Kent News

SATURDAY, - - MARCH 21, 1896.

Spring Fertilizer is now one of the subjects of most importance to farmers. Baugh & Sons, one of the best and most reliable Baltimore firms, come to the front this week with an invitation to all to consider the merit of their goods.

Two Sleighs Out.—Mr. John Gale came to town Tuesday in a sleigh, but it is likely that he returned home on mud. This was the first sleigh seen in town this winter. The only other sleigh that has been out this winter was that on Sunday evening driven by Messrs. Frank Gilpin and Frank Connelly.

Serious Objection.—The local dealers in nursery stock represented by Messrs. H. L. Boyd and John J. Blackiston are opposed to the nursery bill now before the Legislature, claiming that it is impracticable. These gentlemen visited the city this week and explained the bad features of the bill to our representatives and a change is likely to be made. This change will require every farmer who discovers San Jose scale in his orchard to grub up the affected tree.

Arrests by Capt. Stevens.

Capt. J. Frank Stevens, of the oyster police schooner Anna B. Smith, on last Friday night arrested Capt. Wm. H. Sanford, of the pungy, Ostrich, and Captain Frederick Walters, of the schooner Martha Skinner, charged with dredging on Swan Point bar. A hearing was held before 'Squire Wilkins Saturday morning and they were committed to jail on three charges, viz., for illegal dredging, having unculled oysters on board and for dredging at night. Constable Coburn brought them to jail Saturday. Captain Stevens on Monday arrested Daniel Gilmore, sailor on the Ostrich, on charge of interfering with officer and resisting him. It seems as if Captain Sanford had taken refuge in his forecastle and Gilmore tried to prevent Stevens from entering same. Constable Coburn brought Gilmore to jail and placed him in Sheriff Casey's custody. They will all have a trial at the April term of the Circuit Court.

Attention is called to adv. of Messrs. Tunis Bros. This is one of the most reliable lumber companies in the State. They are also agents for the celebrated Page woven wire fence. Read their ad. in another column.

FROM COLLEGE HILL.

Full Particulars of the Debate—On the Diamond—Zearfoss' Success.

Arrangements have been perfected for the joint debate mentioned in the NEWS a few weeks since. April 7th is the day and Stam's Hall is the place. The Bancroft Literary Society of the Baltimore City College and the Mount Vernon Society of our college will be the contestants. These two societies are the oldest in the State, and this is the first instance where societies of different colleges have arranged a debate; so, on this account an unusual amount of interest is attached to it. The initiative step was taken by the Mount Vernon, which besides writing to the Bancroft, has communicated with several other societies of other colleges, but the Bancroft was the only one to accept. They sent Mr. Leonard M. Parker to make arrangements, and on the 24th of February Mr. Graham, of the Mount Vernon, met their representative in the Y. M. C. A. building, Baltimore, when it was decided to have one debater on each side; that the question for debate should be; "Resolved, that the United States should recognize the Cubans as belligerents," and that two of the judges should be Hon. James A. Pearce and Hon. Thomas S. Hodson, formerly a well known Eastern Shoreman, but who now resides in Baltimore, they to select the third judge. The chairman will be selected by the Bancroft society. The debaters will be Geo. C. Graham, Jr., of the Mt. Vernon, and Louis M. Kines, of the Bancroft. Admission will be charged to defray the expenses of advertising and other necessary expenditures. Quite a number of Baltimoreans will accompany the Bancroft Society.

Manager Hurtt has succeeded in securing Mr. James Murray, of Chester, Pa., to catch for the college team this year and he is expected to enter college on April 1st. Mr. Murray is recommended by Prof. Burris and others and is expected to do good work. The make-up of the team will be about as follows:

Catcher, Murray; pitcher, Burris: 1st base, Davis; 2nd base, Stidham; 3rd base and short stop, Deakyne and E. Usilton, respective positions not definitely determined; left field, Boston; right field, Massey; centre field, Ward or Goldsborough. The team will begin about April 6th to practice and have a game scheduled for the 18th with the Baltimore City College.

Caylor, the great sporting editor, writes from the South as follows:

"Of the new catchers, Zearfoss, the collegian, is clearly the star. I want to go on record now with the prediction that he will be Farrell's understudy this season. Zearfoss is a remarkable backstop and thrower, and, like most college players who made fame on the ball field, he uses intelligence and quick wit in his work. The club has surely secured a jewel in him."

The production of "The Celebrated Case" by the Athletic Association promises to be a success. The characters are well up with their parts. April 16th is the date fixed upon.

Mr. Tull, of Somerset, left here this week for home. He states that he expects to enter upon a steamship from New York for a trip to the West Indies and elsewhere.

The heavy wind of Thursday dashed a new bateau into pieces at Tolchester.

WANAMAKER'S.

PHILADELPHIA, Monday, March 16, 1896.

