Grange Notes

Still Pond Grange met in the Grange Hall at their regular hour June 13, but it being such a busy time with farmers, teachers, housewives, there were very few in attendance. Little business was before the Grange, except to dispense with the regular meeting of June 20, as wheat cutting season would be at its height and this section having realized the necessity of saving their crops this year, if permitted to have a crop.

Members are urged to be present at the next meeting, June 27, to discuss the social meetings during the summer and other features of the Grange. So all members please come and participate in this prospective pleasure during July and August.

Vitamine Cold Slaw

Red cabbage is nice for this but if impossible to secure, use white—which also contains a plentiful supply of health-giving vitamines when raw. Slice one small head of cabbage fine; add two minced onions; one cup chopped Spanish green olives (stoned); vinegar, salt and pepper to suit the taste. It's a new slaw, a healthful slaw and a delicious slaw.
