Cheap Paint.

The cheapest paint is the one that goes farthest and wears best; there is most in a gallon of it.

What is a quart of milk worth? Depends on the milk.

So of paint; depends on the paint.

Devoe is worth the top price, whatever it is. Poor paint is worth nothing at all; you've got to pay your painter $3 or $4 a gallon for putting it on; and it isn't worth it.

Devoe goes twice as far and wears twice or three times or four times as long.

The cheap paint is Devoe at the top of the market.

DEVOE.

Chas. P. Jones, Millington, sells it.
