Put your X mark in the box opposite the word Democratic and you will have done your duty.

The surest way to vote next Tuesday is to mark in the box opposite the word Democratic. 16 marks will vote for all Democrats.

The Democratic party stands out preeminently as the standard-bearer of progress in Maryland. For the past sixty years, since the Civil War, in fact, each and every piece of constructive legislation has been passed by and may be accredited to the Democratic party. Reflect if you will, upon the progressive works, within your memory — the Free School Book Law, enabling any child, rich or poor, to get an education, was passed and administered by the Democrats. The Budget System, putting the State government on a business-like basis, was passed by the Democratic party. The improved school system, our fine road system, the fewer elections, equal rights for women, governmental reorganization, and many other progressive measures are the result of Democratic rule.

What has the Republican party to offer you as an inducement to vote for its candidates?—NOTHING. No single act of constructive or beneficial work can be ascribed to their efforts.

GOVERNOR RITCHIE DESERVES ANOTHER TERM

It is not often that a candidate for Governor is supported by all of the leading Baltimore papers. Yet, in the present campaign, the Sun, the Evening Sun, the American and the Baltimore News are supporting Governor Albert C. Ritchie for re-election. This is an unusual state of affairs, and to say the least, is a powerful endorsement of the present Governor and his sterling record, and shows that the big city dailies recognize (above political parties) excellent service rendered to the people.

Albert C. Ritchie has made a good Governor. Industrious to an unusual degree, of sound judgment, progressive and mindful of the State's needs, he has discharged his various duties in a signal manner. Few candidates ever made more of greater promises than did Ritchie prior to his election. He promised more money for education, more roads, help for the feeble-minded, re-organization of the State departments, fewer elections. Every one of these promises has been kept. During his term, gradually, one after the other, each one of these events has been accomplished, and in a most thorough, efficient, money-saving and conscientious manner.

The remarkable part of Governor Ritchie's record is, that with all he has been able to bring to pass, the many beneficial and worthwhile improvements, that at the same time he has been able to reduce the State tax rate from 36 to 30 cents. Such a thing is almost beyond comprehension.

People may vote for Ritchie because he has done things. A few of them will do so not only because he has done things, but because he has done things economically, reducing the tax rate at the same time.

If ever a public official deserved support of the men of all parties, Albert C. Ritchie is that man.

Ritchie has been on trial for four years. He has made good. The people of Maryland are now on trial. Will they show their appreciation of exceptional public service by endorsing him again? We think they will, and in no uncertain terms.

The surest way to vote next Tuesday is to mark in the box opposite the word Democratic. 16 marks will vote for all Democrats.

Kent's local Democratic ticket was nominated in a fair and open Primary. Certainly they deserve the vote from each one who participated in that contest.

The Constitutional Amendment does not concern Kent county. It refers to Baltimore city judges salaries. If it is carried, the judges' pay in Baltimore will be increased, same being paid by city alone. Being an amendment it requires the vote of the whole State.

You should vote the Democratic ticket because the candidates represent a principle dear to the hearts of a large majority of the people of Kent county. We are living in the State and nation under party government and it is our part to make Kent county solidly Democratic.

The Democratic party should receive your support because of its record of achievement. The Republican party is great on promises which are never fulfilled. Governor Ritchie and other members of his administration have kept every promise they made to the people, and as a consequence they have proven themselves to be true and faithful public servants.

A PROGRESSIVE PARTY

In Kent County the Democrats have nominated a good ticket—one which deserves the support of all the people who desire the best government. There is every reason to believe every man on it will be elected.

It is an unusual situation in Baltimore for all of the great daily newspapers of that city to be supporting a Democratic candidate for election as Governor. Such is the case however. All of them are supporting Governor Ritchie—not because he is a Democrat, but because he has made a splendid Governor that they favor his remaining in the office another term. The indications are that the vote in Baltimore City will be largely for the Democratic ticket.

Should these reasons not convince you that it is better for Democrats to be in control of Maryland. Hearken further to the statement that the last four years of Democratic administration in this State has produced a series of beneficial works which have placed Maryland second to none in progress, and in the respect of the people of the entire country.

Kent countians who buy liquor from bootleggers or obtain it from other illegal sources, will be equally guilty with the seller in the future, according to a ruling handed down Monday by Judge Hugh M. Morris, in the United States District Court. The announcement came at the opening of the Court, when the jurist declared that, under the statutes of the United States, one is equally guilty with the other. Heretofore activities of the authorities have been directed against those who illegally sell or dispense intoxicating liquors, but under the new ruling those who buy wet goods will be equally guilty of violating the law.

The ruling was based on Section 37 of the Criminal Code, which provides that in case of a conspiracy of two or more to commit an offense against the United States, all are liable for the acts of the one; and each shall be fined not more than $10,000, or imprisoned for not more than two years of both.
