Resolutions of Respect.

WHEREAS, on January 28, 1903 our heavenly Father in his all wise providence has seen fit to remove from our Ladies Aid Society and community, Mrs. JULIA RAYMOND, an honored, faithful sister, while we bow in humble submission to the will of our Creator we would express our deep sorrow at the loss of our esteemed sister and shall always be remembered as a member of the society, Mrs. Raymond was ever faithful and active, we will ever miss her loving face in our meetings.

We extend to her husband our most sincere sympathy in this hour of his great affliction.

The depths of our sorrow tongues cannot tell
At the loss of one we loved so well,
And while she lies in peaceful sleep,
Her sacred memory we shall always keep.
Rest on dear sister thy labor is o'er,
Your willing hands will toil no more,
And in the years swift rolling by thou will not be forgotten,
For in our hearts for thee must bloom the sweet for-get-me-nots.

YOUNG LADY BURNED TO DEATH.—Miss Morris Anna Nelson, aged 19 years, was burned to death Thursday at her home, at Nottingham, Cecil county. She was raking the fire, when a live coal dropped into her lap and set fire to her clothing. Before the flames could be extinguished she was so badly burned that death followed a few hours later. Her cousin, Mabel Matthews, who attempted to extinguish the flames, was badly burned about the hands and may lose one.

THE Susquehanna Power Company organized to build a power plant at Peach Bottom, on the Susquehanna river, has made the first show of practical operations by placing a force of men at work on both sides of the river.

THE citizens of Colora, Cecil county, have subscribed the necessary amount for the establishment of a fiber plant in that town.

FATALTY AMONG HORSES.—Mr. Jacob Snyder, of Germantown, near Laurel, Md., lost another fine draft horse, valued at $125, this week by the disease that has caused the death already of five of his working animals, valued at over $600. Dr. John Rome, a veterinary surgeon of Washington, who is located at Germantown by the Washington authorities as inspector of milk and dairies, finds that the death of the animals is due to immature feed. He says that late in the fall very wet weather caught a large amount of the fodder and corn out in shocks, which did not mature properly and became rotten and musty, poisoning the system, causing death.

MARRIED.—Miss Miriam Cleaver, the daughter of Mr. and Mrs. J. M. Cleaver, was married last week to Mrs William Henry Green, of Middletown, by Rev. Samues M. Perry. Miss Nellie Egee, of Chesapeake City, was maid of honor. The bridesmaids were Misses Hearn and Davidson, of Smyrna, Del. Little Miss Taylor was flower girl. Lewis Green was the groomsman.

PEACHES RUINED IN THE SOUTH.—The leading fruit growers and handlers of peaches in the South, and especially Tennessee, haye made examination of the peach orchards and say that they believe the whole crop is killed, both on the ridges and in the bottom lands. It is a little early to tell anything at all about the crop in Kent, but down South exceeding warm weather has been experienced for several weeks, followed by rains, and changing to almost zero weather, which was more than the tender buds could stand and they of course succumbed. In some of the orchards the trees were beginning to bloom. A number of examinations have been made of Georgia orchards and experts say nearly all the early varieties of peaches are killed. Many farmers say they have noticed that the peach crop is ruined every four years and this is the year the blight is due.
