Chestertown High was defeated Monday by the Washington College Reserves. Score 8 to 5. Gibbs, who was pitching for the Smythites, pitched good ball when he could locate the plate, this being his greatest difficulty, for he gave about eight free tickets to the initial sack, five being in a single inning. There was no heavy hitting on either side. Batteries—High School, Gibbs and Robinson; W. C. Reserves, Baden and Harris.

Chestertown High School defeated Millington in an exciting game on Ford's diamond on Wednesday afternoon, score 12 to 7. Beaumont, the local pitcher, held the up-county boys safe all through the game. Waller, who started for Millington, was ineffective, and Beck was substituted too late to win for Millington. Beck is one of the best pitchers in the league, and had he started the game the score may have been closer.

W. C. 10. P. I. 2.

Washington College defeated the Polytechnic Institute team, of Baltimore, on Saturday afternoon by the score of 10 to 2. The feature of the game was the fine pitching of Jarman, who struck out eleven of the opposing batsmen, and the heavy hitting of Kelley and Long. Jarman is undoubtedly one of the headiest and best pitchers Washington College ever had, and if the team behind him give him the support such pitching deserves, the college team should win the greater number of its remaining scheduled games. This was the first time so far as we know, when a game of ball has been witnessed by the Governor of the State and such distinguished visitors from Baltimore and else where as were present on Saturday, and there were more lusty yells, and a feeling of deeper pride in Washington's victory because it was won in the presence of the Governor.

The proposition which the college has on its hands to-day is far more difficult, for its opponents will be the Deaf Mutes from Gallaudet College, Washington. This is one of the strongest and "quietest" teams in this section. They can't talk and therefore attend strictly to the business of playing ball. We have no idea that Washington will lose the game, but it will not be so onesided as was the game last Saturday. Game called promptly at 2 o'clock. Meet me in the grandstand.

Kennedyville Items.

Next Monday evening, the 22nd. inst., there will be a friendly debate, on some interesting subject, in Weer's Hall, under the auspices of the Kennedyville Grange. Each member of said Grange has the privilege of inviting any friend or friends, as the debate will be with open doors to those invited.

The new extension porches on each side of Mr. and Mrs. Jos. H. Weer's home, [Kennedyville, built by Mr. Leonard Pennington, have been completed and the work makes a wonderful improvement to the building.

The splendid rain of last Friday evening has wonderfully helped the crops of this community and made the farmers glad.

The Choir platform of the Methodist Protestant Church is to be enlarged, in a few days, the work to be done by Mr. L. A. Pennington, preparatory to the new carpet soon to be laid on the church floor. The special committee of ladies of the Aid Society, is dealing with the John Wanamaker Firm of Philadelphia. It is expected that the re-opening of the church will take place on the first Sunday in June. Rev. F. T. Tagg, D. D., Editor of the Methoidst Protestant, is to be with the pastor to do the preaching on re-opening day, both morning and evening.

Special service in said church next Sunday morning in the interest of music, instrumental and vocal, for Church Worship. Rehearsals Tuesday and Thursday evenings of this week. Miss Lulu VanDyke organist, with Mr. Edgar R. Pennington cornetist. All most cordially invited.

Rev. and Mrs. F. H. Mullineaux made a trip to Baltimore last week by the splendid Steamer, Susquehanna, from Betterton, going Thursday and returning Friday.

The Ladies Aid Society of the M. P. Church will meet in the home of Dr. and Mrs. J. W. Urie on Friday evening of this week. A full attendance is earnestly called. At that time the date will be named for the Strawberry and Cream Festival in the interest of church work.
