DR. W. W. Beall, of Rock Hall, was in Chestertown on Tuesday and announced his candidacy for the House of Delegates, in opposition to the organization controlled by Usilton and Smith.

THE Supervisors of Election notice of appointment of Chief Judges for the Democratic and Republican primaries is published in this issue. They must qualify on Tuesday next.

THE sale of the Aldridge real estate in Chestertown on Tuesday was a great boost to the value of real estate in this county. If people of capital could be induced to visit Kent, especially at this season of the year, they would be impressed in the same manner as Mr. Jos. George has been. There is no better investment in the world for safety and remuneration than the purchase of a Kent county farm.

THE OPPOSITION to running the candidates for County Commissioner through the county is widespread. The voters of both factions are greatly opposed to such methods and many declare that it is nothing short of a political trick, which they will repudiate at the polls The organization forces are certainly driven to desperate straits, when they seek to deprive the good people of the Fifth and Third Districts of a right which has been theirs for nearly fifty years. The State Central Committee has no just argument for taking these privileges away from these people, and it is only done for political advantage. But we don't believe they can beat Charles D. Wood, of the Fifth District, and T. Benjamin Crew, of the Third District, with all their unfair methods. The tax-payers will look to their interests this time.

THE CALL for the Democratic primaries to be held Saturday, June 12th, is made in this issue. The candidates for County Commissioners are made to run through the county. For the first time in 50 years the people of the districts are deprived of the right to say who shall represent them on the Board of Commissioners It is absolutely unfair to compel Messrs. Charles D. Wood and T. Benj. Crew to run through the county, when no other candidates have ever been known to run out of their districts for a similar office. The organization knew they could not possibly beat these men in their districts. They know the sentiment in the Fifth and Third is overwhelming for Wood and Crew, and just for the sake of political advantage they are going to deprive the people of these districts of their rights, and run the candidates through the county. The people are aroused to this trick. They see the object behind the whole thing and the people of the county will nominate Wood and Crew because their district people want them to represent them on the Board of Commissioners and because they don't believe in such unfair treatment to men who are so well qualified to fill the office which they seek.
