Sunday school at 2.00 P. M.
Preaching at 3.00 P. M., by Rev. W. S. Grant.
7.15 P. M. services in charge of the pastor, T. S. Barrett.

Sudlersville Group of Churches
The monthly social of the Sudlersville Group was held at Marydel, Oct. 17th. Because they thought the crowd was too large for games together in the hall, three divisions were formed. Each division was led in games by Mr. Wenthworth at the parsonage, Miss Virginia Smith at the home of Mrs. T. E. Heather and Tom Heather, Jr., at the miniature golf links. At the close of the evening everyone gathered at the Lodge hall for cookies and lemonade. The golf course which formed one of the main attractions of the evening was constructed by the young people's society of Marydel Church as a part of their program for providing clean recreation for the young folks of their town.
A certain Sunday school superindent said, "There's hardly a teacher or officer in our Sunday schools who knows his job. We took our positions to help out and don't know what we are supposed to be doing. Can't we have a school right at home and find out." The result: On October 29th the first workers conferences for all Sunday school workers in Marydel Larger Parish is to be held. The discussions are to try and help tht workers to apply the principles learned at the Standard Training School to their own situation. The officers will meet with Miss Bragdon; the young people's workers with Mr. Wentworth, the Junior, Intermediate workers with Mrs. Wentworth. These groups plan to meet once a week for three weeks and then once a month thruout the winter. Any teacher or officer in other schools of the Group will be cordially welmomed to these discussions.

Christ M. P. Church
Rev. E. A. Sexsmith, D. D., Minister.
The following services are announced to which you are cordially invited:
10.00 A. M. Sunday school. "Spiritual Weapons in a World War," will be the subject of an interesting discussion. Come and enjoy it with us.
11.00 A. M. morning worship. The pastor will speak on the subject "Forward in Comradship." This is the last of a series of sermons for October which has been known as Rally Month.
6.45 P. M. Christian Endeavor service which will be in change of Miss Laura Nicholson. A very interesting program has been prepared.
7.30 P. M. a special service by the Men's Club, the Triangle Club, and the Aid Society. During the month of October the evening services have been in charge of the various church organizations and have been very interesting. An interesting service has been arranged for Sunday evening.
The mid-week service of prayer and praise will be held on Wednesday evening at 7.30 o'clock. The studies in the New Testament will be continued.

Sunday was Rally Day in Christ M. P. Sunday School, Chestertown. Special music and speaking were features. The offering was for educational purposes and amounted to $128.

It is so easy to be afraid,
So easy never to try,
So easy whenever the matter is weighed,
To think that the worst runs high;
Yet those who are stopped by the fear of hings
Win never the joy that a victory brings.

TOO MANY CONTESTS

Pupils of Loudon county public schools are being called upon to take part in so many "contests" that the resulting problems were given serious consideration at the County education's fall meeting Saturday at the Unison-Bloomfield High School.

It was brought out that the various "essay contests" and other competitions in which pupils are being asked to participate is proving not only a distraction from their regular courses of study, but is making insistent demands on their teachers, as well.

The association, after a discussion of the matter, went on record as advocating that some form of limitation be placed upon the number of prize contests in w. h pupils may be asked to compete.

Another departure from past years was effected when the association voted to discontinue the annual school play on account of economic conditions in the county.

It was also voted to impose a nominal charge on teachers for entertainment at District H. meetings after this year.

GALENA SCHOOL NOTES

The team of which Alvin Coxe is captain won the soccer series by wining two games and tying a third. According to promise Mr. Startt treated the winners to ice cream. On Thursday the losing team was very pleasantly surprised by being invited to have some ice cream at the expense of Miss Ware and Miss Ferguson.

Our school is much in need of additional space for reference books. We have one extra cloak room that could be made into a small library.

On Monday, October 13th, Doctor Beachley and Miss White visited our school and gave the first treatment of toxin anti-toxin to those who had not already been treated.

A lecture by Christian B. Sanderson was given in the elementary school on Thursday evening, October 9th, at 8 o'clock. The topic was "Rambling Around." Music was furnished by a three-man band. The proceeds are to go toward the completion of the payment of the piano.

The first three grades in the elementary school have just bought a colored print of Sir Joshua Reynolds' famous picture, Miss Bowles. They made the money from several plays given last year. It is a very beautiful picture and was well worth working hard for.

For assembly on October 10th, the third grade had a Japanese play. It pictured a typical Japanese school boy's day. It showed him studying in school, playing games, eating, listening to bedtime stories and songs.

Miss Hoyle has taken complete charge of the work of the elementary playground and by so doing has reduced disciplinary problems almost to the vanishing point. She enters into the games with the children and seems to enjoy them as much as the youngest member of the group.

Doubts All Experts
We get tired of authorities who pontificate on their specialties. Our observation of men is that as soon as one of them becomes an authority on anything, he loses his sense of proportion and his tolerance for the viewpoint of others.—Public Ledger.

United States "Colonies"
The area of Alaska, Hawaii, the Philippines, Porto Rico, the Canal Zone, Virgin islands, Guam, American Samoa, Wake and Midway islands is equal to that of seven American states as follows: Washington, Oregon, California, Nevada, Idaho, Utah and Arizona.

Silver Bandages
Bandages, made of silver, instead of cotton, apparently have the power of healing surgical wounds, according to Dr. P. Marisch, of Vienna university, Autria. The silver, applied in the form of a thin leaf, he reports seems to have a marked antiseptic value.

Famous Work of Art
The Portland vase, in the British museum, is an exemplification of the beauty of early glass. It is supposed to be the work of a Greek artist residing in Rome, and some antiquarians date its production several centuries B. C.

The place to see fine talking movies at New Lyceum, Chestertown.

BEAUTIFUL *and* CHARMING! It's an added special quality that makes the beauty of a pretty girl. But she's a natural favorite to begin with. And for the same reason Camels are favorites with the modern crowd. Scientific principles govern their manufacture; but the mildness, the fragrance, the delicate flavor are *natural* qualities of the tobacco.

There's enjoyment in the smoking of a Camel. Camels go with happy faces . . . a lift of spirits with the opening of every fresh, fragrant pack. For Camel's delightful mildness holds all the *natural* goodness of choicest tobaccos. Don't confuse it with the flatness or insipidness of "over-treated" cigarettes.
