CHESTERTOWN WINS

The Chestertown High School balltossers captured a fine game from Perryville High at Chesapeake City Tuesday, 8 to 9. The game was won in last half of ninth inning when the Chestertown boys made six runs off seven hits. It was an elimination game for the State title.

Trailing by a score of 8 to 3 when they went to bat in the last half of the ninth the Kent county boys accepted the offerings of Keesy and won the ball game in a jiffy.

To start the ninth Harris hit out a single and scored when Nicholson hit one for three bases. Rinehard lifted a high fly and Nicholson was held on third. Wallace scored Nicholson on an infield out and the Chestertown rally appeared to be spent. Skirven was sent in to hit for Falls and promptly hit a single. Coleman and Johns followed suit. Massey hit one for two bases, scoring Skirven and Coleman as Johns went to third. Massey stole second and he and Johns went home with the ball game as Johnson knocked out a two-bagger.

The lineup for the home boys was: Johns, rf.; Massey, 1b.; Johnston, 3b; Harris, lf.; Nicholson, cf.; Reinhart, s.s.; Wallis, c.; Falls, 2b.; Briscoe, p.; Coleman, p.; 1Skirven.

NOT TO CLOSE HIGH SCHOOL

Rescinding their action of a few weeks ago the Kent County Board of Education on Tuesday voted to keep open four of the seven schools which were to be closed in the consolidation program adopted on May 19. The schools which will remain open are: Millington High School, Golt School, Locust Grove School and Pomona School. Those which will be closed at the end of the current school year are: Turner's Creek School, Cherry Lane School and Morgnec School, all one-teacher institutions.

The action of the Board of Education came after delegations from the various districts had been heard. Eighteen delegates from the Millington area, accompanied by Senator S. Scott Beck and Harrison W. Vickers, made an appeal to keep the high school in that town in operation. A petition was presented indicating that the sentiment in Millington was opposed to the consolidation plan. A petition was also presented in behalf of keeping open the Pomona School.

Delegations of sixteen from the Locust Grove district, ten from the Golt district and one each from the Cherry Lane and Turner's Creek districts were also received by the Board.

It was following the hearings granted these delegations that the Board of Education rescinded its action of May 19 in the cases of the Millington, Golt, Locust Grove and Pomona schools. This action was contrary to the recommendation of Louis C. Robinson, superintendent of schools, who explained that on the basis of its enrollment only one high school teacher could be assigned to Millington next year and that only the first two years of high school work could be offered there. He also explained that if the Pomona school were not consolidated with the Chestertown Elementary school the latter school would lose one of its teachers next year because of the decrease in enrollment and average number in attendance during the current term.

The Board of Education voted to let its action of May 19 in regards to the consolidation of the Turner's Creek, Cherry Lane and Morgnec one-teacher schools stand and instructed Superintendent Robinson, who is secretary to the board, to advertise for bids on bus routes running from those school districts to Kennedyville, where the three will be consolidated with the school of that town.

The action of the board in both cases was unanimous. The members of the board are: C. Romie Skirven, who is the president, E. L. Redmile and L. Bates Russell, Sr.

The original plan, as adopted by the board on May 19, called for the consolidation of the Millington High School with the Galena High School, the Golt and Locust Grove one-teacher schools with the Galena Elementary, the Pomona one-teacher school with the Chestertown Elementary and the Turner's Creek, Cherry Lane and Morgnec one-teacher schools with Kennedyville Elementary.

WHEAT CUT FOR FEED

A condition exists in Kent county never before known in the memory of our oldest residents. Owing to the scarcity of feed for cattle and the low price of wheat some farmers are mowing their wheat to be used as feed.

Down in Piney Neck Romaine Wickes on the Chas. D. Wood farm has cut about five acres for Mr. Coxson and will cure it just like timothy. The horses and cattle seem to relish it and eager for it.

Near Shrewsbury Church another farmer is cutting wheat for hay while in several other sections this is being done. One farmer cut around the outer edges of his fields and garnered enough feed for a month.

PAUL MISPEL, of Hinsdale, Mass., has bought of J. H. Sides, of Chestertown, his Queen Anne's county farm, consisting of 77 acres, 7-room dwelling and outbuildings, with some acreage in asparagus, orchard of 300 trees in apples and pears. This farm almost borders the upper Chester river, has a boat landing on a tidewater creek, with excellent muskrat marsh. Mr. Mispel plans to bring his family in the next few days and will plow and plant all the crops possible. The sale was made by L. C. Treherne, of the Strout Agency.

