IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Kidneys. A Chestertown Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Chestertown people testify to permanent cures.

James B. Hendrix, living on Cross street, Chestertown, Md., says: "Doan's Kidney Pills cured me of a severe case of kidney complaint and it gives me pleasure to recommend them to others. I contracted a severe cold which settled on my kidneys and left them greatly disordered. Very soon my back began to ache and bother me constantly, and the pain was so acute at times that I was forced to stop work and go home. I was strongly urged to try Doan's Kidney Pills and at last decided to do so, procuring a box at M. A. Toulson's drug store. They helped from the first, I continned taking them, my back improved, the pains finally left and the kidneys were restored to their normal condition. I can conscientiously recommend Doan's Kidney Pills others."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's —and take no other.

Rev. J. T. Richardson preached a very impressive sermon on Sunday from the text: "He that dwelleth in the secret places of the most high shall abide under the shadow of the Almighty," taking for his theme "secret places." He spoke of the altars of the old prophets, the Holy of the Holies of the tabernacles, the secret places of the Wesleys, the family altars of our forefathers and the place where the children of to-day sought and found pardon for their sins. These places are made sacred by the associations connected with them. He spoke of the old church where he was converted and when it was built; said the new did not possess these charms which was felt in the old building. Every christian, he said, had some place where he could go and commune with God, and that place seemed nearer to God than any other. He said, that the church was the place where all should meet and that God will meet his people there as he did at the altars, at the Holy of Holies, at the secret places, and at the family altars. The congregation was large and judging from the remarks as the audience separated, it was sincerely appreciated. In his announcements he stated that there would be cottage meetings held in Green Lane on Tuesday, Thursday and Friday evenings, that these meetings were to prepare for the revival which would begin the Sunday after the election. As the congregation passed in the door, Mr. Wm. T. Downey presented each with a copy of the financial condition of the church, this showed a large deficit, which should not exist.

The revival still continues at Wesley Chapel, and while no conversions are reported, there is a general awakening of the members which always preceeds the ingathering of outsiders. Rev. J. T. Richardson preached on Tuesday evening.

Mr. and Mrs. Thomas Trew were the guests of T. B. Durding and wife on Sunday. They took in the town and visited the farm which Mr. Durding recently purchased.

The motto of our mayor is, "Let your light shine," and this he is doing by having erected near his premises a beautiful lamp which illuminates the entire southern end of our town. Who will follow suit?

The J. O. U. A. M. are preparing a program for their thirteenth annual anniversary. R. A. Smyth came from Fairlee on Monday and was admitted into the mysteries of that order. Dixie rode the goat so well that not a hair on his head was misplaced by the jolting.

Mr. Benjamin Coburn had his little boy christened in the Sunday School on Sunday. This is an annual occurrence as he is strenuously opposed to race extinction.

Downey & Hicks are busy oyster packing and are still employing quite a number of laborers, and especially those who, were it not for him, would be on the idle list.

Misses Mary and Belle Groves enjoyed the hospitality of Annie Mae Ayres, on Sunday.

Mr. and Mrs. David Moore spent Sunday with Mr. and Mrs. J. A. Casey. Mrs. James McKey, of Gratitude, is visiting Mrs. Scarborough, of Baltimore.

Mr. William Clayton and daughter, Olivea, are the guests of friends in Chester, Pa.

Miss Birdie Sewell has returned home from Baltimore, and will spend the winter with her father.

Mrs. Alice Johnson and children, of Baltimore, are visiting her mother, Mrs John Downey.

Miss Eva and Edna Apsley, of Baltimore, after a short visit to their uncle, J. E. Apsley, have returned home.

Earl is doing well and Allen Stevens is beginning to improve after several weeks with typhoid.

There is music in the air, made so, by pianos, organs and mouth harps. The air is resonant, and the little girls may be seen skipping the barn dance along our streets and in the yards. Charles Thomas has purchased a piano and many others are negotiating for one. Rock Hall can produce more and better singers and performers than any town twice its size. Miss Nannie Taylor is kept busy giving instrumental lessons every day.

Mr. Benjamin Coburn has purchased Mr. Kilburn's interest in Shellburn Park, and will remove the pavilion up on his lot oppposite the Gratitude road, and will conduct a moving picture show every evening.

Potash

Makes Two Bundles of Wheat Grow Where but One Bundle Grew Before

Getting a full crop from a fertilizer with too little Potash, is like getting well by the doctor's prescription with its most important drug left out.

Most commercial fertilizers need *more* Potash to get all the crop profit you are entitled to.

Use a brand with at least 6 per cent. of Potash, but if your dealer does not keep it, then mix 15 pounds of Muriate of Potash with each 100 pounds of your fertilizer. That will *raise wheat!* Set clover, too!

The proof will come *next* year in bigger crop, more profit. *Potash is profit.* Buy the Potash first.

Send for pamphlets containing *facts* about soil, crops, manures and fertilizers. Mailed *free.*
