He Don't Know What He Wants

had to give it up," is the way they refer in most clothing stores to a man who walks out without buying. They are wrong. He does know what he wants—that's the trouble. Men who are hard to please in a clothing store are generally good judges of clothing. They have a gift of spotting bad fabrics, poor patterns and skimpy tailoring. They know how a garment should fit.

We never complain of such men. ***Why should we ?*** *They are our best and most appreciative customers.*

We always fit them, no matter how large or how small, and our goods are made up so strong, and finished so well, that they are sure to please.

OUR {$5.00 6.75 8.50 10.00} SUITS

are some of the strong arguments we use to convince people of our leadership in value giving. They can't be matched anywhere for the money.

GALENA ITEMS.

Father Dolan closed on Sunday last at St. Dennis' Church a successful Mission and forty hours Devotion with an able sermon, text taken in part from the 140 Psalm. There was a very large congregation at each of the services during the week, a large part of whom was from the Protestant denomination. Father Dolan is a very pleasant speaker. Being a Missionary Priest having no regular Parish he often pays a visit to Father McManus and generally preaches when he is here on Sundays. He explains to the people in plain simple manner the different dogmas of the Catholic church and it will not be his fault if the congregations that attended this last Mission especially, are not well acquainted with the doctrine of the Catholic church. Father McManus assisted at the week's services. Father Dolan preached twice every day the whole week, relieving Father McManus very much.

The Sunday services in the other churches in town are well attended. Rev. Mr. Prettyman has good congregations as has also Rev. Mr. Edson at the Episcopal church.

The farmers are through planting corn and are now replanting. There is considerable complaint about the cutworm. There will be a large acreage of tomatoes planted in this neighborhood this season. Capt. Woodall expects to run his cannery this season up to its full capacity.

Politics in now booming. Whenever you see two or three persons together the conversation is generally on politics. The qualities good and bad of each of the candidates are canvassed. The people generally are pleased that the nominations are to be made early so that it may do away with so much controversary on political topics. The House of Delegates does not seem to have many attractions as there have been no names mentioned but that of Mr. Noland, of Tolchester.

Tuesday evening we had a severe storm here. Have not heard of any damage done. The road makers are now putting the roads in good condition and unless the weather continues very wet we will have good roads the rest of the season.

The announcement of Mr. James D. Kelley, that he is a candidate for sheriff, has put new zeal in Democratic politics down this way. Mr. Kelley is very popular here and will poll a big vote. And so in regard to the other candidates for sheriff; Mr. B. H. Coburn is making new friends daily, and Mr. J. W. One of the severest electric storms accompanied by a small cyclone passed over this section Tuesday evening about seven o'clock uprooting and twisting trees, leveling fences, especially the worm fence. The lightning and thunder was perfectly awful. It struck the stable on Mr. Geo. Harrison's place, tenanted by Mr. Robt. Warmsley, tearing out the gabel end.
