ON THE SCREEN

Bert Wheeler and Robert Woolsey come to the screen as hilarious counterparts of Sherlock Holmes and Dr. Watson in "The Nitwits," their new comedy.

As cigar stand proprietors in a song publishers building, they turn amateur sleuths to solve a murder mystery and unmask the sinister "Black Widow" who has been terrorizing the city.

Comedy rides high in the swift-moving production which revolves about this legitimate mystery plot. Bert and Bob share the laughter spotlight, with most of the other characters playing "straight," in situations which engender tense dramatic suspense.

With Betty Grable and Evelyn Brent carrying the leading feminine roles, the cast includes such other favorites as Erik Rhodes, Fred Keating, Hale Hamilton, Arthur Aylesworth, Dorothy Granger, and the colored comedian, Willie Best.

The melody moments are provided by three popular tunes—"Music in My Heart," "You Opened My Eyes" and "The Black Widow Will Get You If You Don't Watch Out." Wheeler, Miss Grable, Woolsey, Joey Ray and Joan Sanderson, all favorites of the radio and musical comedy, interpret the songs in dance and vocal specialties. George Stevens directed "The Nitwits," an RKO Radio Picture, and it will show at the New Lyceum Theatre on Monday and Tuesday, July 1-2.

The cloistered campus of a co-educational college has been chosen as the unusal setting for an engrossing murder mystery in Paramount's "College Scandal," which comes on Wednesday and Thursday, July 3-4, to the Ney Lyceum Theatre.

Kent Taylor, Arline Judge, Eddie Nugent and Wendy Barrie, the new ingenue sensation from England, are the principals in the story.

Wendy Barrie acts the part of a French girl, the daughter of a new professor, and the new center of attraction for the campus sheiks. The man she really likes, however, is Kent Taylor, a chemistry professor.

When the editor of the campus paper attempts to print a story linking up Miss Barrie and Taylor romantically, he is mysteriously killed. Not long after, his closest friend is strangled to death by a mysteriously assailant.

The campus, gripped by terror, blames Wendy Barrie for the mysterious killings. When an unsuccessful attempt is made on Eddie Nugent, the police finally get on the trail of the actual killer.

A thrill chase and the rescue of the principals from a house in which a bomb has been set, serves to bring the criminals to justice and the picture to a happy ending.

Elliott Nugent directed "College Scandal" which features a new song by Sam Coslow, author of "A Little White Gardenia."

A thrilling view of the activity of "G Men"—operatives of the Department of Justice who have been designated as the official capturers of public enemies Number One to infinity—is afforded in "The People's Enemy," which comes to the New Lyceum on Friday and Saturday, July 5-6.

The title character is Vince Falcone, an elusive desperado who has escaped imprisonment only through the legal loopholes discovered by "Traps" Stuart, his ingenious attorney. He is finally pinned by the federal representatives on a charge of income tax evasion.

The introduction of Catherine Carr, Falcone's innocent wife who reverted to her maiden identity to hide her relation to the convict, injects an absorbing romantic situation including Falcone and Stuart. The settlement of her interesting dilemma is depicted in the surprising climax.

Crane Wilbur, matinee idol of the silent screen directed "The People's Enmeny" from Edward Dean Sullivan and Gordon Kahn's screenplay of the former's original story. Preston Foster, Lila Lee, Melvyn Douglas, Roscoe Ates, Herbert Rawlinson, Shirley Grey and William Collier, Jr., portray the leading roles in this Select Production released by RKO-Radio.

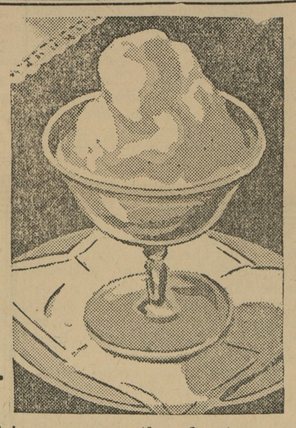
oo

Poachers from the ocean have Boston's pigeons worried. Deserting harbor habitats, sea gulls now come in flocks of 400 and 500 to the market district, there to feed on meat scraps and discarded vegetables.

Canada can boast of more railroad mileage in proportion to the population than any other country in the world. There is one mile of track for every twenty-three persons.

Geologists say Chicago is built on a layer of Silurian dolomite thirty-five feet thick. It is estimated that one square mile of this rock, one foot in depth would yield some 220,000 barrels of oil.

The Finest Dessert.....



Gill's ices and ice cream are the finest dessert you can serve. They are made from the purest ingredients, each item being a perfect health food in itself. Our wide variety of flavors affords a wide selection. Give the family a dessert treat this week.
