METAL WEATHER STRIPPING

I am prepared to weather strip your windows and doors and thus save you lots on your coal bill. I will guarantee satisfaction. J. H. Haddaway, Still Pond. n2-3t*

WATERS SENT TO BALTO. JAIL

Geo. L. Pendleton, the well-known colored city lawyer, came to Chestertown Monday and appeared in behalf of William Waters, the local gunman. A hearing was held before Justice W. B. Usilton at noon and after waiving his right to a trial was remanded to jail for action of grand jury next April. Judge L. W. Wickes signed an order permitting the removal of the prisoner to Baltimore City jail. Sheriff Hadaway, accompanied by Officer Cooper and Randolph Waddell escorted Waters to the city jail Tuesday. The bail was fixed at $5,000, and being unable to procure same, was returned to Jail.

Waters, who wounded Capt. Jack Jester and was later wounded himself by Officer Samuel Cooper, faced five serious charges.

State's Attorney Stephen R. Collins brought five separate charges against the Negro, which includes three charges of assault with intent to kill.

Waters has apparently recovered from the wounds received in the gun battle which followed an attempt to arrest him on a charge of assault. He was lodged in the Kent jail where he was brought last week from Easton Hospital.

Waters says he is 87 years old, has two sons and a wife, also has a father living in Cambridge 115 years old.

It is believed the man is desperate and Baltimore officials, it is thought will be in a better position to care for him until the April term of Kent County Circuit Court convenes here.

William B. Willis, who sold two waterfront farms belonging to his wife last week to a Philadelphia purchaser for $50,000, says that options are being secured on several other farms in the vicinity of his wife's 500-acre tract. Mr. Willis will sell his personalty Monday. See sale in this issue.

PRISONERS TO WORK?

Under the authority of a bill passed at the last session of the Maryland legislature, Magistrate Olin B. Stafford of this town, has inaugurated a policy of sentencing male prisoners, unable to pay their fines, to work on the county roads and streets of incorporated towns thruout the county. Though the matter of putting prisoners to work has been under consideration here for many years, the experiment has never before been tried in Kent county.

The Kent county jail is usually filled with colored prisoners and a few whites, some of whom, it is said, spend the winter in comfortable quarters at the county's expense and many of whom are annoying to citizens passing the jail. Days and nights are made noisy at this jail with shouts, songs and instrumental music.

Incidental expenses will be borne by the incorporated towns using labor. Such workers farmed out for road work must be over 16 years old.

The first prisoner who may work on the roads is Robert Brooks, Jr., 18-year-old colored youth, who is a third offender and was found guilty of carrying concealed weapons and disorderly conduct. He was fined $125 and was unable to pay the fine. His services will be offered to the county commissioners.

FOR SALE OR TRADE

One Delco-Lighting Plant, in perfect condition. Bargain for some one; Bay Mare and one Colt. Want to buy some Second-hand Sheet iron. Give length and prices. John T. Lockwood. n30

PLANS XMAS CELEBRATION

The Chestertown Mercantile Section of the Kent County Chamber of Commerce, assisted by other merchants in Chestertown, are planning an interesting and elaborate programs for the annual Christmas Treat.

Early in October the Mercantile Section asked for letters outlining a plan for the Christmas celebration, the best letter to win a ten dollar gold piece. The prize-winner was Harry S. Russell.

The committee in charge of the program was authorized to use suggestions from the prize-winning letter and also from any other letter that might have good ideas. They have outlined their plan as follows: A large box will be placed in a conspicuous place labeled "Special North Pole Air Mail" and will receive letters to Santa Claus. As the date will be some time before Christmas this will give the children's letters plenty of time to reach their destination and have Santa fill their orders.

A registration booth will be placed probably in the public park and a prize will be given for the oldest person registering. A prize will also be given to the largest family in town that day. If a tie results in the latter case the decision will be made in favor of the largest family having the youngest parents. Turkeys will be prizes in both of these contests.

Close by the registration booth, or in a conspicuous store window, will be a jar of pennies. The person guessing the correct number of pennies, or coming nearest to the correct amount will win a large turkey.

