Master Edward Diffendall, aged 15 years, son of Mr. Joseph Diffendall, of this city, while visiting his uncle, near Graceham, on Wednesday, undertook to ride a refractory horse, which ran away with him. He jumped off the animal and fell on his arm, fracturing the bones of the forearm. He was brought to his home in this city, where the fracture was adjusted by Dr. M. L. Bott.

Mrs. Annie Roop, wife of Mr. Joseph Roop, of Union Bridge, was found dead in bed, at her home in that place on Thursday morning last. She retired the evening previous in her usual health. The cause of her death is not fully known, but is supposed to have been apoplexy. She was about 67 years of age and leaves three sons and two daughters. Mr. Geo. M. A copious rain prevailed here yesterday morning, with the prospect of its further continuance. The ground is well saturated.

O. Smith, No. 223 Chestnut avenue, Hampden, at noon on Tuesday, 5th inst. He leaves one son and three daughters.

Captain Henry Galt, a well-known retired seafaring man, died last Saturday afternoon, at four o'clock, at his home on Eden street, near Gough, Baltimore. Captain Galt was in his eighty-fifth year. General decline was the cause of death. Though a Baltimorean by birth, his boyhood days were spent mostly in Carroll county. Early in life Captain Galt developed a fondness for the sea, and when quite young embarked on his first cruise. Captain Galt leaves three children, one of whom (Henry Galt) is now at sea. The deceased was a member of the Charitable Marine Society, and was well known in shipping circles.

The venerable Francis Shriver, of this city, now in the 80th year of his age, left here on Thursday morning for Dennysville, Me., to attend the silver wedding of his son-in-law and daughter, Dr. and Mrs. John P. A severe wind storm, accompanied by a heavy rain, passed over the northern section of this county on Friday afternoon of last week. In Bachman's Valley and at other points the growing corn was prostrated by the wind, but the copious rain that followed more than compensated for any damage that may have occurred from that cause. The ground was thoroughly saturated and plowing made possible and easy. In this city and further south the rainfall was light. A fine rain, however, visited us on Tuesday night, and cheerful reports are now heard concerning the prospects for fair fall crops. Farmers are also able to plow for fall seeding and much work of that sort has been done during the past week.

Mr. A. T. Gardner, of the Western Maryland Railroad, has been elected manager of the car-service bureau, an organization of which was effected last week at Camden Station, Baltimore. All About New Windsor—Letter from Monterey.

BLUE RIDGE SUMMIT, Franklin Co., Pa., August 1st, 1890.—MR. EDITOR.—Having a few days leisure amidst the mountains, I send you a few New Windsor items.

Although our town is classified with the fossils by those who are envious, or by those who know no better, we are gratified to learn from the census enumerator that its population has increased in ratio with any other in the county. At the same time, the spirit of improvement has not been dormant, as the painter's brush, the carpenter's saw and chisel, and the stone-mason's hammer can well attest. The air is rife with the spirit of enterprise and the demands of the community, on every hand, are met forthwith with the investment of capital and the employment of laborers. Our soil is rich and productive; a canning factory was a necessity. Messrs. Baile & Stouffer, to whom the greatest credit is due for their enterprise, filled the bill. Thousands of dollars, annually, are disbursed by them to our farmers and laborers, that would otherwise have kept us poorer indeed. Those who make a market, employ and consume, are those to whom the producer and the whole community should feel indebted. This is what Messrs. Baile & Stouffer have done, and are doing. Their goods to-day stand unsurpassed in the market, and command higher prices than those of similar establishments.

Again, the farmers finding grain unprofitable as a commodity, a dairy and creamery became essential. Mr. A. W. Bloom, prompted by the good will of the people, met the case. He purchased the large machine shop of Peter Engel for $2500, and employed a number of hands to thoroughly fit it up with all the modern improvements of a first class creamery and ice cream establishment. This will make a home demand for milk and cream, which will be appreciated by the farmer, who has been fleeced by the wily tongued milkman in Baltimore. Who says this is not an enterprise, and a worthy one? I might enumerate many others, but that would make a short letter long.

Our streets have been macadamized this season, which certainly relieves us of much mud and dust.

Mr. and Mrs. J. Frank Geatty have been entertaining Misses Ella Childs, Eva Childs, Clara Tudor and Blanche Sanders, all of Baltimore.

The town is a popular summer resort at this time. The Windsor Sulphur Springs summer resort has its full complement of guests, while Dielman's Hotel and the boarding houses are filled. We are glad to see the "summer boarders." Their faces relieve our streets of a long, dreary summer's monotony, that nothing else could do.

The Independent Order of Odd-Fellows here propose running an excursion train to the Granger's pic-nic at William's Grove, on the 27th inst., of which due notice will be given in the column's of the SENTINEL. A large crowd is anticipated, considering the greatly reduced rates.

One of the most disgusting "fads" of the season here, fatally extinct elsewhere, is the wearing of a conspicuously small hat by a few young men, on the space between the crown and the base of the head, or in other words the posterior portion of the shirt-collar, as if their brains were too weak to bear the burden. Young man, wear your hat in the same position as your father did. If you have as much sense now as he, you will be millionaires. Don't be a street show, a "flat," or a target. If you have a handsome forehead, it will be duly credited to you, without so much exposure to the wind and sun.

We notice the name of our esteemed townsman, Mr. J. Frank Getty, registered at Monterey Hotel, where his parents and sisters are now summering. This resort is now the most popular on Blue Ridge. The beautiful lawns, elegant appointments, superior cuisine, and more than all, the efficient management of Mr. H. S. Milnor, make it a Mecca for the pleasure or health seeker from every city in the land.
DEMOCRITUS.

