BOSOM FRIENDS!

A man's closest friend is his shirt. Just now we are making a grand display of the best 50c Shirt you ever saw—a shirt that is cut full and has all the gracefullness of the dollar grades. We have higher priced ones, of course, too. Better come in and let us show you what real values we are offering in shirts.

If you get that new spring suit here you may feel reasonably sure that it will be right—in both price and style.

ENGINEER FOR KENT COUNTY.

It is reported upon unquestioned authority that Mr. Isaac Gibbs' son will be appointed road engineer for Kent county by the Governor. The members of the State Central Committee, as well as Messrs. William W. Beck and James T. Dixon, have indorsed Mr. Gibbs for the position, and the Governor is expected to make the appointment in a day or two, if he did not do so yesterday. Judge Sam was in the closet when the news came.

Bank Charter Expires.

On Thursday morning, May 5th, the charter of the Second National Bank expires, and the institution will take its place in history as one of the most successful financial institutions in the State. Twenty years ago this bank began business in a most modest manner. By careful attention to business and wise investments of its money by its officials the bank has grown to mammoth proportions in twenty years, and when it liquidates its affairs next Thursday it will be in a position to pay its stockholders the handsome sum of $200 for every $100 of capital stock, besides paying its stockholders six per cent. annual dividend clear of taxes during all that time. This is decidedly the best showing any liquidated financial institution has ever made in the county, and further than that, it has a fine banking building and fixtures. Its successor, The Third National Bank, will begin business the day the Second National Bank's charter expires under the most flattering prospects. It will take over the entire business of the Second National, and besides will begin business with the handsome surplus of $25,000 on a capitalization of $50,000. The stock of the new institution has been rapidly disposed of at $150 per share, par value $100, and the new institution will begin business with total resources of more than $700,000. The affairs of the Second National will be settled as soon as possible after Thursday, and as the institution has no bad debts it will be in a position to forward immediately to its stockholders checks for the full amount due them at the splendid ratio of 2 for 1. We bespeak for the new bank a most prosperous career, and we are sure, that, under the careful and conservative management of those who have managed the affairs of the Second National for the past twenty years, together with the efficiency and courtesy of its corps of officers, the success of the Third National is already assured. Remember, it will still be the only *National bank* in Kent county.
