THE EXAMPLE YOU SET YOUR CHILDREN

Does it show that you believe in church attendance.

There's a lot of people in this world who believe in going to church, who "would go, but somehow or other it isn't convenient." They would but they don't.

What kind of a heritage is that for children?

Without the fundamentals of life, as exemplified by the teaching of the Church and her Head, our Saviour, life would not be worth living. We all recognize that, but we don't all practice it.

You must answer for the example you set to your children, but if it does not lead them to church services, you are making a grave mistake.

MASSEY-GALENA SCHOOLS

Quite a stor was made in school circles this week when the school authorities made a change in Upper Kent. The High School grade at Massey is being transported by truck to Galena High School and Miss Ware transferred as assistant teacher there.

STATE ROADS IN KENT

Every Section Feels The Need Of Better Roads — Rock Hall, Still Pond, Betterton, Massey And Millington Get State Roads And Now Quaker Neck Is To Have A Boost.

The time has arrived when a State road is the only road which will give satisfaction in winter. The automobile is here to stay and but few dirt roads can bear the traffic even in summer so that the demand from all parts of the county is for State roads.

Kent county has a progressive program and when completed will satisfy various interests. Rock Hall has been fixed up with elegant State roads running all the way to Gratitude, thru the town and all the way to Chestertown.

The road thru Still Pond to Betterton and from Kennedyville via Big Woods was finished last Fall.

The road from Ireland's Corner to Massey was finished last year and the contract from Massey toward Millington was let but not completed.

Another contract for less than a mile will be let this year so as to finish the road into Millington which is estimated will require about $20,000.

The County Commissioners at their meeting Tuesday decided, "That whatever money, not used in completing the Massey to Millington Lateral Road to the bridge at Millington, out of the 1923 appropriation, be used toward building a road leading from Chestertown to Pomona in the Seventh district."

This means that about $70,000 will be used to build a State road along Chester river toward Pomona. This district has been patiently waiting for this recognition. They have not had a penny spent for permanent roads and have cheerfully contributed toward roads in other districts.

Kent county's share of money has been curtailed because of a retrenchment in the U. S. Government fund of about fifty million last year.

There may be a fund come to Chestertown from the gasoline tax which will be used toward building a road on Princess street or Maple avenue.

Roads Engineer Applegarth is going to adopt this policy in Kent this year—build more gravel roads, do less work in fall, and join the taxpayers in making a dollar go farther than ever before.

COUNTY FAIR DATES

The annual meeting of the Del-Mar-Via-Penn Fairs and Racing Circuit representatives was held in Salisbury on Tuesday.

James M. Crockett, Pocomoke City was re-elected President of the Association and D. J. Ward, was again selected as secretary and treasurer. The dates for the fairs this year were agreed upon as follows:

Harrington, July 24-28.
Cambridge, July 31, August 1-3.
Tasley, August 7-10.
Pocomoke, August 14-17.
Salisbury, August 21-24.
Wilmington, August 27-31.

The most important change in program decided upon for 1923 was the adoption of the three heat plan in racing. This is an innovation in this circuit and makes every heat a race. The purse will be divided by three and apportioned among the horsemen contesting as they finish in each heat.

At the quarterly conference Saturday evening the usual reports were read and the present pastor was cordially invited to return next year. Revival services were continued during the evenings last week and resumed Monday. Mrs. Shallcross was ill and Miss Sarah Revelle was pianist during the day and Mrs. Helen Hague in the evening.
