Although definite plans as to the nature of the rewards and the time of presentation have not been completed it is probable that a special night will be set aside during the coming carnival of the local fire body at which the young rescuers will be honored.

The winning of the silver cup for best band in the Firemen's parade in Baltimore recently by the Chestertown Volunteer Firemen's Band is certainly a worthy feat. Officials of the Chestertown Volunteer Fire Company and the Kent County Chamber of Commerce, have joined forces in an effort to secure the cooperation of owners of large oil tanks within the city limits in lessening the danger of a serious fire in their plants by surrounding the oil tanks with dirt dykes sufficiently large to hold the quanity of oil contained in the tanks in the event of a fire and thus prtvtnt its sprtad to adjoining property. The state law governing the erection of such dykes around tanks within city limits is explicit, it is held, and yet examination shows that but one company in Chestertown has thus far complied with the law.

"BUCK" CARTER IN ACCIDENT

If Charles B. Carter, Rock Hall, is as lucky in the coming election as he is in accidents his brother will be sorry.

Carter, driving a new small car frim which the price tags had hardly been removed, was gliding merrily along the road from Rock Hall to Tolchester early Saturday night. Just outside of Rock Hall there's a sharp turn.

The turn is still there but Carter's car didn't make it. Straight ahead lay a barn, for which the car seemed to have an affinity instead of curves. The car and the barn met—and intermingled. That is, the car penetrated the wall of the barn, stopping only when it struck the other side. Carter was not hurt, but his car was demolished.

Carter is a brother of George W. Carter, Chestertown, who is also seeking the office of Sheriff.

Albert Seney, representative of an oil company in Kent and Queen Anne's counties, encountered a bit of hard luck Tuesday when he operated his automobile in a reckless manner at the same time that Captain Harry Butler, of Baltimore, commandant of the Maryland highway police and Sergeant L. A. Atkinson happened to be proceeding to the formal opening of the Kent Island-Annapolis Ferry Line, near Centreville, in company with Sergeant L. A. Atkinson.

The State police were preceeding down the Elkton-Chestertown highway at night when they saw the Seney car, without lights, describing unusual gyrations on the road.

Magistrate Olin B. Stafford fined him $100 and costs, $5 extra for driving without lights and another $10 for reckless driving.

Miss Charlotte Elliott, stenographer in the office of State's Attorney Collins, is enjoying a two weeks vacation in Western Maryland.

The 14-year-old son of John T. Vickers in Broad Neck was carried to Maryland University Hospital in Baltiore June 23rd and operated upon for appendicitis. It was just one year ago that Mr. Vickers, Sr., was operated on for same trouble.