A rest room will be provided for mothers having small children where the children may be left with competent attendants and plenty of toys, leaving the mother free to shop.

Santa Claus, himself, will head a costume parade of small children up to twelve years of age. Prizes will be awarded for the best, the funniest and the most original costumes with first, second and third prizes, making nine prizes in all for the costume parade.

After the parade, Santa will go to his headquarters in the park and distribute oranges and toys to the small children.

One of the most exciting events of the day will be a treasure hunt. Several prizes will be awarded the winning contestants. This will be the happy hunting ground of contestants between the ages of 12 and 18 years. The hunters will start from a given point with written instructions, persons on the street will be described, the hunter reaching the right person will be given a card with further directions and so on down the line to the place where the treasure will be found. The prizes in treasure hunts are bound to go to the swiftest thinker with the fleetest foot and has possibilities for a rolicking good time by contestants and on-lookers.

An exhibition of fireworks will be held on a later evening as the Committee feels an entire day and evening in town is impossible for many not yet been set but will be given through the county papers with a schedule of the various events for the day as soon as decided upon.

of the residents of farming districts. The committee in charge is Carl S. Bordley, Chairman; E. Scott Thompson, A. Sidney Turner, Jr., Joseph Lewis and B. L. Bonnett.

The date of the celebration has

The Chestertown High School soccer team entered the finals on the Eastern Shore on Monday by defeating the Perryville High booters 6 to 1. The Chestertown team, by virtue of its win over Perryville, is accorded the right to meet the Easton High eleven for the Championship of the Eastern Shore. The title game will likely be played at Centreville on December 6 The Eastern Shore winner will meet the Western Shore title holders for the State campionship later in December.

Work on rebuilding Hotel Bayou, at Havre de Grace, which was badly damaged by fire on November 8th, will be started next week in order that the structure will be completed in time for the race meeting of the Harford Agriculture and Breeders' Association next April

Thieves robbed the hennery of Edw. Kinsey near Cherry Lane of 22 fine turkeys one night recently while the family were attending a pie social at the school house. Mr. Kinsey thinks it wes certainly dear pie for him!

SPORT EVENTS OF PAST WEEK

The football season closed at Washington College here Tuesday with the annual clash between Freshmen and Sophomores. The tilt was won by the Freshmen, 20 to 6, while hundreds of students and townspeople looked on.

Frederick Usilton made all three touchdowns for the victors and scored one of the extra points. It was the first victory for a yearling team in five years.

In the second period Usilton took the ball over after a series of line plunges and Dickerson went over on a line play for the added point.

Orem, of the Sophs, ran thru the whole Freshman team early in the third period for his team's lone tally and Baker failed on a line plunge for the point. Usilton again plunged thru the Sophs for a series of gains and another tally, but failed to make the point and scored again early in the fourth period. He took a pass from Clark for the extra point. The line-up:

All the Freshmen substitutes got in the game and had a part in the victory.

Between the halves a large hog was used as a mascot by the Sophs while the Frosh boys marched about the field headed by their band. It was surely the Freshmen's day and night, for 20 to 6 cards were to be seen over the town and across the bridge after an all night poster battle.

Sophomores		Freshmen
Vigilante	L.E.	Gainer
Rose	L.T.	Rosemete

Bradley	R.T.	Sutton
Carney	R.E.	Harris
Jones	Q.B.	Usilton
Baker	L.H.	Dickerson
Orme	R.H.	Greeley
Fitzgerald	F.B.	Clark

PHILLIPS ELECTED CAPTAIN OF THE FOOT BALL TEAM

At a meeting of the football lettermen of Washington College Joe Phillips, of Sharptown, Md., was elected to lead the Maroon and Black gridders in the 1930 campaign.

Captain-elect Phillips has been one of Coach Kibler's mainstays in the line for the past two seasons. He plays at the tackle position, where his ruggedness, despite the lack of avoirdupois, has proved an asset to the Eastern Shoremen. Like most of his teammates, Captain Phillips' football experience has been entirely at Washington College.

Coach Kibler looks forward to work with next year, and this should provide an improvement, as lack of weight was one of the biggest handicaps faced by the Shoremen during the past season.

