Held for the Grand Jury.

Mr. John Marsh, proprietor of the Marsh House, of this city, his son, Wm. Marsh, and Wm. H. Green were before Justice G. W. Crapster on Monday last, the first named charged with assaulting and resisting Bailiff R. Charles Matthews in the discharge of his duty; his son, with assaulting Deputy Sheriff Wm. F. Tyler with intent to murder, and Green with assaulting officer Matthews. They waived an examination and gave bail in the sum of $500 each for their appearance at court. The officers state that William Marsh insulted a lady at the dance at the City Hotel on Saturday night and was rebuked by Mr. Tyler and finally ejected from the hotel. Subsequently, about midnight, officers Tyler and Matthews started homeward and as they approached the residence of Dr. Wm. N. Martin saw young Marsh sitting on the steps, but did not recognize him. Officer Tyler made some remark about the person whom he supposed it to be when Marsh rushed at him, exclaiming: "— — — Tyler, I am going to kill you," following up the threat with several blows and knocking Tyler into the street. Officer Matthews then attempted to arrest Marsh, but was set upon by the young man and Green, who was skulking around, and roughly handled. In the meantime officer Tyler recovered and finally overpowered Marsh and the two officers then started with him to the office of Justice Crapster. He, however, called to Green to go for his father. At the Justice's office Marsh was left in the custody of officer Matthews while officer Tyler went for Mr. Crapster. While this was going on Mr. John Marsh arrived, and father and son again attacked Matthews, who was badly beaten. Young Marsh was struck and knocked down as he was about to strike the prostrate officer with a heavy cane, by a young gentleman who came to the assistance of the imperiled official. Officer Matthews fired his pistol while lying on the ground. This is substantially the account of the affair given by the officers. The accused give a very different version and assert that they were not the first to begin the difficulty.

Close of the Flower Mission.

These ladies themselves are deserving of commendation for the interest and energy manifested in the work of the mission. They have the satisfaction of knowing that their work is highly appreciated and has served to brighten many a sad and suffering life. Every week large quantities of beautiful flowers, and sometimes luscious fruits, have been forwarded to the city, where they have been distributed in the charitable institutions, for the pleasure of the poor and unfortunate.

Masonic.

The masonic vacation is over, and the craftsmen are ready to resume labor. Lodges, Chapters, Councils and Commanderies have all been in a state of suspended animation during the summer months, but with the falling of the leaves comes the sound of the gavel and the "work goes bravely on." In Westminster the Royal Arch Masons are the first to take up the tools laid down by weary hands in June, and, in obedience to the order of the M. E. H. P., Carroll Chapter, No. 31, will hold its first autumn convocation, for this year, on next Tuesday, October 1st, at 7.30, P. M. That there will be a full attendance and renewed interest in the work, there can be no doubt, for the chapter, though the youngest in the jurisdiction, is strong, zealous, and prosperous, and its members feel a just pride in the good which it has already accomplished during the two years of its existence.

We are very thankful for the poem which was published in last week's SENTINEL, and which was furnished by O. T. B. We are always glad to hear from O. T. B., especially when his communications are of a temperance nature.

Another fire occurred near Round Top last Saturday evening. The fire was plainly seen from this place. It was the barn of Mr. Bushman. We have not learned how the fire was started. This makes the fourth fire that occurred in that immediate vicinity and the orgin of none of them has yet been discovered. Their frequency leads to suspicion of incendiarism.

The prevalence of wet weather is interfering seriously with the farmers of this vicinity in their fall work. Seeding is delayed to a later date than is desirable and there is still a large amount of corn to be cut.

At the meeting of New Windsor Division, Sons of Temperance, on Wednesday night, the following were elected officers for the ensuing term: W. P., D. N. Burgoon; W. A., J. A. Price; R. S., C. Nusbaum; A. R. S., J. Slingluff; F. S., A. Fishpaw; T., David Nusbaum; Chaplain, W. A. Harman; C., J. Smith; A. C., H. Fowler; I. S., Jno. McCarty; O. S., Wm. Harman.

Among our merchants Mr. George C. Anders already has a handsome display of fall goods and will go to Baltimore and Philadelphia next week for the purpose of laying in a large additional stock for fall and winter. He is booming the trade and buyers may look out for great bargains at his attractive establishment.

Mr. G. A. Barnes, at the depot, is also provided with a fine stock in his line, having just replenished his establishment with a large assortment of clothing, boots, shoes, &c., which he offers at very low prices.

Elizabethtown Items.

During the past week, farmers have been busy at seeding, whenever the weather would permit.

The school at Morelock's, which has been taught by D. B. Garber for the past three years, opened the fourth year under his supervision, on the 16th inst., with good attendance.

Messrs. Roop & Zile are greatly enlarging their green-house. Marius Hansen, formerly of Denmark, Europe, a florist of fourteen years experience, is now conducting the business for them.

Miss Annie Burns, of Mansfield, Ill., spent a few days with D. J. Roop and family recently.

Ezra Sullivan has returned home after a stay of nearly four weeks in Baltimore.

A number of our people attended the services of the River Brethren, held in Uniontown, last Sunday night.

C. E. Roop, son of D. J. Roop, Esq., has gone to the University of Maryland, Baltimore, to study medicine.

Letter From Ohio.

VERSAILLES, OHIO, Sept. 21st, 1889.

Editor American Sentinel:

DEAR SIR:—As I have some leisure time I will pen you a few lines.

