SATURDAY, OCTOBER 10, 1908.

DEMOCRATIC CAMPAIGN CONTRIBUTIONS

The undersigned, as Treasurer of the Committee of One Hundred, a political organization throughout the State of Maryland for the purpose of electing Bryan and Kern and the regular Congressional candidates of the Democratic party, having duly given bond to the State of Maryland and filed the same with the Secretary of State, as provided under chapter 122 of the Acts of the General Assembly of Maryland of 1908 for the purpose of preventing corrupt practices, is now in position to receive and account for, according to law, such contributions as may be made by all citizens; and has also been appointed by the Democratic National Committee member of the Finance Committee of the National Organization for the State of Maryland.

This new law, which throws much labor on political treasures, directs the names of all contributors and the amounts to be made a public record in the Circuit Court Clerk's office of the respective counties or Baltimore City. No subscriptions without the name of the giver can be received. Any person who subscribes in any other name than his own, and every treasurer who knowingly receives such a subscription, is subject to fine and imprisonment and will be ineligible to public office for four years from the date of the offence. A detailed account of expenditures is required. The law prohibits subscriptions from corporations. The publicity thus given to all subscriptions is apparently intended to discourage them from the special interests for improper purposes and also correspondingly to encourage the party leaders and beneficiaries, including the rank and file of the people, whose interests are served by honest government, to bear the campaign expenses of the party which they choose to support. The public record of contributions will thus serve as an index of the individuals who give financial support to the Democratic party in this important campaign.

Every Democrat in the State of Maryland, who is financially able, should at once make a contribution for the couse either to a local Treasurer, to the Treasurer of the State Central Committee, Hon. Murray Vandiver, or to the undersigned and the name of the contributor will be placed on the Roll of Honor to be recorded in the courts of record as directed by the Statute.

If the people desire to rule and throw off the yoke of the special interests, they should respond to this lawful opporpunity and contribute to necessary and proper political expenses.

BLAIR LEE, *Treasurer*,
Silver Spring, Maryland.

s26-5t*

LEST WE FORGET.

Don't forget while Mr. Roosevelt is making so much nosise, that it is not the first time, he has done so.

Don't forget that Hon. Alton B. Parker charged that thousands of dollars was filched from the people who pay life insurance to carry Roosevelt through in New York when he was running for the Presidency, and that Mr. Roosevelt called Mr. Parker a liar.

Don't forget that when the Insurance Companies were investigated that it came out in the evidence that what Mr. Parker said about the insurance Companies and Mr. Roosevelt was proved to be a fact and there was a terrible shaking up of several of the big Insurance Companies. Officers resigned; some skipped to foreign countries, and others took their lives rather than face the disgrace that awaited them. Don't forget that it was the same Theodore Roosevelt who now assails Mr. Bryan and other prominent Democrats, who then branded Judge Parker with his "Annanias" braad.

Don't forget that Theodore Roosevelt has not yet appologized to Judge Parker, although that gentleman demonstrated to the entire country that Mr. Roosevelt had misrepresented him.

Don't forget, that Theodore Roosevelt is the same wild, irresponsible windmill that he was when Judge Parker showed him up four years ago.

SHALL WE HAVE FOR PRESIDENT OF THE UNITED STATES A MAN WHO REPUDIATES JESUS CHRIST?

Think of the United States with a President who does not believe that Jesus Christ was the son of God, but looks upon Him as a common bastard and low, cunning impositor! What must Mr. Taft's feelings be toward our civilization, which is so permeated and interwoven with the religion of Jesus Christ? Take Christ, the inspiration of His gospel, His sacrifice, and His church out of our national history and life, and what would we have left? Try to imagine the discovery and civilization of this great continent passing through the many trials and conflicts without the ministers of Jesus and His grace. Take His name and power out of our civilization, tear away the churches which have been erected for His worship, the schools that have been erected to His honor, in which His teachings have been repeated and emphasized, blot out the charitable institutions which have sprung up out of devoted love for Him, take His name out of our literature, His praises out of our songs, His doctrines from our society and homes, His promises from the foundation of our hopes, and His love from our hearts, and what would be left?

We cannot believe that the people of these United States are ready, by electing that banal unbeliever our Chief Magistrate, to repudiate our faith in the Redeemer of the world.

We cannot believe that the corruption fund of the "interests", though it be millions upon millions, and the coercion of the SOULLESS and SHAMELESS corporations, will avail to elect this GODLESS Taft.

ALEXANDER CHAPLAIN,
Easton, Maryland.

ROCK HILL BEATEN.

Coach Clark's Men Play Good Football, However.

