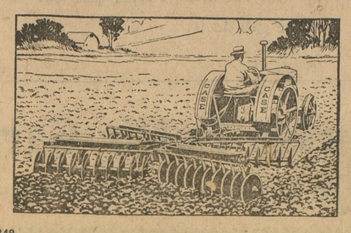
JUST
pull the rope

. . . THE POWER CLUTCH DOES THE REST



EST. 1842 CASE

WHEN you want to angle or straighten the gangs of this Case Tractor Disk Harrow just *pull the rope*. The double power clutch does the rest. Drawing its power directly from the disks, (exclusive Case feature) action is quick, smooth and positive. You don't stop the tractor—back up—or leave the seat. You save TIME, LABOR and FUEL.

The Case is especially designed for tractor use—ruggedly built and light of draft. Strong blades—electrically heat-treated for hardness and wear—penetrate deep. Large, strong bearings are pressure lubricated. Special trailer hitch pulls grain drill or other machine behind. Provides thorough weed destruction at time of seeding.

Add its extra fine work in seedbed preparation and you have a machine that beats them all. Come in and see this profit maker before you buy. See us for your farm equipment needs —you'll like our service.
