TIME EXTENDED

Time during which reduced rates will be allowed on farm products to and from drought-stricken areas has been extended by railroads until November 30.

It is the first extension of time granted by the railroads since the original time limit, October 31, was announced, but those acquainted with the problem of furnishing relief to farmers whose income was depleted by the extensive dry weather last summer believe there will be further extensions, at least in some sections.

Shipments of feed and farm supplies at reduced rates got under way shortly after the middle of August, when the plan was agreed on.

Since that time and until October 16, according to a statement of Dr. Thomas B. Symons, secretary of the Governor's drought relief committee, it was estimated the amount of money saved Maryland farmers in shipping costs was approximately $100,000.

All members of Chestertown Council, No. 177, Jr. O. U. A. M., are requested and urged to attend the meeting next Wednesday evening, October 29th, at 7.30, as there will be several changes in the sick and death benefit laws to be voted on at that time. It is your duty to come and vote yes or no. Come and express your opinion.

Club House Burned; Fire Truck Collides

The $20,000 clubhouse of the Tri-State Yacht Club of Philadelphia and Essington, Pa., situated on Worton Creek, ten miles north of here, was totally destroyed by fire Sunday after a blaze had been discovered under the roof of the main building, near a chimney.

Commodore Charles Walber and a party of members were spending the last day of a week-end at the club and Walter Nicolai, of Philadelphia, led a group of members in a vain attempt to stem the blaze which was fanned by a stiff breeze off the Chesapeake Bay and the creek. The local fire company was called and as the engine was leaving the fire house it collided with a touring car driven by John Carey of Queenstown, Md., a retired Baltimore policeman, and was so badly damaged that it was returned to the engine rooms and the Rock Hall Fire Company was called by telephone. Rock Hall firemen reached the scene too late to save the building.

In the accident at a street intersection here Burgess Schreiber and Kennard Burke, firemen, were thrown to the street and received cuts and bruises. Though Carey was uninjured his car was badly damaged.

It is said the clubhouse was partly insured and some of the furniture was salvaged. The house had been lately remodeled at a cost of about $10,000 and several wings had been added. It is used as the Eastern Shore rendezvous of the Essington sportsmen and yachtsmen and several regattas have been held there during the last two summers.

A week day school of religious education began the second year of its establishment in Christ M. P. Church under the direction of the pastor, the Rev. E. A. Sexsmith, who is also chairman of the Board of Education of the General Conference of the M. P. Church. Thirty-five scholars are enrolled for the courses which comprises studies from the first to the seventh grades in the public schools. Sessions are held following the afternoon session of the public school. Mrs. E. A. Sexsmith, Mrs. George H. Cannan and Mrs. Fred G. Livingood with the pastor, comprise thef aculty.

A meeting of the Kent County W. C. T. U. is called for Saturday, Nov. 1st, at 2 P. M., at the home of Mrs. Lizzie Baxter on High street. Echoes from the State Convention, which held its session in Easton, Md., will be heard.