But this advantage may be offset by the loss of five letter men in Dopson, Alexander, Burk, Veach and Stewart, all of whom played an important part in making the past season one of the most successful enjoyed by the Shoremen in several years. Louis Knox, of Towson, will be varsity football manager for 1930.

ANOTHER TITLE FIVE LOOMS

Early prospects promise another winning basketball aggregation at Washington College, with a group of candidates working out under Dutch Dumschott, assistant coach, and Captain Giraitis. Giraitis and Dopson of last year's outfit are the outstanding members of the team and they will be backed up by Stevens six-foot five-inch center, Alexander and Robinson, all of whom saw action last season when the Maroon and Black retained the championship of Maryland.

Members of last year's freshmen quintet are also candidates for varsity honors. They are Fitzgerald, Plummer, Ross, Clementi, Rasin, Coulbourn and Karfgin. Among newcomers who show promise are Gainer, last year a member of the state inter-scholastic title holders, Pennsylvania High School, of Cumberland and Huffman, a team mate who were under the tutelage of Bobby Cavanaugh, former local star.

An all-star game will be staged, as usual, and it will probably be the first contest for the varsity. Coach Kibler, Dumschott and Beatty will have as their team mates former players such as Gimp Carrington, Jacobs and Billy Usilton. It is believed Jimmy Foxx, of the Philadelphia Athletics, will be asked to take the tap-off position for the old-timers.

Chestertown lost one of their grey mules Thursday from lockjaw.

ROAD BUILDING '29 NEARS CLOSE

The 47 miles of slag road being built in Kent county will likely be finished Monday. Work was started on the two last laps, one near New York Canneries and the other from Fannell's Branch toward Brice's Mill, this week and Engineer R. H. Richardson thought these would be completed Monday.

The concrete road, 1.7 miles, from Lankford to Broad Neck was finished Thursday at noon by Philips and Co. This firm deserves the thanks of the traveling public for his industry and sacrifice in completing this and the Quaker Neck roads.

Aiello finished from Tolchester to Rock Hall Monday.

The Massey road was not completed, leaving over a mile to be built next spring.

Shoulders are being laid, on Fairlee-Lynch road, Quaker Neck, Broad Neck and Rock Hall roads. This work is not interferred with by the cold. The thermometer registered 26 degrees yesterday, therefore all concrete road work will be discontinued.

Kent's road program for 1930 will cover about 22 miles as follows: 5.7 miles at Lambson; 6 miles at Kennedyville; 1.3 at Betterton; 2 at Massey; 4.2 at Morgnec; 2.3 Almshouse road.

DENTON ROTARIAN VISITS CHESTERTOWN CLUB

An inspiring and splendid address was given Monday night last by Rev. Melvin Wheatley, of Denton, before the Chestertown Rotary Club. Mr. Wheatley is a member of the Denton Rotary Club and represented that club at the International Rotary Convention last June at Dallas, Texas. He is a fine speaker and has a message that every Rotary Club should hear.

A special meeting of the Chestertown Rotary Club is planned for December 9th, to be known as father and son night. The speaker will be Oliver Short, of the Baltimore Rotary Club, who has a reputation as one of the best speakers in Rotary.

Every member of the Chestertown Club will have the privilege of bringing a guest—either his own son or someone else's son.

The meeting last Monday was another 100 per cent. Next Monday is the sixth and last night of the attendance contest. Both teams are now tie with a perfect attendance.

MT. ST. MARY'S WINS FROM VARSITY

Mount St. Mary's defeated Washington College, on Washington Field Saturday afternoon by a score of 14-0. The snow fall made the playing field soggy and snow fell during the entire second period.

The Mounts scored early in the first period. After they had been held for downs, the visitors punted to Robinson on his 15-yard mark and Robinson returned it to the 25-yard strip before being downed. Washington tried the line for two plays and then elected to kick on the third down.

Ryscavage broke through and blocked Dopson's punt. Bogg came racing behind him, scooped up the ball and ran unmolested for a touchdown. Wolfe made good his try for the extra point.

The second touchdown was the result of a brilliant 35-yard run by Wolfe, who again scored the point after touchdown.

