DEMOCRATIC TICKET.

FOR PRESIDENT:

WILLIAM JENNINGS BRYAN,
OF NEBRASKA.

FOR VICE-PRESIDENT:

JOHN WORTH KERN,
OF INDIANA.

FOR CONGRESS:

J. HARRY COVINGTON,
OF TALBOT COUNTY.

THE iniquitous Dingley tariff bill has filched from the pockets of the people *five hundred billion dollars* since its adoption by a Republican Congress. An equivalent of every man, woman and child in this country paying a tribute of $60 apiece to the protected interests of this country as sheer profit. Is it any wonder that there is misery and want among the laboring classes and dissatisfaction and rebellion among the middle classes? The longer the Republican party controls the affairs of the government, the worse conditions will become until our republican form of government is changed to that of a plutocracy, whose devotees will oppress the masses with an iron hand. Let's have a change before it is too late.

THE Baltimore Sun's political attitude is not at all conducive to diverting Eastern Shore trade to Baltimore city. Sometime ago the Baltimore Sun raised a big howl about bringing Eastern Shore trade to Baltimore city, and exhausted its resources to find some plan that would catch that trade. Now its political policy, while curtailing its circulation on the Eastern Shore, where Bryan sentiment is exceedingly strong, is damaging to its advertisers' interests, and thus is a hinderance to the diversion of Eastern Shore trade to Baltimore merchants. On the other hand, the Philadelphia Record, honestly and fearlessly supporting the Democratic ticket, is taking the place of the Baltimore Sun in many homes and among business people, and its circulation has increased rapidly within the last week. Philadelphia merchants advertising in the Record are benefitted to the extent of this increased circulation, and Eastern Shore trade is given an additional impetus to Philadelphia, and yet from *a sense of public duty* the Baltimore Sun is supporting Taft in preference to Bryan whom it ardently supported in 1900. It ought to be ashamed of itself for its exceeding great weakness, and furthermore, it should have more regard for the welfare of its constituency. Tired of Roosevelt, but willing to support a man who has declared from the hustings that *he means to continue Roosevelt's policies if elected.* Where is the consistency?

Rock Hall Items.

While bathing on Sunday, Gilbert Thomas Smith, of Baltimore, was drowned at the Gratitude wharf. It appears that death was due from paralysis of the heart caused by the sudden plunge in the chilled water. He dived from the wharf and when he came to the surface he was seen to struggle and called for help, and while a score or more of persons were near him they were unable to render any assistance. Grover Copper ran to the shore, procured a boat and hastened to the rescue, but when he arrived at the place it was too late. With a boathook, Grover grappled for the body and soon had it to the surface and with help succeeded in getting it to the wharf, and while every means was resorted to resuscitate him none were successful. The deceased was 26 years old, and was employed as a stenographer by James Fluegel and O'Mara & Augelmier, attorneys. He lived with his sister at 330 Park avenue, Baltimore, and was visiting William Mitchell at the above wharf. Judge Wilkins declined to hold an inquest as there were so many present who witnessed the drowning and gave a certificate of accidental drowning. Undertaker Casey took charge of the remains and prepared it for shipment on Monday, where it was placed in the morgue.

At the hearing in the murder case on Monday, nothing new was developed and the four negroes were committed to jail to await their trial at the October court.

What might have been a serious fire was averted by the timely arrival of the neighbors at the residence of Mr. Edward Simms early on Tuesday morning. The coal oil stove rested upon a box on the porch near the corner of the house, and Mrs. Simms being unaware that the stove had leaked, lighted a match and ignited the burner and threw the lighted match in the cup below the burner, immediately the oil caught and the flames spread until the side of the house and porch were in flames. Water was thrown on by willing hands and the fire was extinguished with but little damage. There was a strong north wind and had the fire gotten beyond control, nothing could have saved the houses occupied by J. A. Greenwood and Hiram Crew.

Profitable dairying, that is, increasing the quantity as well as the quality of the milk, is now positively assured by giving with the feed Fairfield's Milk Producer. Successful dairymen are fast dropping all experimenting, no matter how promising, and are confining themselves to this remarkable cattle tonic. Sold under guarantee by Davis & Satterfield.

Daily reports from various agricultural stations show that the Fairfield method of banishing "cure-alls" and adapting a formula to meet conditions peculiar to each animal, is the surest way to get results. Fairfield's Milk Producer is making money for every cow owner. Sold under guarantee by Davis & Satterfield.

That a horse sometimes becomes "run down," much after the fashion of a human being, is now recognized as a fact by the best Veterinaries. It is also agreed that the surest remedy is one that makes blood, thereby vitalizing the nervous system. Such treatment is best secured in Fairfield's Blood Tonic for horses. Sold under guarantee by Davis & Satterfield.

The working capacity of any horse can be practically doubled by giving regularly with its feed Fairfield's Blood Tonic for Horses. Nothing is better for the general health of the horse. Sold under guarantee by Davis & Satterfield.

In its success in preventing cholera and disease, Fairfield's Hog Tonic has accomplished more than any other single agent in saving the farmer from this former great source of loss. Hogs fatten more quickly under this treatment and with this possibility of loss removed hog raising is now very profitable. Sold under guarantee by Davis & Satterfield.

It has been commonly considered that a fowl which has suffered from Roup never fully recovers but this theory is now upset by the guarantee that goes with Fairfield,s Roup Remedy. Poultry owners agree that results are permanent under this treatment and that afflicted birds recover completely. There is no record of a refund having been asked for under the guarantee. Sold under guarantee by Davis & Satterfield.

To make two dozen eggs grow where one dozen was produced before seems to be no difficult thing for Fairfield's Poultry Tonic. An iron clad guarantee protects every purchaser. Sold under guarantee by Davis & Satterfield.
