"Another cure by Dr. Fenner's Medicines 'I was very much like my neighbor, Mrs. Care (a bad case of skin eruption heretofore reported as cured by Dr. Fenner's Blood and Liver Remedy and Nerve Tonic and his Salt Rheum Ointment), only the doctors called my disease Erysipelas for a number of years and it was afterwards pronounced by doctors to be Salt Rheum. At the age of 16 I was afflicted with it, and at the age of 20 I was so bad I could hardly walk.

I found no relief until I commenced taking Dr. Fenner's Blood and Liver Remedy and Nerve Tonic, and in three months I was enjoying good health after suffering more than 45 years.' A number of cures equally as wonderful by Dr. Fenner's Remedies will appear in this paper later."

C. S. FRICK,

Sec'y and Treas. of the Frick Merchantile Co., Keithsburg, Ill.

Gives an interesting account of the cure of a severe case of Rheumatism that came directly under his personal observation. Being in the merchantile business he had many calls for the most celebrated "Yagers Cream Chloroform Liniment." He says:—

"The first bottle he sold was to a party who came into our place of business suffering intensely with Rhematic pains. I advised him to try a bottle of the Yager's Liniment, he thought it would be useless, said he had tried almost everything and could get no relief. I insisted on his trying it and informed him if it did not relieve him should cost him nothing. This was about 4 P. M. He took a bottle and started home, he was hardly able to walk. I saw nothing more of him until bright and early the next morning, when he came into our store walking as lively as could be with no signs of suffering about him. I inquired about the Liniment, he said it was the best stuff he ever used, would not take $5 for the bottle. Said he got home almost done up and as soon thereafter as he could he applied the Liniment, and it gave him almost instant relief, before retiring he applied it once more, went to bed and slept soundly all night, and in the morning bathed the parts affected again and at present felt no pain whatever. This was about four or five weeks ago. I see the party every few days and he says he is not troubled with Rheumatism any more."

Hayes Speaks!

No man in Maryland is regarded as closer to the masses than Thomas G. Hayes. He is probably the most popular man in Baltimore and one of the ablest lawyers. He is the man who fought so hard for a tax bill that would assess the exempted corporations and relieve the people.

The influence of TOM HAYES in Baltimore and Maryland is weightier than all the Cowans and Pinkney Whytes and other corporation lawyers combined. The *Herald* of Monday says:

"A rousing Democratic meeting was held in Hollins Hall last evening. The event of the meeting was the initial speech for Silver of Hon. Thomas G. Hayes, who was received with tremendous applause.

"The crowd was composed chiefly of workingmen from the big foundries and shops in West Baltimore, and several pertinent facts, especially the one concerning the free distribution of Baltimore and Ohio passes for the transportation of Republicans to Canton, when mentioned, were greeted with great cheering and jeers. Mr. Hayes said:

"Tonight out in the West in the thickest of the fight, asking no man to go where he will not lead, is that wondrous man, William Jennings Bryan. He is a patriot who loves his country, her people and her institutions with a love that knows no abatement. We must help him in the East. There never was a period when the party stood more in need of her loyal sons.

"My physical condition does not permit of my discussing tonight the great question of this campaign, but I am here to assure you of my sympathy and earnest support in your cause.

"There are certain conditions confronting us which are serious and may be dangerous and alarming. I will not discuss theories, but will present facts for contrast, and see if there is not but one door open for relief.

"We live in a country more blessed by nature than ever known. We have fertile lands, inexhaustible supplies of mineral and metallic wealth—gold and silver in abundance to give us sufficient currency.

"There is another picture. In Baltimore there are families who are strangers to a square meal of nutritious food, at whose door is heard the pawing of the wolf of poverty and hunger. The head of that home tramps the streets day and night seeking employment to feed the hungry and shivering ones at home. He cannot get it, and there they stand, monuments of the wreck and ruin wrought by bad legislation in disregarding the masses and protecting the few.

"It is hard to believe that there could be two such pictures in a land flowing with milk and honey. What is the cause? It can't be the tariff. We tried the McKinley tariff. It did not better conditions. We have the Wilson tariff—there are still hard times and want. The Democratic party, after a deliberate conclusion, has declared that these conditions have arisen from pernicious legislation in two respects: That which has evolved and developed syndicates and trusts, which corner the product, affect prices, close factories and hold the people in their grasp, and that which has deprived the people of one-half of their metallic currency which existed from the foundation of the government to 1873. By good legislation the former evil can be restricted and silver can be restored. I do not believe that legislation can do all things, but it can stop the grinding process of the human race in America which results from the greed and power of trusts. It can restore one-half of the metallic primary moneys of the country. It can say to the men who have accumulated wealth as the result of class legislation that they shall not use that money to corrupt votes for their own sordid aims. It can say to the employer if he dares directly or indirectly to coerce and intimidate his employes into voting for his henchmen that it will put him in the penitentiary.

"The democratic party promises that if placed in power on the free-silver issue it will restore prosperity unknown for years and give labor by opening the mills and factories. I have information that the Central Western States will be swept by the Democracy. I have but tonight heard from a friend in California—one prepared to speak intelligently—that California would give 60,000 majority for Bryan. Maryland must not wheel out of the national democratic party. When victory comes in November you will have the honor and glory of helping to break the fetters of gold from the people."

They say "to get on in the world" go to "Goldey's," the famous Wilmington (Del.) Commercial and Shorthand College. A position and business success for both sexes quickly assured by its short courses. tnl.

ECZEMA

From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs, and was treated by the best medical men, but was not benefited. When all things had failed I determined to try S. S. S., and in four months was entirely cured. The terrible Eczema was gone, not a sign of it left; my general health built up, and I have never had any return of the disease. I have since recommended S. S. S. to a number of friends for skin diseases, and have never yet known a failure to cure. GEO. W. IRWIN, Irwin, Pa.