The Mountaineers again threatened in the first half but brilliant general-ship by the home team caught the visitors off balance tnd prevented further scoring. Washington, by kicking on the first down on two occasions, completely fooled the invaders, and kicked over the head of the safety man.

Penalty Halts Shoremen

Washington never seriously threatened the Mounts goal. However, in the second half the home team gave its supporters some hope of a delayed victory when three successive first downs, drove the Mountaineers deep into their own territory. This march was halted by a 15-yard penalty for holding which seemed to take the life out of the local team.

WANTS BASKET BALL GAMES

Wilmington, Del.

The Kent News, Sport's Editor:

Dear Sir:—The Lorraine A. A. basketball team of Wilmington, Del., would like to book games with all teams in or about Chestertown. Any clubs interested in this team, are requested to write to F. A. Difrancis, 414 Hawley St., Wilmington, Del.

GUNNERS KILL SCORES OF GEESE

Local gunners have been having great luck killing fat juicy wild geese during the past ten days. "Fusty" Thomas and the Clark boys killed 11 out of 13 geese that came flying over Fairlee Creek on Monday about 4 p. m.

The finest day's sport reported during the gunning season for wild ducks and geese was enjoyed by Howard B. Strong, Miller Strong and Edmund B. Hurtt. The men went to the "Anchorage" farm in Cecil county belonging to Mrs. Howard B. Strong, and afttr several hours' shooting secured the bag limit of 8 gease each, shooting from blinds.

On Tuesday morning Howard B. Strong and Delaware friends landed 8 fat geese.

Members of the Turkey Point Duck Club have enjoyed splendid sport since the opening of the ducking season, and have shot a number of fine bags from their ducking grounds at Turkey Point, on Kent Island. Monday they bagged one hundred fine-red head ducks. Those in the party were Dr. Merritt Brice, of Millington; Paul Comegys, of Millington; Brown Metcalfe and James G. Metcalfe, of Chestertown. Senator Dudley G. Roe is a member of the club, but was unable to enjoy the days shooting.

TEACHERS IN DEMAND

Maryland high school teachers are in marked demand in Pennsylvania, Delaware and New Jersey, according to E. Clarke Fontaine, State supervisor of high schools for the Eastern Shore with headquarters here.

Because of the excellence of their work and standards of teaching a New Jersey official recently stated that his State is always glad to secure Maryland teachers because they are unusually well equipped academically and professionally. At least a dozen teachers from the Eastern Shore, the local educator said have gone to New Jersey to teach within the last two years and an even greater number to Delaware where they have been successful.

Maryland teachers, including those of the nine-county area, said Mr. Fontaine are above the average of the country as a whole, both in academic and general knowledge and in professional training. Contiguous States, such as Delaware, Pennsylvania and New Jersey are continually offering Maryland high school teachers higher salaries than they are getting in this State and have secured many of them in the last few years. The teaching corps in Maryland, declared the local supervisor, compares favorably with the most progressive States in the country.

In a recent investigation conducted among 500 school teachers in scattered portions of five different States many of them were found to be delinquent in the highest standards set for high school ttachers.

TURKEYS VARY IN PRICE

While 1800 live turkeys were bought in Chestertown by a local buyer for 30 cents there were many farmers who realized at least 40 cents for Thanksgiving birds.

Albert Jervis, of near Still Pond, has a flock of 2300 birds which average 20 pounds. He has sold many for breeders but received 43 cents per pound for most of the 900 sold for Thanksgiving. He will continue to sell to buyers who visit his 116 acre farm.

Jimmy Foxx, star of the World Champion Athletics, will be seen in action here on the evening of Dec. 6. Foxx, will appear as a member of the All Star basketball team which will face the college varsity.

In addition to Foxx, Tom Kibler, Dutch Dumschott, Chief Beatty, Gimp Carrington and Jake Jacobs will appear with the All Stars.

SIX STILLS CAPTURED

Prohibition agents raided several places near Millington Tuesday and found six big stills in operation. While there were several men implicated one man, Ted Jarrell, took the blame and claimed ownership. He was arrested and carried to Denton to await trial.

Fine pictures at New Lyceum Theatre this week and next.
