ELECTION DAY—TUESDAY, NOV. 3.

EIGHT hundred more laborers were thrown out of employment at Steelton this week.

GALENA Democratic Club meets on Monday evening at 7.30 o'clock in place of Saturday evening.

THE PAPER MILL at Chestertown has been shut down for months. The whole force of workmen are thus thrown out.

HOW TO VOTE—make TWO marks only—one in the square opposite the names of BRYAN AND KERN, and the other opposite the name of JAMES HARRY COVINGTON.

A BALTIMORE republican paper says: "This talk about negroes voting for Bryan is all poppy-cot. They will be solid for Taft." And the WHITE people will be nearly solid for Bryan!

COL. WM. J. VANNORT was a conspicuous member of the reception committee for Mr. Taft in Baltimore last Monday night. At Wilmington, says the American, Colonel Vannort came forward and presented Judge Taft a white rose.

"It was grown in my garden on the Eastern Shore," said Colonel Vannort.

"Anything from the Eastern Shore is good," said Judge Taft.

THE Baltimore Evening News, republican, is now complaining that *rich men are working for the election of* BRYAN, and names a number of the best men in the country who are cursed by being rich because they support Bryan. Among them is David R. Frances one of Cleveland's cabinet. These "rich men" know what is best for the country in supporting Bryan. We wish there were more of them.

JUDGE TAFT, the Republican candidate for President, visited Baltimore last Monday night. It was a big meeting, of course, but not as large as Bryan's in the same city. Nearly the whole of Mr. Taft's speech was taken up in begging for the labor vote, but his arguments were a mockery to the suffering thousands who are in felt want because of the present methods of the party in power, and he failed to convert any one.

THE Telephone Company have raised their rates to the new subscribers. All sorts of rumors are afloat as to other changes in rates but this is the only one announced at this time. It is hard to conceive why rates should be advanced when business of the company has increased nearly double without any appreciable increase in expense. It is simply a case of greed in the Bell Telephone Trust and it may be necessary to take this subject up more vigorously in the light of later developments. Meantime we would suggest to the Telephone Company that it is not well to unnecessarily antagonize a community in which they are proposing to do business.

BRYAN WILL BE ELECTED.

Every indication today points to the election of William J. Bryan. The great Republican scare evidences it. The President's desperation—his four column political broadside in the papers last Thursday—surely presages the coming "panic" in the Taft family. The scare in hide-bound Philadelphia, also is significent of the mighty growing sentiment for the great Commoner. His last sweep through Ohio and other Western States was simply wonderful. Even through Republican sources the news is cheering to the hearts of the people. Look at these few expressions in the Baltimore Sun, a zealous Taft Republican paper, of last Thursday:

At Marietta: "Monster crowds and lusty cheering marked Ohio's greeting to William J. Bryan today."

"Sixteen speeches were made by Mr. Bryan today. While talking to a vast crowd at Youngstown, this card, signed by workers at the steel plant was sent up to him: "We can't be with you today, but we will be on Nov. 3."

At Newark, Ohio: "Mr. Bryan in an early morning speech bitterly denounced the purporting tactics of certain railroad companies in threatening to punish its employees if they voted for Bryan, and the great multitude present cheered to the echo."

In Grace Park, Ohio: "Mr. Bryan called the President to time in not correcting his misstatement in regard to certain Democratic funds."

At Steubenville, Ohio: "The crush of people to hear Bryan was really dangerous so that a speech was impossible. And the train pulled out while the great throng drowned everything with their cheers and cries of sure victory for Bryan."

A HOME SHOT.

Mr. Bryan in one of his recent speeches said of the Republican cry that there will be a panic if Bryan is elected there would be a panic in the Taft family, at least, for Judge Taft would for the first time in 20 years find himself without a Federal salary.

Democrats, Remember!

In order to make certain the election of Bryan, Kern and Covington, do not fail to go to the polls on Tuesday, November 3. Remember also, that in order to vote the straight Democratic ticket, you must make one cross mark opposite the names of Bryan and Kern and also one cross mark opposite the name James Harry Covington. Two cross marks votes the straight Democratic ticket.

THE DIFFERENCE BETWEEN MR. COVINGTON AND MR. JACKSON.

If Republicans of the First District had nominated a man for Congress, who, by virtue of his peculiar fitness for the office, was entitled to submit his candidacy to the people, the aspect of the local political situation would be changed, at least in a degree. But did the Republicans nominate a man of this kind? Has any one heard that the slightest thought was given to the fitness of the man? Aside from the fact that he "Wants the job," what argument is to be advanced just why Mr. Jackson should go back to Congress? Does the fact that he "wants to" constitute a good reason why the oft nominated gentleman should continue to monopolize a place which should command the best in the way of ability and talent the District can afford? Again we assert that had the Republicans put their best foot forward in the campaign, Mr. Covington might reasonably expect greater opposition; but if Mr. Jackson constitutes the best foot of the Republicans in this District all we have to say is that they are mighty poorly shod.

Mr. Jackson has no business to ask to be sent again, and the people have no right to send him. We say the people have no right to and we mean it. They are imposing upon the Nation and themselves when they assume that Mr. Jackson in public life, is an asset instead of a liability.

It may be said that the man now credited to this District cannot be attacked upon his record in Congress. Such is the case. You can't attack something that does not exist.

He has no record, and yet this very amiable, no-record gentleman asks that the people aid and abet him in continuing his negative Legislative career at the expense of the Government.

Are we to do it, and if so, why? Suppose we had a Congress full of Jacksons! What would be the result?

We believe the voters of this District want a representative at Washtngton diametrically opposed to Jackson; not only in politics but in many other respects.

In Mr. Covington they have a splendid opportunity for a change, and at the same time to administer a stinging rebuke to those professional politicians who imagine that any one they choose to nominate is good enough for this District.

Mr. Covington, to begin with, is of Congressional timber. He has natural talent that has been developed by training. He is a professional man of ability. He is schooled in the art of debate and familiar with the intricacies of parliamentary and other law. He is a man of integrity. He has those personal qualities that make men popular and enable them to touch elbows with other fellows without sacrificing their personal dignity and endangering the dignity of the office to which they are chosen. Mr. Covington is well balanced and logical. If he has all these things to start with, why should he not replace the man who has shed anything but lustre on the First District and who has done nothing to its credit?
