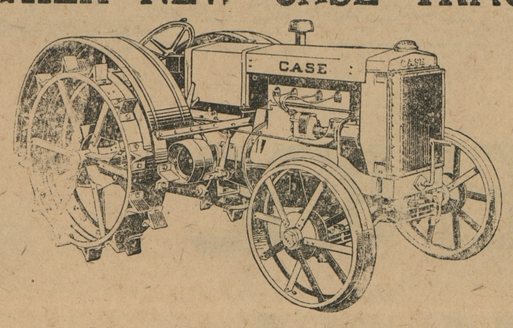
President Titsworth has secured Dean J. Nelson Norwood, of Alfred College, Alfred, N. Y., as the principal speaker. The college orchestra under the direction of Dr. Fred G. Livingood and the Glee Club of which Professor Kilpatrick is the leader, will present a special musical program.

The Public Service Commission has granted permission to the Chestertown Electric Light and Power Company to extend its service lines to that portion of Queen Anne's county in the vicinity of the new Chester river bridge known as Rich Neck. the company proposes to begin the erection of cables and lines as soon as conditions warrant. By the extension of this service over the bridge a large number of farmers in the neighborhood will be able to light their homes with electricity as will also the residents of a new development bordering on the river front.

Captain Herman Blackway was awarded a gold medal for having made the best record based on attendance at fires and the efficiency of the service he rendered, while Carl M. LeCates and R. Clark Davis, who tied for second place, were awarded silver medals. Each member of the fire company was awarded service bars and stars designating their term of service.

R. Clark Davis and Geo. R. Pennington were awarded gold medals suitably engraved for their heroism on June 5, 1929, when at the risk of their lives they went to the bottom of a thirty-five foot well on the property of Frank I. Elliott, in Fairlee, and rescued Frisby Spencer, a 70-year-old Negro.

ANOTHER NEW CASE TRACTOR



HORSEPOWER 17-27

Here is another new Case Tractor, the Model "C" a 2-3 plow size.

NEW POWER FOR SIZE AND WEIGHT

The tractor is low and compact, it is only 48 inches high, weighs but a trifle more than two draft horses, yet it pulls 2-3 plow bottoms, a 22x36 inch thresher with all attachments, or other machines of comparable capacities.

NEW SPEED FOR FARM WORK

Three forward speeds, 2½, 3¼, and 4½ miles an hour, provides the proper speed for highly efficient performance of every kind of field job. This enables you to do more work in a day.

NEW RANGE OF USEFULNESS

The tractor is adapted to a wide range of drawbar, belt or power take-off operations. Because of its compactness and light weight, it can be used for more jobs—more days in the year, it turns in short space and is easy to handle.

NEVER BEFORE HAVE YOU BEEN ABLE TO GET A TRACTOR WITH THIS COMBINATION OF POWER, WEIGHT, SIZE, SPEED AND EASE OF HANDLING. These advantages mean new opportunities in profitable tractor farming.
