CHESTERTOWN, MD. DEC. 12, 1903.

SMALL POX has appeared in Easton.

MR. M. W. THOMAS has received his appointment as Postmaster of Chestertown and will take charge Jan. 1st.

A GREAT MAN has fallen! Dr. John Lanahan, a leader in the Methodist Episcopal Church, and a familiar figure in the Baltimore book concern, sweetly fell asleep last Monday and now rejoices with the glorified.

JUDGE PARKER has a fresh boom as a Democratic Presidential candidate by a movement to give him the vote of New York. He is a good man and it would be surprising if his own State did not favor his nomination. But the general outlook throughout the country is favorable to Senator Gorman. The great masses of the party seem to be looking to him as the one man who can beat the Republican candidate, especially if it be Roosevelt. And the indications now point to the Senator's nomination.

Working It Up.

The Baltimore Sun of Wednesday gives a half column *news* report of "the strong Rayner sentiment" in Howard county, and says the gathering of people in Ellicott City on Tuesday evidenced that "the strongest influence in Howard county politics was with Mr. Rayner."

The Herald of the same date had its correspondents covering the same territory, and here is the report from this impartial source:

"Several of the Howard county friends of Isidor Rayner were about the courthouse here today in an endeavor to work up interest in the proposed public meeting to be held here in his behalf for the U. S. senatorship. The arrangements seemed to be *altogether in the hands of the so-called independent element of the Howard county Democrats*, the hesitancy to participate in the movement on the part of the regulars being well defined. The sentiment in regard to the boom of Mr. Rayner is evidently very much divided among the Howard county democracy."

"Several of the Howard county friends of Mr. Rayner" instead of "the gathering of people," and these several were trying to "work up an interest" for Mr. R. The Sun makes it an enthusiastic boom! But worse still the impartial report says "the arrangements seemed to be in the hands of the so-called *independent element* of the Howard county Democracy!"

A Decided Failure.

The popular "uprising" in favor of Mr. Rayner, which was so confidently predicted by that distinguished gentleman and his friends, has not materialized. Two meetings have been held—one at Annapolis, the State capital, and the other at Rockville, in Montgomery county. Every effort was used to make these meetings loud-voiced popular demonstrations in favor of Mr. Rayner for U. S. Senator.

What is the result?

The Annapolis meeting was attended by *only thirty-seven people!*

Its friends were so disappointed that they immediately announced that a *second meeting* would be held in the near future. Another discouraging fact connected with this Annapolis meeting is that it was organized and managed by the disorganizers of the last legislative session. Those who kicked from the traces and co-operated with Mr. Straus and the Republicans to prevent—and did prevent—the wholesome legislation so much desired by the Democrats.

Is it any wonder now that Mr. Rayner cannot claim a single member of the Anne Arundel delegation? Gov. Smith will receive the solid vote of that county without the shadow of a doubt.

The Rockville meeting was worse still, considering the efforts made to guarantee success. It was heralded all over the State as a coming cyclone of Rayner approval. His Sun organ reiterated the promised storm and shuddered for the poor Governor, and the Ex-Governor, and the gallant Miles, who were so soon to be overwhelmed! And it wondered that the people did not fly to its sheltering Democratic arms for protection! It said that hundreds of personal invitations had been sent out through the mail, and, besides all this, the eloquent orator himself was present and made one of his fine speeches, which alone should have drawn a large assemblage. But how was it? According to the impartial report of the Baltimore Herald the number present by actual count aggregated *one hundred and thirty persons!*

And this in a county which had just cast 3,200 Democratic votes!

These are the facts that speak more significantly than all the bald declarations of the Sun or its candidate.

REVIVAL MEETINGS continue at the Asbury M. E. Church, with unabated interest. Conversions have been numerous, and the work is widespread. These services will continue over Sunday, December 13. All are cordially invited.

Turn the Rascals Out!

Senator Gorman is now grappling with the Postoffice frauds. As the great leader of the National Democracy he calls upon the Republican administration to give all the facts in regard to the postoffice rottenness and significantly said: "Then let us see if the President will turn the rascals out." This is a home thrust. Talk is cheap. Give the facts. Then *do* something. The frauds astounded the country by their magnitude. While President Roosevelt is fingering the political wires regardless of meddling improprieties, in order to secure for himself a Presidential nomination, his office holders are fingering the postoffice till and stealing millions!

The Democratic party and the whole country may rejoice that Senator Gorman is "in the Democratic saddle" and is fully able to cope with the greatest of the opposition elements. The whole country is watching his latest moves and hail his efforts with special interest.
