WINNERS IN RADIO AUDITION

Paula Josephine Phoenix, soprano, of Oakhurst, New Jersey, and Raoul Nadeau, baritone, of New York City, won the semi-finals of the Fourth National Radio Audition held in New York a week ago, according to announcement made today by the Atwater Kent Foundation, sponsors of the nation-wide hunt for young and unknown singers. These two will represent the New England and Middle Atlantic States in the national audition, which will be held in New York City, December 14. This audition will be broadcast from coast-to-coast during the Atwater Kent Radio Hour. They will receive gold medals and musical scholarships and will share in the distrbution of $25,000 in cash awards given by the Foundation.

Rose Tentoni, soprano, of New York City, and David Thomas, baritone, of Scranton, Pa., were second choice of the joint vote of professionaal judges and radio listeners. Rosemarie (correct) Brancato, soprano, of Rochester, N. P., and Frank Ricciardi, baritone, of Newark, N. J., were placed third.

This is the first time in the four years the National Radio Audition has been conducted by the Atwater Kent Foundation that a New York City singer has been placed among the national finalists. In the competition last week the singers were introduced to the radio audience and judges by number only. Mrs. Phoenix was identified only as No. 13 and sang "Peace, Pace, Mio Dio" by Verdi. Mr. Nadeau was known as No. 10 and sang "Vision Fungitive" from Masasnet's opera, "Heroniade." Miss Tentoni, as No. 15, sang "Suicido" by Ponchielli and Mr. Thomas as No. 8, presented "Honor and Arms" from the oratorio, "Samson."

These two young eastern winners will compete with eight other national finalists, selected through competition with 8 other national finalists, selected through competitions held last spring in more than a thousand communities throughout the country. The list to date includes Carol Deis, soprano, of Dayton, Ohio, and Richards (correct) W. Dennis, tenor, of Sioux Falls, South Dakota, from the Mid West States; Joyce Allmand, contralto, of Dallas, Texas, and Clarence Ross Graham, baritone, of Hot Springs, Arkansas, from the Southwestern States, and Mary G. Cortner, soprano, of New Orleans Louisiana, and William Eugene Loper, baritone, of Jackson, Mississippe, from the Southern States. The Far Western winners will be announced later.

Historic Buildings in City of Philadelphia

Its wealth of historical landmarks and associations and its close proximity with other cities and places of interest on the east coast places Philadelphia on the main roadway of eastern tourist travel. To the visitor interested in the nation's history this city offers associations which are identified with it alone and which distinguish it among all other American towns. Chief among these is Independence hall, where the Liberty bell reposes and within whose walls the Declaration of Independence and the Constitution of the United States were drawn and signed.

Many of the most interesting old landmarks are confined to a small area on the central part of town, among these being Carpenter's hall, meeting place of the first Continental congress; the Betsy Ross house, where the first American flag is said to have been made and old Christ church, place of worship of Revolutionary heroes and in whose graveyard lies the body of Benjamin Franklin. Congress hall is another point of interest.

TURKEY GROUP MEET DEC. 12

The pre-Christmas market meeting of the Maryland Turkey Growers Association of Kent County has been moved from its regular day to Wednesday, December 12th, at the office of the Kent County Chamber of Commerce in order to decide on action to meet the Christmas market.

Buyers admit that they were surprised at the upward trend the week previous to Thanksgiving and lay the fact to the lack of prime trukey in city markets.

Some members have been selling early this week at thirty cents per pound live weight at their farms, others are holding for possible better prices or until their birds reach a stage where they can command that price or more.

PAID IN BAD CHECK AUTO THEFT, HELD

Frank Ford, young Sudlersville Negro, started out as an extremely successful passer of bogus checks, according to witnesses who testified in the Centreville county police court. He even managed to get as far as Baltimore, but today he is comfortably housed in Centreville jail awaiting the action of the May term of court. His pal, Samuel Price, another Negro, is in the Delaware workhouse charged with stealing an automobile.

Ford is alleged to have passed a check for $10 to Mrs. S. G. Sparks, of Pondtown, and another for the same amount to Ellwood Coleman, of Crumpton. Both checks bore the forged signature, it is alleged, of G. Edward Gillespie, of Sudlersville. No attempt, apparently, was made to imitate Mr. Gillespie's signature, having been written simply as "Ed Gillespie."

Ford together with Price, went to Baltimore in an automobile which the latter is alleged to have stolen in Delaware. Both were apprehended by the Baltimore police. Price went to Wilmington and was sent to the workhouse. Ford was brought to Centreville, and after a preliminary hearing was held for the action of the Mary term of court.

Lose Yourself in Your Job

I have never been quite happy unless lost to myself in what I was thinking, feeling, or doing. Unselfconsciousness seems to be the keynote of happiness. I am certain that to be completely lost in what one is thinking, feeling, or doing is the only way to scotch the kind of malaise which self-consciousness brings. Nature, watchful as an old spider, spies the cases of self-consciousness and throws up a philosophy by way of cure.—John Galsworthy.

A Diplomat

That a certain young man is wise beyond his years was proved when he paused before answering a widow who had asked him to guess her age.

"You must have great ideas," she said.

"I have several ideas," said the young man, with a smile. "The only trouble is that I hesitate whether to make you ten years younger on account of your looks, or ten years older on account of your brains."

CHILDREN LOVE OUR CREAM

It is well known that kiddies are fond of ice cream and they are particularly fond of GILL BROS. Its delicious flavor and creamy goodness appeal to children's sensitive palates. Besides, our ice cream is absolutely pure and contains only healthful materials, and it will give your children a world of benefit.

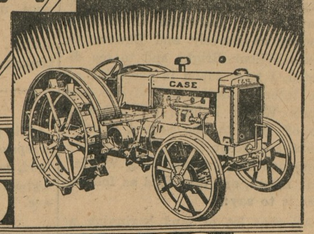
NEW



POWER
SPEED
USEFULNESS

WE have seen many tractors in our experience, but never before anything that comes even close to approaching the new Case Model "C" Tractor.

Here you have every advantage to make tractor farming still more profitable. You have power to pull 2-3 plow bottoms, a small to medium size thresher with all attachments, or other machines of like capacity. You have compactness and light weight. The tractor stands only 48 inches high, weighs but a trifle more than two draft horses. You have three forward speeds, 2⅓, 3⅛ and 4½ miles an hour.

Because of these advantages, there is practically no limit to the versatility of the Model "C". You can use it for more different kinds of work—more days in the year. You can take it into the field when a heavier machine would be useless. You can speed up every farm operation. Not least in importance, you can get into corners and tight places, because the tractor turns short and with far more ease than is customary.

Never before have you been able to get a tractor with this combination of power, light weight, size, speed and ease of handling. By all means, come in and look it over.