Washington College defeated Rock Hill College at Chestertown Saturday by a score of 12 to 0. During the entire game the ball was in Rock Hill's territory owing to their inability to gain through Washington's heavy line. Washington was quick and alert through the whole game, the first touchdown being made by Turner in the first three and a half minutes of play. Washington played well, and those worthy of mention are Captain Gibson, Jump, Johnson, Turner and Porter. Dun for Rock Hill played the best game and prevented W. C. making another touchdown. The line-up:

Rock Hill.	*Positions.*	*Washington*
Dun	Left end	Crouch
McManaway	Left tackle	Gibson
Thebard	Left guard	Jones
Gaffany	Center	Johnson
Clemens	Right guard	Porter
McClune	Right tackle	Voss
Bradley	right end	Hayes
Toomey	Quarterback	Megan
Fink	Right halfback	Jump
Collins	Left halfback	Porter
Clifford	Fullback	Turner

Touchdowns—Turner, 2. Goals—Voss, 2. Referee—Vickers. Umpire—Brennan. Head linesman—Spedden.

THE CORN SHOW.

The best animal or the biggest vegetable in any community can only be decided by its being entered in competition at an exhibition after due notice has been given that such a contest will be held. We hear a great deal from owners of the fast (?) horse that is never allowed to race with any animal but of canal boat speed; and who is not familiar with that type of citizen found at the country fair who hasn't a bigger pumpkin, better cow or finer hog home?

Such cases are universally discounted for while the visitors to the fair or exhibition may honestly think he has better products at home, it is a difficult matter for any one to decide which of two articles are the best unless they are both before the judge.

So it is in cereals, though it is far more important for the farmers of the country to know, not in particular who has the biggest ear of corn, or tallest stalk, but what type of corn will produce for him the most profitable crop under conditions of soil and climate, which it is to be grown.

The Maryland Cereal and Forage Crop Breeders Association are endeavoring to decide these points and solicit the co-operation of every grain grower in the State to exhibit sample of their best produce at the Wheat and Corn Show which is to be held in Baltimore at the Fifth Regiment Armory, December 1st, 2nd 3rd, 1908.

Realizing the vast difference in type of soil within the State and the advantages some counties have over others of lighter soil, better adapted to trucking and fruits, the Association has classified the State into County, District and State contests.

In County contests will be entered all grains and seed grown in the County from which it is entered.

District contests will include all grain and seed grown in (1) the Northern District; comprising the Counties of Cecil, Harford, Baltimore, Carroll, Howard, Montgomery and Washington; (2) the Southern District, comprising the counties of Anne Arundel, Prince George, Charles, St. Mary's and Talbot; (3) the Eastern Shore District comprising the counties of Kent, Queen Anne's, Talbot, Caroline, Somerset, Dorchester, Wicomico and Worcester; (4) the Mountain District comprising the counties of Allegany and Garrett.

In the State contest will be entered all grains and seed grown in the State.

Ample space will be provided for every exhibit, and an attractive premium list is being prepared, which will be published at an early date.

Let it be hoped sufficient local interest will be displayed in the coming exhibition, as to have on the tables a class of grain from this County such as we feel sure will score well with any other in the State. Mr. W. Irving Walker is president of the association.

To Make Chesapeake Safer.—The new big Baltimore lighthouse, just erected at the lower end of Craighill channel, was lighted for the first time Thursday night. It is a very important light to navigators of the Chesapeake Bay. The lantern is 55 feet above the water and can be seen 12½ miles to an observer 15 feet above the water during thick weather. A bell will be struck a double blow every fifteen seconds by machinery.

Negroes Hold Merry Fair.—With a picturesque parade and a merry barbecue Eastern Shore negroes opened their fourth annual fair at Federal Park, Easton, Thursday, under the auspices of the pastors and members of Asbury and Bethel colored Methodists churches. Easton never saw a larger outpouring of colored folks. The large tabernacle in the rear of Asbury Church, on Locust street, was filled with handsome household exhibits, both in cooking and furnishing, while the farm produce display was creditable to the agricultural capacities of the race.

IN MEMORIAN.

In sad but loving rememberance of Sir Walter Rawleigh, Jr., who departed this life 1 year ago, Sept. 12th, 1907.

In the grave yard he is quietly sleeping,
Where the flowers gently wave,
Lies the one we loved so dearly
In his quiet, lonely grave.

One long year has passed,
Since we were forced to part,
But time nor space can never erase
His memory from our hearts.

The depths of sorrow tongue cannot tell
At the loss of Walter we loved so well,
And while he rests in peaceful sleep,
His sacred memory we will always keep.

Farewell dear mother, may your slumber
Be as gentle as your love
And when God shall call us homeward
May we meet in Heaven above.

Gone but not forgotten.

A FRIEND K.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and Anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.
