MILLINGTON CHURCH ITEMS.

Preaching in Millington M. E. Church Aug. 12th by the pastor.

The Rev. H. S. Dulany returns this week from an extended tour through Pennsylvania, Northern and Southern Maryland and Virginia. He preached in East Baltimore Station M. E. Church July 29th morning and evening, and Sumit Grove Camp, Pa., the 30th. He was booked for Wednesday and Thursday evenings but calls from other points required his departure. He continued to preach as he went, viz., Fruitland, Md., and Melson's Camp. He rejoices in the reception given him and family at the various points and returns to take up the fall work on his charge. His first campaign will be in the suburb of Millington. A large tent has been ordered and is to be pitched on the Spear lot in South Millington, and services will be held nightly, beginning Sunday morning, Aug. 19th. The public is cordially invited.

The second quarterly conference for Millington circuit will be held Aug. 18th in Millington at 10.30 a. m. The Rev. Dr. Corkran will preach Sunday morning at 10.30. A welcome to all.

On Aug. 26th the Rev. H. S. Dulany will conduct a "cross and flying leaf service" in Millington M. E. Church. Come reader. A souviner will be given to those present, gratis.

WESLEYAN CHAPEL ITEMS.

Wesleyan Chapel rejoices in "Showers of Blessings" which came on last Thursday through the Convention of the Kent County Union of Christian Endeavor. The theme of the pastor on Sunday last was, "After the Convention, What?" The convention decorations were still in place and the hallowed influence of the convention seemed still to fill the place.

The Sunday school seemed unusually large on Sunday which was commended by the efficient and popular superintendent, Mr. Marion Miller. A large number partook of communion service following the morning sermon.

The C. E. service in the evening was well attended and the topic made very interesting under the leadership of Mr. Lewin Skirven. The reception service of new members was very impressively carried out by the enthusiastic and efficient president of the local society, Miss Bessie Miller.

Mr. Samuel Burgess, who has a large class of interesting young ladies in the Sunday school, reviewed the lesson and gave a very impressive talk on the same Sunday morning.

The sermon by the pastor next Sunday morning will be in the interest of young ladies. A full attendance is solicited. Christian Endeavor topic for Sunday evening is "Zeal," leader, Miss Ella Stevens.

The Ladies Aid meeting in the home of Mrs. Hanson on Monday evening was largely attended and unusually interesting. In the absence of the President, Miss Sallie Maslin, Mrs. Lulu Gale, vice-president, presided. The minutes of the efficient secretary, Miss Lillian Stevens, for the previous meeting were unusually interesting.

Under the auspices of the Society a Lawn Fete will be held in the large and comfortable lawn of Mrs. Hanson at Rock Hall on Saturday evening next, the 11th. It is the endeavor of the ladies to make this one the most interesting and attractive occasions of the season. They hope to have a very large patronage of all the people of the county. Proceeds for the benefit of parsonage. Refreshments will be served by the ladies in the most attractive and entertaining manner.

"NO BRIBERY" THE BATTLE CRY.

A Strong Movement to Purify Maryland Politics.

Monday's Baltimore American.

There is a movement now on foot, backed by gentlemen whose names are prominent in the affairs of Baltimore, and endorsed by prominent citizens of the counties, which, when consumated, is likely to play an important role in the future of Maryland politics. The scheme is now in its incipiency, and is being slowly worked to a full state of development before it will be disclosed to the public. It is to prevent any interference with the progress of their plans that the promoters at this juncture are suppressing their names. When the whole thing is completed and organization is under way all secrecy will be ended, and the public will be informed.

The underlaying purpose of the movement is to terminate or check the practice of political bribery. The plan of campaign is broad and sweeping. It is proposed to attack bribery from three points. It is first intended to arouse public sentiment to a full realization of its evils and to throw the power of that settlement against it. It is further expected to attack it in a practical manner, bringing to bear the machinery of the law to help crush it. Finally, it is proposed to enlist anti-bribery league which will actively antagonize the whole army of bribers.

The modus operandi of the crusade is very simple. The campaign will originate in one of the counties, probably one of the nine located on the Eastern Shore. The movement will start with the organization in that county of a non-partisan anti-bribery association. The membership of the association will be an invited one in the first instance. Special pains will be taken to include gentlemen of all shades of political opinion, but who are known to be adversaries of the bribery evil and who are prepared to make an aggressive fight against bribers and bribery. The association will be stripped of all partisan features and relationship. Political measures and the influence of political parties will be barred from its workings. Nothing will find consideration except the actual practice of bribery and those who are guilty of the practice.

What one man found.

Indeed it hasn't been one man, but thousands, and not man alone, but women and boys and girls and even children that have found out that many a headache was in reality an eye ache, caused by strained eyes, brought on by eyes that should have been protected and helped by proper glasses.

And just a word about glasses:

The eye is a peculiarly delicate organ, so sensitive that you should never allow anyone to prescribe glasses for you whom you don't know to be eminently fitted by study and years of experience. Some disorders of the eyes require the Professional treatment of an oculist, while many defects can be easily remedied by a careful, experienced optician.

We are opticians, not oculists, but we are careful, experienced and thoroughly reliable.

We will examine your eyes free of charge, and furnish you with the proper glasses at a moderate cost, or if your eyes need an oculists attention, we will frankly tell you.

No one but a member of our firm examines your eyes here, hence you can be sure of the most scientific painstaking methods only being employed.