Sykesville Items.

Our summer boarding houses are filled to their utmost capacity, Mrs. C. A. Warfield alone having between fifty and sixty. Mrs. Gorsuch, Mrs. Donovan, Mrs. Polk, Mrs. Flournoy, and Mrs. Lee all have their houses full. Sykesville and vicinity is fast becoming a favorite place for summer boarders, and since we have "local option" we can boast of having one of the most peaceable villages in the State. Quarreling and fighting are seldom seen or heard where they used to be almost a daily occurrence.

A two-year-old child of Mr. Asa Hepner fell from a second story window, a distance of fifteen feet, on Saturday evening last, and escaped without being hurt. It went to playing and laughing soon afterward.

Mrs. R. McCrone is visiting friends at Shrewsbury, Pa.

Quite a number of our citizens visited Mt. Airy camp on last Sunday, and all seemed well pleased with everything except the quality of the dinner and price they had to pay for it. The charge was 75 cents and very little to eat, and the quality of that little very poor.

Walter Chronister had his arm broken, yesterday, by being thrown off a load of hay, which he was helping his uncle, Michael Chronister, to haul. At present writing he is seriously ill. The accident was a doubly sad one, as he is a cripple, having had his back hurt some years ago.

It is reported that the Granite quarries here, operated by Mr. W. F. Weller, will not be worked after the 15th of August. It is to be regretted, as this industry employs about fifty men. Cessation of its operations means a considerable loss to Sykesville.

The bulk of the threshing in this neighborhood is done. The crop was not an average one. Prices range from 90 to 98 cents.

Our genial and accommodating postmaster, Mr. E. M. Mellor, offers his services to his friends and the public in general as a chaperon. That he is an adept at the business no one will dispute.

Easton Brothers, with their improved thresher, are doing a large amount of work for the farmers in this section.

Chicken thieves are doing such a work that the death-trap will be brought into use for them. It was in a similar way that Mosher and Douglas lost their lives, one of whom fell dead without speaking, while the other only lived to confess his crime and call for a minister, but died before the minister came.

A wail is going up from the Democratic party because the administration proposes to put money into circulation among the working classes. They hold that it should remain in the treasury. They seem to forget that the State treasury is empty, and the country will ever believe that there is something covered up in connection with the fact of what became of the money that would be very damaging to the party if the secret could be unearthed. It would look more modest if the Democracy would shed some of their tears over the bankrupt condition of this State after a quarter of a century of Democratic rule and slaughter upon the working classes.

Tyrone Items.

After an illness of a few weeks Mr. John Hesson died at his residence, near here, on the 24th ult., aged about 73 years. The funeral services, conducted by Rev. D. A. Souders, were held on the Saturday afternoon following, in the presence of a large number of relatives and friends. Mr. Hesson was a resident of this vicinity during the whole of his life, and was for many years a consistent member of the Reformed Church. He was an upright honest man and liberal contributor to every good cause. He was a member of a well-known and highly respected family of which an aged sister is the only survivor. His kind disposition and ready smile found him favor with all, and he was known as Uncle John by everybody in the community. Our loss is not yet realized, but we know he is now in the presence of that Being "in whose favour is life," and whose smile is the sunshine of the world of spirits.

The celebration of Baust's Sabbath School on last Saturday was well attended and highly pleasing to all. After treating the school of 125 members there was realized a net profit of $27.

Dr. E. B. Simpson spent the first of this week in McSherrystown visiting his sister.

Shipley Items.

We have been enjoying a very pleasant spell of good weather and without storms. We have had several nice corn showers recently and the corn here is promising nicely. Everything seems to be prosperous here and our farmers have been kept busily engaged threshing out their wheat crops, hauling away wheat, and making preparations for fall seeding. The wheat crop of this year seems to be running an average of 16 bushels per acre. Some get 22 bushels per acre; some only 10 and 11, and on up. The potato crop is fair thus far, if they escape the rot.

Zion Sabbath School will hold its festival this year on the second Saturday of September.

Mr. Grove J. Shipley has his building now in a fair way. He has the whole structure up, weatherboarded, and under roof, ready for the plasterers and painters. Wheat and Grass.

We manufacture our Dissolved Raw Bone Phosphate from Animal Bone Stock and Potash. It contains the necessary elements for the growing crops and will improve the soil, and the effects can readily be seen upon succeeding crops.

N. I. GORSUCH & SON,

GENTLEMEN:—I used your Dissolved Raw Bone Phosphate by the side of other Fertilizer, for which I paid more money. Where I used your Fertilizer I had as much wheat and decidedly better quality than where I used the higher priced Fertilizer. I use yours this fall.

JOHN O. DEVRIES,

N. I. GORSUCH & SON,

DEAR SIRS:—I used a hundred pounds more Fertilizer of another manufacture on my wheat by the side of yours. Where I used yours I have my best wheat.

FARMERS

Clean Your Own Seed Wheat!

READ THE TESTIMONIALS.

MR. JOHN C. FRIZELL,
Westminster, Md.

DEAR SIR: Last year I purchased one of your "Hawley Seed Wheat Cleaners and Graders" for the Alms House Farm, and it affords me great pleasure to state that it is one of the most perfect machines for cleaning seed wheat I ever saw. It takes out all cockle, garlic, cheat and all small grains of wheat, and leaves nothing but the pure, large, healthy grains for sowing purposes. I can recommend it to all farmers.

DAVID STONER,
President of the Board of County Commissioners for Carroll County.

We hereby certify that we have carefully examined the new Seed Wheat Cleaner and Grader's work, and can cheerfully and willingly endorse President Stoner's letter as above. It is a perfect machine for cleaning seed wheat. [Signed.]
