## Work That Tells.

**The Kind Chestertown Readers Appreciate.**

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in this locality. People who testified years ago to relief from backache, kidney and urinary disorders, now declare that relief was permanent and the cure perfect. Can any Chestertown sufferer longer doubt the evidence?

William G. Whitney, of Havre De Grace, Md., says: "Over a year ago I told in a public statement how Doan's Kidney Pills had benefited me. Today I willingly confirm all I then said, as my kidney trouble has never returned. I was badly afflicted with this complaint, the doctor saying that I had a touch of diabetes. The kidney secretions were unnatural, too frequent in passage and my back ached so severely that it was hard for me to get about. I lost weight, had a poor appetite and became generally run down in health. Hearing that Doan's Kidney Pills were very effective in such cases, I procured a box and had used them only a few days when I felt better. I was soon cured and was thus convinced of the merit of Doan's Kidney Pills, as every remedy I had previously tried had failed to help me."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## IMPROVEMENTS IN TOWN.

**Many New Homes Erected During the Year—Others Purchase Homes and Several Buy Desirable Building Lots—New Bank and Fine Municipal Building.**

The first six months of the year 1909 have marked an era of much improvement to the real estate of Chestertown, and before the close of the year many improvements will have been made which will mean much for the progressive spirit of our citizens and the development of the town. Little significance is attached to a "Newsy Brief" in the TRANSCRIPT, possibly, when it relates that Mr. So and So has given the contract for the erection of a new home. But when the sum total of these items is set before the reader, he will then see the importance of these little "Newsy Briefs" to the development of his town, and can observe the progress his town is making along various lines. These little items mark the value of a newspaper to a town, and stamp it as the free carrier of all that pertains to the welfare of the community in which it lives. Chestertown is not slow by any means. There are fewer towns where the love of the beautiful is more clearly shown in the environments of its inhabitants than right here in the city on the Chester, and there are fewer spots on God's green earth where the aesthetic taste of the people is so manifest in their homes than in Chestertown. It is one of the prettiest towns in the State, and our people vie with each other in keeping their homes and their surroundings as attractive as possible, and they use every effort to keep our Town Fathers on the move in keeping the streets and public places attractive. The homes that have been erected and those that are in course of erection are thoroughly in harmony with the spirit of progress and good taste, and each home is an ornament to the neighborhood in which it is located. The style of architecture used in most of the homes erected this year has been simple but very attractive, and what was once a barren grass lot, or a dilapidated spot has been transformed by the carpenter's skill into a beautiful home, which has added something more to the beauty and wealth of the town. The following homes with their builders have been erected during the year and are now in course of erection.

Mr. Wm. B. Usilton, Jr., brick residence on Front street on the water, built by Contractor Walter T. Pippin. Mr. Usilton has been moving into his new home during the week.

Mr. Robert J. McWhorter, beautiful frame residence on Washington avenue, on the lot where stood the house in which Gen. Washington slept for the night during a visit to Chestertown. Contractor, Wm. F. Malin.

Walter W. Needles has erected a comfortable and pretty home on High street, on a lot he purchased from Mr. J. Waters Russell. It is occupied by his brother, Mr. Leonard Needles. Mr. Needles will erect a home for himself adjoining the property. Mr. William S. Carroll was the contractor and builder.

Mr L. H. P. Vansant has erected and is now occupying a cozy house on Mt. Vernon Place, which is quite an attractive addition to that part of the town.

Mr. Owen C Crow has erected a comfortable and attractive double dwelling on the old Gruber lot on High street, which makes an improvement to that part of the town Mr. Samuel Sparks will occupy one side and Mr. J. Frank Wheatley will occupy the other.

Mr. Fred G. Usilton is erecting an attractive and conveniently arranged brick residence on his pretty lot on Washington avenue. It will be ready for occupancy after Christmas This is the only brick residence on the avenue, and its presence will add spice and novelty to the town's garden spot.

