TABLE

For real value don't forget to look on our tables. A lot of Shoes and Oxfords for the whole family. Sale $2.98

For 18 years we have offered the Public wonderful merchandise, not seconds but first grade in everything, and have sat and watched the people go to the City or order Merchandise from Catalogue Houses and get values less than we have offered. Why? Simply because you have not known the great values we offered. We are thankful for the portion we have gotten, but we are not satisfied. This Thanksgiving sale is the beginning of our effort to impress you with the fact that you can buy at home and get more for your money than in the City where expenses are great or at the Mail Order House where you send your money before you get the goods. We can undersell them all if you will show your willingness to buy at home by visiting us these four days, no special buying done for this sale but price made on our stock on hand is a rare opportunity at this season of the year.
