mrs. Elizabeth R. Menefee, Cumberland, was elected Democratic National Committeewoman for Maryland at a meeting Tuesday of the thirty-two delegates who will represent Maryland next month at the Democratic National Convention in Houston, Texas. She succeeds Mrs. S. Johnson Poe, of Baltimore.

The election of Mrs. Menefee brought to a close a bitter contest, which several prominent women leaders of the party had threatened to "carry to the floor of the convention."

The threats were not carried out. Mrs. Menefee was selected unanimously after the Baltimore members of the Houston delegation had been unable to agree on a city candidate.

The National Committeeman will be elected later, probably while the delegates are on the way to Houston. The reelection of Howard Bruce, however, is assured, party leaders believe.

The passage of a resolution instructing the delegation to the National Convention to vote for the nomination of Governor Ritchie for President, ratification of the nomination of United States Senator Bruce for reelection and the election of the thirty-two delegates to Houston were the principal features of the convention. Each was acted on unanimously.

In this the first district the following were named:

Delegates—Dudley G. Roe, State Senator, Queen Anne's county; H. P. Turner, Talbot county; Wm. S. Gordy, Jr., State Comptroller; J. Ben Decker, Cecil county. Alternates—William McCabe, Worcester county; T. Clayton Horsey, Caroline county.

Mrs. B. Ashby Leavell, of Montgomery, was the only woman named as a delegate, and it is understood that she was assured the post when it became apparent that she would be elected National Committeewoman a post for which she was being backed by a large group of city and county women:

Following action on delegates and alternates, Mr. Walsh introduced the names of candidates for Presidential electors. The slate, which had been agreed on previously by the leaders was adopted unanimously, those chosen being as follows:

Frank A. Furst, Baltimore, and John M. Dennis, State Treasurer electors at large; Emerson C. Harrington, First district; R. Walter Graham, Second district; George P. Welzant, Third district; Eugene H. Beer Fourth district; William H. Mattingly, Fifth district, and Leonard C Barrick, Sixth district.
