A Fine Sedan Anyone Can Own

How capably Buick provides the maximum of closed car comfort, power and utility is well expressed in this new 1924 four-cylinder, five-passenger Sedan. Everything that could be asked for is here. There is the well-proportioned, attractive body, Fisher-built. There is the famous Buick valve-in-head engine. There are the proved Buick four-wheel brakes.

Yet with all of its splendid qualities and mechanical superiorities, the price of this sedan is modest—within the means of the majority of motor car buyers.

Start with *one* room this year

Take, for instance, your dining room—or your living room. Certainly *you* would enjoy the charm of the bright, lustrous hardwood floor. Nor could your guests fail to sense the air of immaculate trimness it lends the entire room.
