THE "KENT NEWS."

There's a newspaper down near the Chester—
I've read it for many a year;
And while I'm not much of a jester,
I'll ask you to lend me your ear.
It's the paper that's printed on Friday—
In building that used to be red;
And often-times Friday is a wry day
For Editors—Billie and Fred.

When the press gets in touch with the "devil,"
Keeps smearing things over with ink;
When the "Run" drops awry—off the level,
'Tis time for somebody to think.
There's a call for a man in a hurry,
The man with the "Pep" and a head—
It is then there's no bluster or worry
With Editors—Billie and Fred.

When the linotype drops into capers,
It's never a season of prayers;
There's a cyclone o'er head 'mongst the papers—
The "Devil" comes falling down stairs.
In the sanctum all snug—busy whiling
The moments with scissors instead,
In this turmoil of life they'll be smiling,
These Editors—Billie and Fred.

But, the day keeps a rolling much nigher
When others work is apportioned much higher—
Their reward much better than gold.
When the mem'ries that linger,—grow stronger;
When visions now with us have fled;
When the "Kent News" will know them no longer,
These Editors—Billie and Fred.

Galena, Md. F. H. R.

Hon. T. Alan Goldsborough has sent the News a quantity of garden and flower seed for distribution. They are yours as long as they last.

Governor Ritchie has named Chas. McHenry Howard, Sylvan H. Lauchheimer, Charles F. Harley and James W. Chapman, Jr., to represent the State Bar Association at a conference in Wahington next Friday for the purpose of establishing an American Institute of Law.

The conference is regarded as one of the most important of its kind in many years. Elihu Root heads a committee which has invited governors, bar association heads, attorney-generals of states, judges and lawyers.

INCOME TAX FACTS

Revenue officers are visiting every county in the United States to aid taxpayers in the preparation of their income tax returns for the year 1922. Information concerning the date of their arrival and the location of their offices may be obtained by writing the collector of internal revenue for the district in which the taxpayer lives.

Forms for filling returns of individual net income for the year 1922 are being sent to taxpayers who filed returns for the year 1921. Failure to receive a form, however, does not relieve the taxpayer of his obligation to file a return and pay the tax on time, on or before March 15, 1923. The forms, 1040A for filing returns of net income $5,000 and less and 1040 for filing returns of net income in excess of $5,000, may be obtained from collectors of internal revenue and deputy collectors.

Returns are required of every single person whose net income for 1922 was $1,000 or more or whose gross income was $5,000 or more and of every married person whose net income was $2,000 or more or whose gross income was $5,000 or more. Careful study of the instructions on the forms will greatly aid in making a correct return.

Railroads are ordered by the Interstate Commission to resume the practice of selling interchangeable mileage books good for 2500 miles of travel at reductions of 20 per cent from the regular passenger rates.

Sale of the books must begin March 15, the Commission decided. A number of small railroads were excluded from the requirements of the order because of their financial inability to meet the reduction. Practically all of the Class 1 roads, however, must establish the reductions.

Re-establishment of the mileage book system, which was abandoned during the war, resulted from passage of a bill, introduced by Senator Watson (Republican) of Indiana, which directed railroads to again issue interchangeable books, subject to determination by the Interstae Commerce Commission as to whether there should be reduction in rates.

JOSIAH KIRBY OUT AS DISCOUNT HEAD

Thorough Reorganization of Management Of Cleveland Company May Follow.

After months of a steady fire of criticism from the financial publications and bankers, Josiah Kirby, president and a director of the Cleveland Discount Company, and some other officers closely associated with him in the management, have resigned. The resignations were in compliance with the request of a committee of bankers appointed some time ago to look into the company's affairs. The committee insisted on what is virtually a reorganization of the management of the huge concern Mr. Kirby had built up.

The company has representatives in several of the larger towns of the State, through whom it has sold large amounts of its stocks and collateral trust bonds.

Fred C. Emdi was made acting president and general manager pending the election of several new directors and the thorough reorganization of the management. A firm of auditors is making a complete audit of the company, after which it is promised a statement of its actual condition will be made public.

The stock of the Cleveland Discount Company, which is held by more than 18,000 persons all over the country, has depreciated rapidly of late, getting down to around $5 a shore. Many of these shares were received by bondholders at the rate of two shares for each $5.00 of collateral value of shares being at first $10 and later $20. These shares for a while sold as high as $35 until they began to pour in on the Cleveland market in volume. The bonds have held up better, but the serials have recently dropper 10 points.—Sun.

Later news states that a receivership has been appointed of a friendly nature.

Local politics in Kent received a ripple of surprise this week when a popular lady of Quaker Neck announced her candidacy. To prove her popularity a group of five men in town this week agreed that she would make a formidable candidate.

The Best In Cows

AT PRIVATE SALE

Mr. N. S. Hopkins has purchased one of our young registered cows. He also takes two heifers. These are a pair of the finest we have ever grown. To go with these young cattle he takes a young bull from our Colantha Cow. She was the first cow in Kent county to give over 80 pounds of milk per day. On official test she has made 7-day records for three consecutive years that average 560 pounds of milk and 23 pounds of butter.

She is the only cow in the State to have a 3-year old daughter to milk over 600 pounds in seven days. She also has a 7-day record 399 pounds milk and 15 pounds butter.

He is sired by our show bull whose dam was the first cow South of Mason and Dixon line to give over 24,000 pounds of milk and 1200 pounds butter in 1 year. There is a wonderful lot of production back of this young bull.

Mr. Hopkins is a son-in-law of Rev. S. S. Hepburn and expects to make his future home in Kent.

Let us fix you up with a young bull.
