DEMOCRATIC TICKET.

FOR PRESIDENT:

JUDGE ALTON B. PARKER,

OF NEW YORK.

FOR VICE-PRESIDENT:

HON. HENRY G. DAVIS,

OF WEST VIRGINIA.

ACCORDING TO the latest dispatches from Indiana the Democrats expect to carry the Hooser state. Roosevelt is not at all popular in that State.

HON. HENRY C. CONRAD, of Wilmington, has been nominated for Governor by the Addicks Republicans of Delaware. Mr. Conrad is well-known in Kent.

JUDGE PARKER'S MAILS have recently contained numerous pieces of sheet music. The music is in waltz, two-step, and polka time. The rag-time, cake-walk kind is being received at the White House for distribution by President Roosevelt. He knows better than anyone else the character of the people who appreciate that sort of music.

THE TRANSCRIPT IS indebted to the National Committee of New York for an invitation to attend a meeting of the National editors in that City on Sept. 7 and 8. We shall be unable to go but the committee may be sure that the TRANSCRIPT may be relied upon to use its influence for the election of Parker and Davis and the First District Democratic Congressman.

SOMEBODY IS responsible for a great blunder at the Ocean City Convention on August 10. It is to be hoped that the blunder will be corrected when the convention reassembles, and that a winning candidate will be nominated. We believe that former Governor Smith was shown to be the logical candidate by the delegates at the Ocean City Convention and he should not hesitate to accept the nomination. He will not only have the support of former governor Jackson, but of every other Democrat on the shore who desires to see the best interests of the party subserved.

Hobson Condemns Roosevelt.

Captain Hobson, of Merrimac's fame, in a recent speech in Indianapolis says:

"This wave of lawlessness in Georgia and other States has followed upon the President's action in forcing the race question into the Chicago platform.

"The whole unhappy question in the South has grown worse and worse by the course of the Roosevelt administration, by the flagrant violation of fundamental laws of nature, whether intentional or not.

"The accepted interpretation of Roosevelt's position means negro domination where negroes are in the majority, or a return to the unhappy conditions of the reconstruction era.

"The entire country should recognize that untold injury is being done by our President, who has disturbed the happiness of millions of the citizens of both races when they come together, producing, by his attitude, increasing crime by negroes and hideous lawlessness by whites.

"If the President wishes to open the door of hope to the negro so that the trustworthy ones may participate in the governmental affairs of the nation, he should recognize that this menace of negro domination must be removed. I will devote my efforts to bringing about peaceful harmony and mutual helpfulness between the two races."

Emergency Medicines.

It is a great convenience to have at hand reliable remedies for use in case of accident and for slight injuries and ailments. A good liniment and one that is fast becoming a favorite if not a household necessity is Chamberlain's Pain Balm. By applying it promptly to a cut, bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic, it prevents any danger of blood poisoning. When Pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by M. A. Toulson, druggist, Chestown, Md.

WHY NOT GOVERNOR SMITH?

The situation in the First Congressional District with regard to a Democratic candidate for Congress is causing the State managers not a little concern, and their concern is well taken. It is unfortunate that the Democratic party on the shore should have gotten itself into such an unenviable position, but we are not disposed to place the blame upon anyone. It is simply unfortunate but there is always a safe and sure way out of a difficulty, and we believe that the difficulty in the First District can easily be removed. It was clearly demonstrated at the Ocean City Convention that ex-Governor John Walter Smith was the choice of a majority of the delegates to that convention, and if these delegates represented the wishes of their constituents—the people—then it was an evidence of the fact that the people of the district want the former Governor for their candidate and are prepared to vote for him. It is the duty of ex-Governor Smith, as the choice of a majority of the delegates who went to the Ocean City Convention to represent the people of the district, to accept the nomination for Congress. Gov. Smith has no right to name any other candidate, because the delegates to the convention had no authority to confer upon the former Governor any such power. Since he was offered the nomination by a majority of the convention *he* is the choice of the people and not any man whom he might name. If as the former Governor says, he is only in politics now for the benefit of his friends, he can best serve his friends by accepting a nomination which has been offered him and redeem the district once more from Republicans. We believe that Gov. Smith can be elected, and furthermore we believe that, should he accept the nomination, he will be elected, because we believe that the people of the Eastern Shore of Maryland want to elect a Democratic congressman this fall. Governor Smith is popular in the district; he has done much for his party, not only on the shore, but throughout the state, and for the sake of releiving the situation in the First District of the embarrassment, he should accept a nomination which was tendered him first. We believe that Gov. Smith would receive the support of the entire Democratic party. He has had this assurance from former Gov. Jackson and other leaders on the shore who did not support him in the senatorial fight last winter and his own acceptance of the nomination would be much better for the party than the naming by the former governor of a candidate. It seems to us that in view of the circumstances surrounding the situation that it is the duty of Gov. Smith to accept the nomination.
