Looking Over the Railroad Line—President Bosley Pleased With the Country—Stock Issue.

The president of the new railroad, Mr. Wm. H. Bosley, accompanied by Engineer Troxell and Directors Emory and Ehlen, on Tuesday last completed his trip over the route of the Queen Anne's rellroad. The party left Denton on Friday of last week and followed the most direct line, via Greenwood and Ellendale to Lewes and Rehoboth beach, inspecting thoroughly the typography of the country. They were very much pleased with it and especially gratified at the friendly interest in the enterprise generally manifested. Mr. Bosley and his friends found the business people along the route ready to guarantee free right-of-way from the western border of the State to the shore. The officials were at Georgetown and a meeting of merchants and others urged that the route be made to touch that place, it being one of the most important towns in Delaware. As the road would be made several miles longer by the Georgetown route the enterprising citizens propose to raise the money to defray the additional cost. Just now it is impossible to say which route will be adopted. The two surveys, not yet completed, will have to be compared.

The Baltimore *Sun* of last Saturday said: An issue of $1,440,000 of 5 per cent. bonds has been decided upon by the directors of the road. This is at the rate of $12,000 a mile. The bonds are not to be offered for sale at present, but will pe held in the treasury of the company. Cash subscription by the stockholders have supplied sufficent funds for carrying forward the work of construction, and President Bosley says it is not intended to market the bonds until the railroad shows its ability to take care of itself. The Guardian Security, Trust and Deposit Company is the trustee under the mortgage, which covers the e tire property of the railroad compan All rights of way on the first section the road, from Queenstown to Dento have been secured, and this portion is be completed and ready for operation April 1, 1896. From Denton to Lew two routes are under consideratic The engineering corps have complet the locating of the northern route fr Denton to Ellendale, Del., which is teen miles from Lewes. The seco route from Denton, via. Smithvil Bridgeville and Georgetown, is yet to located.

The *Sussex Journal* says: We ho the route from Denton to Bridgevil thence to this place [Georgetown], Milton and Lewes, will be accepted. is very level country along the ent route, and there will be but few, if a bridges to build. Another thing, whi should be a great item to the compa is that the people along the entire ro in this county will donate the right way free through their lands.

Scared the Centreville Boys!

Mr. David B. Ford, one of the most popular members of the C. C. C., visited Centreville last Saturday and during the evening attended a festival. Dave is a favorite with the ladies everywhere and Centreville was no exception. He had not been at the festival more than a half hour than he was in the midst of a crowd of young ladies, while the town boys stood off and viewed the proceeding with a jealous eye. The girls heard the young men vowing vengeance, and so informed Dave, but he did not show any cowardice whatever, and continued with the ladies. He walked home with one or two of them and had started for the hotel, when a young man came from behind a tree, and hissing at him "you think you are having a fine time, don't you?" let fly a brick, but Dave dodged it. But when the stones began to come thick, Dave took to his heels. While running Dave thought of his mouth-harp, and suddenly coming to a standstill, he pulled the instrument out and pointing it at the crowd said, "Now, I won't run any more, but will shoot the first man that approaches." At the sight of this pistol-like instrument the Centreville cowards took to their heels and Dave continued his way in peace to the hotel.

REACHING OUT!

CERTAINLY WE ARE BUSY, WHY NOT? THAT'S WHAT WE ARE HERE FOR!

WHY ARE WE BUSY?

Because we have the Assortment, we are selling cheap, the trade appreappreciates the fact and are not slow to grasp the situation. Why not do the business? its one of the certain consequences resulting from enterprise and square methods. We do not depend on big profits from each customer like the dealer doing a limited business must do. The quantity of Clothes we sell enables us to do business at a very small profit on each transaction. The bulk of the business is what we are after, and if assortment and giving the trade better values at late day quotations, not expecting profits of 15 years ago, will get it, then our brightest hopes will materialize, and just as certain as a man examines our line of Suits he will not be subjected to the trouble of visiting others, for we have an UNSURPASSABLE LINE AT UNAPPROACHABLE PRICES, besides a line of MEN'S SUITS from $3.50, $5.00, $6.00 up to $10.00. We have added a line of ENGLISH WORSTEDS in neat, narrow stripes and checks the like you never saw in Chestertown, and instead of going to the city and paying $18.00 to $20.00 a suit for these goods come here and get them for $12.25 to $13.50. We are headquarters for BLACK GOODS for special occasions, and can furnish most any desired fabric. An imported CLAY in Regent or sack, for $9.50, &c.

PANTS! PANTS! PANTS!

No occasion to go to the city to have a pair of Pants made. We can fit you and at so much less.

CHILDREN'S SUITS.

Our shelves bend under the load upon them, yet we are relieving the strain daily by dispensing to pleased patrons,. Our $2.50 line of ALL WOOL SUITS, 6 to 15 years, is a puzzler to competition.

HATS! HATS! NECKWEAR.
