THE HUNTING SEASON

Game Warden LeCompte Gives Us Some Information For The Benefit of Our Readers

The first open season is on doves, which under the State Law opens on August 15, and closes December 24. However, the Federal Law supercedes our State Law, and opens the season September 1 and closes it December 15.

The open season on yellow leg black breasted and golden plover, August 15 to November 30.

Rail birds September 1 to November 30.

During the season of 1918 the Federal Government closed the season on reed birds. However, on January 17, 1919, there was an order issued by the United States Dept. of Agriculture, opening the season on reed birds in this state from September 1 to Oct. 30.

The open season on squirrels, Aug. 25 to Oct. 1, closing until Nov. 10 and opening until Dec. 24. However, the following counties are exempt from this law: Anne Arundel, Talbot, Charles, Prince George, and Calvert, the open season for squirrels is November 10 to December 24. St. Mary's County has no closed season.

Partridges, pheasant, woodcock, rabbit and wild turkey, Nov. 10 to Dec. 24. However, there is a closed season on ring-neck pheasants in Baltimore, Wicomico, Harford and Dorchester counties, and a closed season on quail in Frederick County until 1921.

Wild fowl, including ducks, geese, brant, jacksnipe and crow bills, Nov. 1 to Jan. 31.

It is illegal to export any game (wild water fowl excepted) out of Maryland.

Shooting from a power boat prohibited under the Federal and State Laws. Shooting at night, and on Sunday, also prohibited.

The State Wide Hunter's License Law, from which funds a District Deputy Game Warden force has been maintained, has been very beneficial in increasing our game in this state, and we appreciate the co-operation the District Deputy Wardens have received through the fee Deputy Wardens and the public in general. The law requires all persons who hunt on property other than their own or rented by them, to procure a license to hunt, shoot or kill game which is protected by the laws of this state. This license, however, does not permit persons to hunt game during closed season. The licenses are issued June 1 of each year and expire on May 31 of each year. The color of said licenses is changed yearly and persons found hunting game with a license issued prior to June 1, 1919, will be prosecuted to the fullest extent of the law.

There is no open season at present on any game in this state, and persons who hunt prior to August 16 should be prosecuted for hunting during closed season. We request all persons in this state who have the interest of game and fish laws at heart to report any violations they know of to this department, or to one of the District Game Wardens, at which time prosecution will be instituted and an investigation will be made.

Heaviest Rain In Years.—The downpour of rain that fell almost without ceasing in Kent county for nearly two weeks has done considerable damage to this section. What was left of the wheat crop is almost ruined, deep washouts have occurred in roads, buildings have been beaten into and much general inconvenience caused. Radcliffe Mill Pond threatened to overflow its banks, while the water went in on the first floor of the building and only by strenuous efforts on the part of the proprietor and the employees was considerable damage averted. The weather man says that a storm area had become wedged in between the Appalachian Mountains and the Atlantic Coast and was unable to move.
