Kent News

SATURDAY, NOVEMBER 23, 1929

Kent county veterans of the World War who have not yet filled application for the adjusted compensation, commonly known as bonus, made possible by Congress should get in touch with the Regional Manager at Fort McHenry, Baltimore, Md., at once. January 2nd, 1930, is the last day that application may be filed.

Governor Ritchie's hat for the Democratic Gubernatorial nomination next year virtually was thrown into the political ring Wednesday night by his close friend and political intimate, E. Brooke Lee, in a speech at Frederick before the Junior Democratic Club of Frederick county. Characterizing Governor Ritchie as the "strongest vote-getter who can run in 1930 as the Democratic candidate for Governor," Mr. Lee asserted that the party leadership in both Baltimore and the counties stood ready to support the Governor for a fourth term. Senator McIntosh announced his candidacy last week and has some powerful forces back of him. It is quite early yet to predict who the nominee will be as there may be a dark horse named later.

President Hoover has held several important conferences at the White House this week to solve the stock market crisis. We would suggest a remedy if it could be enforced, viz., "A bill to curb speculation in stocks and on commodities on margin, by making it unlawful to send or receive orders through the mail, by telegraph or otherwise in interstate commerce."

Application cards for 1930 automobile license tags will be mailed out on November 29. The new tags will have a green background with white numerals. In order to avoid the last-minute rush of previous years, Commissiner Baughman urges motorists to fill out immediately the applications and mail them to his office, accompanied by a money order covering the cost of the license and in addition 10 cents for postage. As fast as the applications are received, a special force of clerks are to see to it that the tags are sent out by return mail. Last year license plates for the coming year were permitted to be put on automobiles on December 15. This custom, it was said, probably will be followed again this year.

Why shop around for the smartest hat when you know we have Stetsons?

AND OF COURSE every one knows that style is not the only thing you get in a Stetson hat . . . the quality is unmatched and the workmanship is most expert. For three generations Stetson has been making the best hats that can be made . . . so it is only natural that Stetson leadership is known the world over. Regular Stetson wearers gave up making comparisons long ago. So if you are really particular about your appearance you might as well come around for your Stetson now . . . for you will come to it sooner or later.
