MILLINERY.

MILLINERY!

Our present display is worthy of the most fastidious, whom we can and will please in beauty, quality and style. Difficulty of judging actual value makes it easy for those who depend on high prices to put on large profits and while money is often willingly paid for a beautiful hat, or bonnet it is no excuse for asking exhorbitant prices. The ever-increasing popularity of this department, proves appreciation of our policy of selling millinery on the same moderate basis of profit as other goods. Call and be convinced.

The Shakespearean Recital.

Arrangements have been completed for the appearance of Mrs. Hannibal A. Williams, of New York, the well-known interpreter of the plays of Shakespeare, in Chestertown on the evening of Thursday, April 15, in the Parish House of the Protestant Episcopal Church. The sweet pastoral comedy, "As You Like It," has been selected for interpretation This will be given entirely from memory, and the varied and various characters will be differentiated by appropriate changes of voice and facial expression. This will be Mrs. Williams' first appearance in Chestertown and judging from the cordiality with which the proposed recital has been received, a large audience will be in attendance.

After the fourth recital in Annapolis, President Thomas Fell, of Saint John's College, wrote under date of the 12th of January last: "An opportunity to renew our acquaintance with Mrs. Hannibal Williams, last evening, gave us a great deal of pleasure. We had several times before enjoyed hearing her recitals, but this one, Shakespeare's tragedy, Romeo and Juliet, gave evidence of the great advance she had made since her last visit here, both in artistic finish and in comprehensive grasp of her subject. She held the audience spell-bound, and I think every one will gain a fuller appreciation of the beauty and charm of the lay from her rendering of it."

A Fine Entertainment.

The Ladies Town Improvement Association are making preparations for a very elaborate entertainment and supper to be given in Stam's Hall, on Tuesday, Wednesday and Thursday evenings, May 4,5 and 6. "Bibi," a dramatic performance of rare beauty given by local talent under instruction from leaders from Harrisburg, Pa. and spectacular drills in which more than 100 children will take part, will be given two evenings. The last evening will be devoted to an elaborate supper, with ices, etc., on sale. This entertainment was recently given in Salisbury to a packed house, Mrs. John M. Toulson, formerly of this town, being one of the leading characters. Full particulars with a list of committees will be published next week, and it is only necessary to say now that if you care to witness a charming entertainment for a worthy cause, you had better save your money for May time.

When a horse's digestion is perfect, all the food given him is converted into muscle, flesh and energy. Winter feeds impair the digestion and make the blood impure, but Fairfield's Blood Tonic for Horses Only perfects the digestion, purifies the blood and exterminates worms.

OBJECTS AND PRINCIPLES

OF THE

Jr. O. U. A. M.

FIRST—To maintain and promote the interests of Americans and shield them from the depressing effects of unrestricted immigration; to assist them in obtaining employment and to encourage them in business.

SECOND—To provide for the creation of a fund or funds for the payment of benefits in case of sickness, disability or death of its members, to members, their legal dependents or representatives, and to issue certificates of membership for the same.

THIRD—To uphold the American Public School System, to prevent interference therewith, and to encourage the reading of the Holy Bible in the schools thereof.

FOURTH—To promote and maintain a National Orphans' Home.

We recognize the landing upon our shores of the ignorant, the vicious and the lawless of the Old World as a constant menace to our institutions, and believe that it should be viewed with alarm by the loyal and patriotic citizens of the country.

We would place a flag upon and a Bible within every Public School-house of our land, that all might learn these to be a beacon light in every storm which may threaten our destruction.