WM. H. WHITELEY, JR., has purchased of Melvin Stewart thru H. W. Vickers, Esq., the Milton Melvin farm in Morgnec. Mr. Whiteley is one of Kent's most successful young farmers. His wife is the daughter of Mrs. Edw. Robinson, Chestertown.

NEXT Wednesday and Thursday at the New Lyceum will be shown the D. W. Griffith's "Abraham Lincoln." This is a wonderful picture.

TAKES "FARE" BACK TO BALTIMORE CITY

Dr. H. T. Workman, former local dentist, now practicing in Baltimore, was standing on Baltimore street on Wednesday night when he suddenly took a notion to visit his old home. He hailed a taxicab and ordered the driver to take him to Chestertown.

The driver did so and presented his bill for something over $50 which Workman, sans cash, couldn't pay. He was hailed before Sheriff John T. Vickers and States Attorney Stephen R. Collins who advised the driver to take his ,'fare" back to Baltimore and to try to collect the money afterward. The driver left here Friday Morning with Dr. Workman as "hostage" for the money.

ROTARY MEETING AT TOLCHESTER

With George W. Whitwell, Past President of the Washington, D. C., Rotary Club, as the principal speaker the plans for the sixth annual inter-city Rotary dinner, to be held this year at the Hotel Tolchester, have been completed. The Elkton, Centreville, Denton and Chestertown Clubs are participating in the meeting with Rotarians from the Baltimore and Easton Clubs invited to take part.

W. Robert Huey, president of the Chestertown Club, and Dr. Paul E. Titsworth, recently chosen as District Governor of the 34th District of Rotary International, will also speak.

The present and incoming presidents of the various clubs will be introduced as a part of the program. Music will be furnished by an orchestra under the direction of Dr. Fred G. Livingood.

The dinner will be served at 7 P. M. under the supervision of John J. Federer, manager of the Hotel Tolchester. More than 150 are expected to attend the sixth annual affair.

WILLARD E. DODSON and other farmers near Worton have lost sheep horses and calves recently. This time it is a 4-legged animal—a large police dog. The dog was found by Mr. Dodson in the woods which skirted the neighborhood living in luxury. He had made a bed for himself and played havoc to stock as his appetite prompted. He was seen on several occasions as he attacked the sheep but could not be caught. His method was the same in each instance and his sole purpose being to get the blood. This dog belonged to fishermen and finding prey so easy remained away until brought to his grave by Mr. Dodson.

They were Misses Lucille Rasin, Dorothy Johnson, Kay LeKites, Lindley Cook, Parks Rasin, Nelson Hurley and Harry Smith.

THE plans for the new Chestertown Armory were received by Major Frank B. Hines this week. They were inspected and returned to General Milton A. Rekord who will have complete charge of the awarding of the contract for its erection.

It is thought that the new building will be started at an early date and will take six months for its erection.

REV. DR. WILBUR F. CORKRAN, a former pastor in Chestertown, and a prominent minister of the Wilmington Conference now residing in Seaford and filling Reliance, was injured in an automobile accident Wednesday night when a car driven by him and one driven by Charles W. Hurley, young Seaford business man, ran together on the Stein highway, between Seaford and Reliance. Dr. Corkran received lacerations of the leg. Hurley received lacerations of the face.

WILLIAM CLENDANIEL, mate on a steamship line from Baltimore to Charleston, S. C., met with an accident Tuesday while loading the ship at Charleston. His foot was crushed and it had to be amputated above the knee. He is now in the hospital. His wife left Baltimore on Wednesday to be with him.

AUTOMOBILE ACCIDENT

Mr. and Mrs. Dexter Salisbury, of Fork, Md., were badly cut about the face and head when the automobile in which they were riding, and driven by Mrs. Salisbury, crashed into a tree on Washington avenue, Chestertown, Tuesday.

Swerving to avoid hiting the rear end of an automobile driven by Aubrey Hogans, and going in the same direction, the Salisbury machine collided with a tree. The windshiel was broken and it was from the flying glass that the Salisburys sustained their cuts. The automobile was badly damaged.
