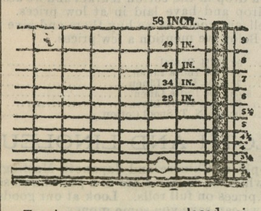
THE OLD RELIABLE

American

WOVEN WIRE

Fence

THE HINGE JOINT—Makes it possible for the fence to withstand sudden and severe pressure from contact with animals or otherwise, without bending the stays, the fence springing back to place the instant pressure is removed. It constitutes the most secure, lasting and efficient lock and without waste of material. Has broad surface connection with horizontal bars, which connection makes sidewise slipping of the stays next to impossible. Very materially aides adjustability, the fence readily conforming to the ground surface regardless of grade.



Tension curves are placed six inches apart in all horizontal bars, adding largely to the natural elasticity of the steel. Rendering the fence self-adjusting under varying conditions, such as contraction and expansion due to changes of temperature, hot and cold weather, climbing, sudden pressure and other strains.

Years of experience in the manufacture of American fence, attended with enormous sales, have demonstrated beyond question that we have this problem figured right and that the tension curve, with the hinge joint feature, keeps the fence right under all circumstances, every day of the year, and as long as the posts stand in position.

We can accommodate you with Field, Garden or Poultry Fence in many styles. Also, barb and smooth galvanized wire. We carry the largest stock of fence in the county.

Call and see our stock.

ROBBERIES AT GALENA.

Five Homes Entered Thursday Night—Meals Partaken—Checks Discarded.

Galena was the scene of a wholesale robbery Thursday night of last week. S. T. Caldwell's home was entered and 85 cents taken from Mrs. Caldwell's pocket book. Enoch Cannan's organ back was taken out in the search for money. Mr. Cannon heard the noise and went to call his neighbor, Mr. Stradley, but found the thieves had also been there. In James T. Hicks' house the thieves set the table and enjoyed a meal of coffee, fish, etc. They were so quiet that Mr. Hicks was not awakened. A small bank containing less than a dollar was stolen from W. A. Whitaker's.

At Colin F. Taylor's the thieves stole all his coffee and bread. Mr. Taylor heard the men down stairs but preferred to remain in his room.

It is thought this is the same crowd which shot Postmaster Morris at Sassafras.

A CARD OF APPRECIATION.

In retiring from business, which my failing sight compels, I wish to return my grateful thanks to the many friends and patrons who have stood by me so faithfully and some of them by my father before me. It is with much feeling and great regret that I have faced the inevitable and given up the business I have been engaged in so long, and in which I have achieved a reputation that any one may well envy.

Again thanking all my friends, I desire to recommend my successor, MR. CHARLES L. DODD, to their liberal patronage, feeling sure of his ability to conduct the business in the most acceptible manner, Respectfully,
m9-tf. JOHN N. DODD.

TUBERCULOSIS IN CATTLE

Judge John P. Nicholson Ships Whole Herd of Cattle Upon Advice of State Authorities—A Loss of $800.

The citizens of Maryland are becoming awakened to the progress of Tuberculosis and the cause is being diligently searched for by the State authorities. Dr. G. Allan Jarman during his incumbency as State Veterinarian has made a special study of the subject and is doing much toward stamping it out. He states that the cause in a large measure is in diseased cattle.

For a number of years Judge John P. Nicholson, of near Fairlee, has been noticing an affection of some kind among his fine herd of Jerseys and gave the sick cows every attention. They were isolated from the other cattle and in some instances killed. His loss last year from this cause amounted to over $300.

A short time ago he called in Dr. Jarman, who deemed it best to get rid of the whole herd. Judge Nicholson and his wife have taken much pride in raising this excellent herd of cattle, but did not stop for a moment to reason against this order, for they were not willing to take any risks nor undue exposure. Accordingly 24 head of cattle were driven to Worton Station and from thence shipped to the State Abattoir at Baltimore, where they will be killed. Judge Nicholson was allowed $15 ahead for same, but this will not half pay for his loss. Some of the cattle were fat and sleek while others no doubt were affected to some extent with the malady.

Judge Nicholson has acted wisely and the News would take this occasion to caution the farmers against using milk from cattle which may have symptoms of Tuberculosis.

RICH NECK FARMERS.

The Rich Neck Farmers' Club held a very pleasant meeting last Thursday at the hospitable home of Mr. and Mrs. B. F. Potts. The 6 o'clock dinner was a star feature of the occasion as were the excellent papers read. Among those present were:

Mr. and Mrs.—	
Chas. H. Jefferson,	Albert Story,
S. R. Hurlock,	Frank Baxter,
Jas. T. Anthony,	Chas. Baxter,
Jas. W. Newnam,	Josiah Massey,

NEW OFFICIALS.

May 4th Sees Many Changes In Public Officials In Kent—Reappointments.

Clerk of the Court James T. Dixon has administered the oath of office to J. Cordray Loud as police justice for Chestertown; Lewin S. Fowler and Andrew Medders as magistrates for the fourth district; Charles Estes, Chestertown, Jesse E. Ireland, Galena, W. F. Collins, Millington, notaries public; David T. Nickerson, justice, Kennedyville; J. T. Shallcross, Betterton; Samuel Burgess, Edesville; George C. Townsend, Millington.

Supervisors—Harry C. Cacy, Jesse H. Usilton, Charles S. Smith.

Dr. W. Frank Hines took charge of the Bureau of Immigration in Baltimore this week. His offices for the present are at 319 N. Charles street.

Dr. H. G. Simpers was re-elected health officer for Kent County by the Board of County Commissioners on Tuesday.

Mr. Charles Estes has been notary public for 32 years and is possibly the oldest office holder in the State.

Water Board.—The Town Commissioners at their regular meeting Monday night unanimously named the following citizens to act as the Water Board for one year: Jefferson D. Bacchus, Thomas D. Bowers, Charles N. Satterfield. This Board will appoint a manager and have full control of the water works as soon as same are turned over to them by the Town Commissioners on July 1st. In another column will be found an advertisement of the bonds which will no doubt prove of interest to all who have any money to invest.

Bitten By Dog.—Mrs. John Henry Jarvis, living on Mr. J. Thomas Pennington's farm, near Galena, was bitten on the arm early Saturday morning by a small rat terrier. Dr. Latimer examined the wound and advised Mrs. Jarvis to go to Baltimore and be treated. Accordingly she went to the city Saturday afternoon and is now undergoing the Pasteur treatment. The dog was killed.

A Remarkable Record.—Capt. James Henry Crew, one of Betterton's highly respected citizens, closed his 58th spring fishing season last week. He started fishing when 11 years of age and has not missed a spring season. His biggest catch was in 1856 when he caught 7,000 shad in three weeks and loaded 3,000 shad on a vessel one week. He is enjoying fine health. Capt. Crew's favorite recreation is Coon hunting and if you want to see him smile just mention this sport and ask about "Tan." May he live to enjoy many more years of good health.

Hop.—The second Washington College hop will be given in the gymnasium on Saturday May 9th. The committee comprises Messrs. H. Wilson, L. W. Barroll, A. R. Hitch.