A TALK ON SEWING MACHINES

With Spring sewing to be done the need of a Sewing Machine is clearly apparent. But think twice before you buy! An order to any machine dealer will fetch you one in a hurry; or more likely the ubiquitous agent has found you before there has been time to look around. Good machines are numerous—but the cost! $60 is the usual price for a machine as good as can be made—as good as *the Quaker City Sewing Machine we sell at $35.*

There are fifteen special points of goodness about the Quaker City Machine. We didn't invent one of them. All basic patents on sewing machines have long ago run out, and any bright machinist can build a machine. Ours are built at a great factory whose owner likes the big orders we give. They cost us as much, probably, as machines cost other producers. But there is no wasteful expense in the selling. We teach their use here; we don't trade for other machines; we have no one to protect but the retail purchaser.

Quaker City Sewing Machines at $18 to $35. The working parts in all are exactly the same. Difference of cost is in the cabinet work.

SILK-WARP HENRIETTA

Thirty thousand yards of this rich Black Henrietta will be all too little for the Philadelphia women who'll come for it—and women for miles around are equally interested. Such a chance to buy Silk-warp Henrietta in the richest of blacks doesn't come often—and a more staple article of woman's wear it would be hard to find.

Two widths, four favorite qualities—

38 inches wide—
No. 31 at 60c; regularly $1.00.
No. 41 at 65c; regularly $1.10.
No. 51 at 75c; regularly $1.25.
No. 71 at 85c; regularly $1.35.
44 inches wide—
No. 21 at 65c; regularly $1.00.
No. 41 at 75c; regularly $1.25.
No. 51 at 85c; regularly $1.35.
No. 71 at $1; regularly $1.50.

PLAIDS AND CHECKS

Criss-crosses bob up everywhere among the dress goods for Spring, but the more decided Plaids and Checks have

a counter to themselves. The show is at its best right now. Big and little, bright and sober Plaids. The Homespun Checks were belated—but they arrived Saturday week. They are needed for tailor-made gowns.

Shepherds' Checks, 37½c to $1.
Fancy Checks, 65c to $1.25.
Homespun Checks, 51 inches, $1.

All-wool and silk-and-wool plaids are shown by the score.

FRENCH CHALLIS

Just through the Custom House, these dainty French Challis beauties. All-wool cloth with just the charmingest color printing the Frenchmen know how to do. Dresden designs are numerous.

Javanaise and Bayaderes are the pretty cousins of Challis. Silk stripes make the difference.

French Challis, 37½c a yard.
Javanaise, 60c a yard.
Bayaderes, 60c a yard.

EASY-PRICED DRESS STUFFS

There never was such excellence of style woven into little-price Dress Stuffs. There never was such selling of them.

WANAMAKER'S.

Three helpful hints—

COVERT CLOTH, 25c—
We sold out five thousand yards of this Covert Cloth in a jiffy. Plenty here again—and not a poor color mixture in the lot.

CHEVIOTS, 37½c—
It cost the American manufacturer a good many dollars to reproduce foreign cheviot beauties, but he succeeded, and a little price will lead to a selling so great that his dollars will do him good.

SUITINGS AT 50c—
Forty-six styles to look at—to buy, if you choose. Imported. Figured, wavy, crepy, zig-zag weaves in Spring colorings. Been here just days enough to warrant the statement that they are a success.

JOHN WANAMAKER.

ARE YOU READY?

GOLD DOLLARS FOR 90c.!

THIS is a Great Age, one of Wonderful Progress, some looking for the North Pole, others their neighbor's Chicken Roost and a large percentage who are strikingly susceptible to the fascinating idea securing a bargain. Yet not one of us have learned where to buy GOLD DOLLARS FOR NINETY CENTS, and let us tell you right here, you never will. We are fully aware of the importance of economy, striving to stretch our limited means to their utmost capacity, get all we can for every dollar spent. This is commendable. Yet you must stop and think. Every article of merchandise has a commercial value, and when such is offered you for less than it cost to produce it, rest assured it is to catch the uninitiated on such merchandise as they are not posted on the market value of.

THIS IS A

SPECIAL LINE

—OF—

Children's Suits

which we are handling this season. Also,

SEPARATE PANTS

made likewise, under the special supervision of a

"A Mrs. Hopkins Boy."

lady who has had charge of the factory for 13 yrs. They are made with

Double Seats,
Double Knees,
Buttons Riveted On.

Examine them.

Suits from $1.00 up.
Pants " 45 "

When we started operations here about six years ago, this was always, is now, and shall continue to be our motto, FOR EVERY DOLLAR SPENT with us, give HONEST AND FULL VALUE in return, and we are proud of the enviable record of retaining customers who we began with. This is the only correct system of dealing. NO BAITS, but every MAN'S SUIT, BOY'S SUIT, CHILD'S SUIT, every Pair of Pants, Hats and all Minor articles sold at the closest Cash Prices to all, and no advantage taken of the inexperienced, for we are working for future business. Men's, Boy's and Children's clothing in

Spring Styles Now Ready for Inspection.