Messrs. Cannan Bros are erecting a pretty home for Mr Wm. H. Lambert on his recently purchased lot on Mt Vernon Place, which will be a great improvement to that section of the town

These seven new houses will add more than $20,000 to the value of town property, and will help to that extent to keep down the tax rate

Another great improvement to the town, and one which is worthy of the highest commendation because of the self-sacrifice and energy put forth to accomplish its erection is the handsome new municipal building on Cross street which has been erected by the Volunteer Fire Company at a cost of about $4,000. This is one of the most conspicuous improvements the town has had in years, but we must refrain for special reasons from saying any more at present about this building. We shall let the people know all about it later.

The greatest improvement for many years to the business section of the town will be the new Kent County Savings Bank. A full description of this building was given in the TRANSCRIPT two weeks ago When completed the property will be worth $20,000, and the building to be erected by Contractors W. S. & A. M. Culp will be an ornament to the town.

Thus it will be seen that upon a rough estimate $50 000 will have been added to the value of the town property by Jan. 1, 1910, and at the same time the presence of these new buildings has enhanced the value of surrounding property. Thus the town improves and grows in beauty year by year.

Mr. Wilbur W. Hubbard recently purchased the colonial residence occupied by Mrs. Hiram M. Brown on Front street, and also the old Custom House, and we understand he contemplates making extensive improvements.

Mr. Wm. C. Sutton has purchased Mrs. Lydia C. Shaw's residence on Cannon street, and will greatly improve that.

Dr. H. G. Simpers has moved into the property on Queen street which he purchased last year, and the extensive improvements which he has made, made it one of the most convenient and tastefully arranged homes in the town.

Messrs. George French, Merrick Clements, Harry Nicholson and Harry Cannan have purchased desirable building lots and will erect new homes in the near future.

Another great improvement to the town is the grading of the hillside and the filling in of the marsh near the home of Hope H. Barroll, Esq. Mrs. Barroll made this improvement more or less as an experiment, but it has proven so successful and has added so much to the beauty and attractiveness of that part of the town that Mr. and Mrs. Barroll deserve the thanks of the community for their energy and good taste. Mrs. Barroll, with the co-operation of the Ladies' Improvement Association, contemplates a similar improvement to the valley below the pump house, and if she can succeed in this improvement as well as she did in her own, it will be a fitting climax to the determination of our people to have a city beautiful and be a grand finale to a year of progress and push on the part of our citizens.

## Correct Time

## The reasonable care of your watch

Will result in your watch's good, prolonging its days of usefulness.

What is reasonable care?

An occasional vist to a jeweler who "knows how."

An occasional visit means at least a yearly visit.

To put it off longer is to put it off too long.

If you are not wedded for all time to some one expert, WE would like to put some of our good work on that watch of yours.

Your watch deserves the best treatment it can get, and it is just that which we offer.

Bring us all your Watch, Clock, Jewelry, and Spectacle repairs, they will be done promptly and at a reasonable price.

J. H. SIDES, Jeweler,

Chestertown, Md.

# LOOK OUT

for "Monotonous" Clothes this Fall and Winter!

WE cater to young men and those older men who prefer to dress in garments which by their originality, perfect fit and artistic draping bear no resemblance to ready-for-wearing clothing.

The general public should be pleased at the variety and unusual artistic merit of men's fashions for Fall and Winter, for it is a pleasure to select one's wardrobe from a large number of differently fashioned garments, all admirably combining beauty and utility, and the larger number of types and expressions there are, and the greater their artistic merit, the brighter the outlook is for a large volume of desirable business in the world of tailoring.

We allow a Chicago firm to produce our clothes simply because they have equipments and buying factilies which make it possible for them to produce for less than we could if we built all our clothes ourselves. But we take our own measurements and plan the style ourselves. We tell how your coat, vest and trousers shall be cut, we dictate the manner in which the making is to be done. We also help you choose the cloth which you select.

Yours for fine Clothing,