Our company began operations in Germantown, Ohio, 27th of last April. We canvassed with five teams in the counties of Montgomery, Preble, Warren, Butler, and Hamilton. It fell to my lot to canvass in the great Miami valley. I have driven from Tadmoor, a small railroad station in the northeast corner of Montgomery county, through a portion of Warren, Butler and Hamilton counties, to within six miles of the corporate limits of Cincinnati. I do not see how any more corn can grow on the ground than grows on some of the fine bottoms of the Miami valley, a number of the fields containing nearly 100 acres. We have had a very pleasant time at Germantown, having sold nearly twenty thousand dollars' worth of Ranges up to the time of our leaving for Versailles, 13th inst. We have added another team to our force, which makes six in all. I have had the pleasure of visiting the National Home, near Dayton, which is said to be one of the most beautiful places in the United States. It was also my pleasure to attend service at the First Lutheran Church at Dayton, several weeks since. I also attended the Sabbath School. The Bible Class contained thirty-nine scholars, the Infant Class eighty-two, and the Primary Department nearly three hundred. The instrumental music for church service was piano and cornet.

I was in Dayton during the Democratic convention for the nomination of a candidate for Governor. Dayton is a very handsome, flourishing city. I think any one can get employment there at any time, provided he is not too particular as to what he is willing to work at. The discovery of the natural gas has made quite a boom in certain branches of trade. It would seem almost incredible were I to tell you the amount of gas pipes that are being put down in all directions. One very nice feature for driving in Montgomery county is the free pike, as the authorities of Montgomery county have bought the right of way on every pike in the county. All the toll gates within the county limits have been taken down. In driving along one of the pikes leading into Cincinnati I stopped at a fountain to get water for myself and team, and I noticed the following inscription on the fountain:

"Erected by Chas. Richardson, 1867. Stranger and traveler, drink freely, and bestow a kindly thought on him who bid the fountain flow, yet hath no other claim than as the minister of blessing; in God's name drink in peace and go."

On inquiry I learned that Mr. Richardson had the fountain erected a short time before his death, and it has since been kept in repair by the turnpike company for the accommodation of the traveling public.

We are very cosily located at the Snyder House, at Versailles; have a large and commodious storehouse for our Ranges, and good accommodations for our teams. The most unpleasant part of the situation to the most of us is that we are in a locality where there is a large percentage of French and Germans, but two of our nine being able to speak French or German. We expect to remain here several months and perhaps over winter, if business justifies. You may hear from me again if time permits. With best wishes for success of all my home friends, yours,

J. G. S.

Farmers have been very much interrupted in their fall work by the wet weather. Whenever the opportunity offers they take advantage of it to get off their corn and do their fall seeding. Potatoes are a very poor crop in this vicinity, as the rot is destroying most of them.

Mr. Milton Chew is kept very busy making cider at his mill and press near this place.

Politics is not very lively here yet. Perhaps after the Republican ticket is put in the field the usual interest may be awakened. There is nothing yet to enthuse anybody, as it is the same old thing over again.

There is more talk about gold deposits in this neighborhood than anything else just now. Mr. Jesse Bollinger thinks he has found it in paying quantities on the farm of Mr. Milton Chew, near here. He has men digging now and working at the windlass and expects in a few weeks to roll out the gold in fine style for the golden eagles and double eagles. We hope it may be so and bring good times quickly.

Woodbine Items.

Rev. M. E. McLinn, of Union Bridge, preached here on Sunday, 22nd inst., to a large congregation. He will preach here again Sunday evening, October 20th, at 8 o'clock.

The Sunday School festival held here on Saturday last was a success.

Mr. A. Owings has rented his depot and yard to Mr. R. Thomas and will remove to Baltimore, at once. His reason for this action is that he may have an opportunity to give his children the education they cannot obtain here. Mr. C. C. Newport has also sent his daughter to school in Baltimore, and Mr. Martin, of Watersville is about to take up his residence in the city for the purpose of getting school facilities for his children. These incidents should awaken our school authorities to the necessity of providing means for the education of the children in this community. The county cannot afford to lose valuable citizens because of a lack of proper school facilities.

Shipley Items.

We are still having plenty of rainy weather, so much of it, indeed, that it seems as if our farmers will never get their fall work done. Many are not done cutting off corn, and a very few have not commenced seeding yet.

In most instances the corn crop is good; better really than was expected.

Apples are much more plentiful this this year, with us, than was expected, and Messrs. John Edmondson & Co. are kept very busily engaged making cider for their customers. Mr. Edmondson has remodeled and renovated his old grist mill, so as to saw lumber, grind grain, and make cider, all under the same roofing.

Apple butter season is in full blast, and the women are kept busy now, as well as the men, in preparing the necessaries of life for winter. The tomatoes are ripenning very slowly, on account of so much cool, wet weather.

Attend the Republican primaries at the SENTINEL office to-day.

Near Urbana, Frederick county, on Saturday evening, two colored children, aged about six and nine years, during the absence from home of their grandparents, Wm. Lee and wife, attempted to start a fire with coal oil. An explosion of the can resulted, and both children were so severely burned that they died on Sunday.

Emmons Blaine, son of Hon. James G. Blaine, and Miss McCormick, daughter of the inventor of the McCormick reaper, were married at Richfield Springs, New York, on Thursday. They will make their home in Baltimore.

Joseph Trainor, of Maryland, formerly a bookeeper in the sixth auditor's office, treasury, has been reinstated in his position in that office. Mr. Trainor was dismissed on the incoming of the Cleveland administration.

James Bamber was blown twenty feet, and mangled by a premature explosion of dynamite in a quarry at Texas, Baltimore county, on Saturday last.

Caleb Tozier, the young man who fell down stairs on August 30 and broke his neck, died on Tuesday at the Cooper Hospital, Camden, N. J.

The public schools of Marion, Ind., have been ordered to be closed for one week on account of the prevalence of diphtheria.

Extensive forest fires are raging in the Redwood forests, San Mateo county, south of San Francisco, Cal.
