KENT NEWS Building Chestertown, Md.

HAD NO VOTE.

Bro. Corkran's View of Why Miss Kennard was Convicted—Doings at Rock Hall, etc.

Presiding Elder W. F. Corkran in a letter to the Peninsula Methodist writes as following concerning his recent visit to the charges in this county.

All hail to the W. C. T. U. of Kent county, Md. The whole county is under a prohib tion law, but there have been frequent violations of the law and the W. C. T. U. put on its war paint and instituted a general campaign. As a result there was a "feeling sense time" among the illicit dealers and their friends at the spring term of court, when some 8 or 10 of them were arraigned, but as is frequent all of the men accused escaped justice for the time being, and only one woman—a notorious character—but without a vote and having no husband to vote, was sent to the House of Correction for 9 months The good women were roundly abused and rebuked by some, but they were approved of heaven and the better element of the county. They will be heard from again. God bless the women and give them courage. If the country is saved they must do it.

I reached Rock Hall on the 7th in the midst of the sizzling heat, and found Bro. Gurthrie and his people happy and hopeful. The people don't understand how it is they are favored with such a good preacher. The explanation is this: The authorities believe in splendid possibilities and recognize the needs of the charge and the preachers are looking for the place that offer large success and faithful toil. The great desire of the heart of the ministry is the success of the work. One of the great needs of Rock Hall is a new church and when with faith, courage and liberality, this need is met, there will come a great blessing from heaven and a transformation to the community. I am glad to say the new church sentiment is growing and Bro. Guthrie is carefully maturing it. The congregations crowd the chu ch, the Sunday school is very large, the Epworth League is thoroughly alive and all signs point to better times yet, the whole church and community should exert itself against the Sabbath desecration incident to its pr ximity to Tolchester.

There are some signs of returning life at Piney Neck. Some interest is taken in class meetings, the Sunday school is growing in interest, the ladies are having the parsonage papered, and at the quarterly conference some brethren came forward and expressed a willingness to solicit funds for the support of the pastor.

Bro. Morris is very much beliked and it looks as if the settlement of a full fledged preacher in that charge would bring about a better state of affairs. There are splendid possibilities here and they should be utilized.

Bro. Cannon is winning his way at Pomona, though a young man he has had much experience in the ministry both as pastor and Presiding Elder and notwithstanding he is in the wake of a man—Bro. Vandyke—who makes it very interesting, in the best sense for his successors, yet I am very sure that Bro. C. is equal to the situation and the work will be more than sustained. Bond Chapel is blessed with a very superior Ladies Aid and since Conference they have raised more than $100, which they are expending in, on and around the parsonage. Mowbray Chapel is expending $50 or more on Church property.

Chestertown moves up $150 on Salary. Bro. and Sister Dodd are making their way rapidly into the esteem and affection of the people and the outlook is full of promise.

WM. F. RUSSELL, Cashier.

Chestertown, May 13, 1899.

Men do not like to go to doctors. Nine times out of ten they wait until they are laid flat on their backs before they will consult a physician. There is some reason in this, for when a business man feels out of sorts and goes to a physician, he is often given violent drugs that make him, for a time, unfit for business and really sick.

There is a way of avoiding both extremes—that of neglecting the health and that of taking violent drugs that rack the entire system—it is always to keep on hand a bottle of Dr. Pierce's Golden Medical Discovery. If a man will resort to this great medicine whenever he feels that he is out of sorts and threatened with illness, he may keep in good health. It is the great appetite sharpener, blood-maker and flesh-builder. It fills the arteries with the rich, red, tissue-building blood of health. It does not make flabby fat like cod liver oil, but the solid, muscular and nerve tissues of health. It does not make corpulent people more corpulent.

"I want to inform you of a cure effected by Dr. Pierce's medicines," writes Mrs. Nelson Smith, of Mount Vernon, Jefferson Co., Ills. "About six years ago I had grip, ending with bronchitis and consumption. In the spring of 1896 my condition became very serious. I had consumption and I coughed day and night; could not lie down at all. Our family doctor said I could not get well. The neighbors came in to see me die, and a lady friend recommended Dr. Pierce's medicines so strongly that we immediately sent out and bought six bottles of his 'Golden Medical Discovery' and 'Favorite Prescription.' After using these medicines, found I was receiving benefit and continued. I weighed 120 when I commenced taking medicines, now weigh 170. I sleep well, have a splendid appetite, feel well, and believe I am entirely cured. I am thankful to God and to Dr. Pierce for those wonderful medicines. I want to add that I am a wonder to my neighbors and friends."

Ham Fat Saved Her Life.

Physician at the Cooper Hospital, Camden, N. J., attribute the saving of the life of Nellie E. Henry to a piece of ham fat. The woman, who is 34 years of age, is employed as domestic at No. 527 Berkley street. She was attacked with hemorrhage of the nose. Home remedies was tried with a view of stopping the flow of blood. All failing physicians was summoned, and he worked for several hours with the patient, and he failed he summoned a brother doctor. All the science that the two medical men could bring to bear on the case failed to stop the hemorrhage.

All night and the greater part of next day the blood continued to flow, and finally it was decided to send the women to the Cooper Hospital. There the physicians tried all sorts of plans to bring relief. The woman was slowly bleeding to death. Then an old-time remedy of packing the nostrils with strips of ham fat was suggested. This was tried, with result that the flow of blood was stopped.

In regard to the tomato crop in Harford the Havre de Grace Republican says: The planting of the tomato this season has been a very expensive one to the farmer, but by the appearance of crop at present, the planter begins to feel encouraged for the extra expenses incurred. The finest prospect for a large yield at present is near Havre de Grace and above Aberdeen, where the experienced growers and canners reside

HONESTY IS THE BEST POLICY.

Honest goods, honest prices and honest dealings will surely bring success. Every hour proves it. The last days of the nineteenth century show nothing more clearly. We believe this fact and our works demonstrate our belief. Our goods are warran ed to be exactly as represented, that is honest; our goods are guaranteed to give perfect satisfaction, that is honest. If any article of jewelry of our manufacture does not give perfect satisfaction we will refund the money paid for such articles; that too is honest.

B. S. SUTTON of Blacks, Md., have a complete assortment of our goods in his store for sale at prices that defy competition. These goods are made from rolled gold, gold filled or solid gold stock and are warranted to give perfect satisfaction or the money will be refunded.

If this notice should reach anyone living far away from B. S. SUTTON'S store, or any other customer of ours, to permit their purchasing the goods of our customers, we will sell the goods at retail to such persons, under the warranty, and deliver by mail. We will also send printed instructions as to the care of the jewelry, how to clean it, etc., on application.
