FROM AFRICA TO HEAVEN.

February 20th the following cablegram was received at 1:50 5th Avenue, New York, Missionary Headquarters for the Methodist Episcopal Church:

We grieve to report that Mrs. Ball has died after a short illness.

Mrs. Cora Lee Ayars, wife of the Rev. H. E. Ball, 35 years of age, a native of Maryland, graduate of Fort Worth University, married in 1898 and missionary in Angola, Africa, almost three years.

Mrs. Ball was converted in early life, sanctified wholly in 1895, and by a life of even Christian consistency adorned the profession which she made. Her highest ambition was to carry the gospel of Jesus Christ to those who know it not; she lived for that purpose, and though frail in body, the Lord permitted her to live in darkest Africa before He called her to His home in Heaven

Her light will shine on; death cannot put it out, not even lessen the brightness of its rays; others will volunteer to take her place in the foreign field, and through her influence and example many from Africa, as well from America, will be prepared to stand on the right hand in the great day. Her's is a bright crown and a rich reward.

Mrs. Ball leaves a husband, a son, two years of age, two sisters and three brothers.

Mrs. Ball was the daughter of the late Wm. Ayars of Still Pond, Kent County Md., and grand daughter of a very noted pioneer preacher on this peninsula Rev. J. B. Ayars of the Philadelphia M. E. Conference.—The Record.

THE NEURALGIA CURE.

The statement in the KENT NEWS a few weeks ago that a lady in Chestertown had bound her pet cat to her head for neuralgia has been commented upon by the press generally. We give a few clippings. The idea was that the heat from the cat was charged with electricity! The Centreville Observer says:

A Chestertown lady is deserving of a medal for having discovered a cure for that bothersome trouble, neuralgia. She takes the pet cat, binds it to her head and lo! the neuralgia disappears. This is said to be a sure remedy. The principle is that a cat possesses considerable magnetism which electrifies the brain and thereby allays all pain. Before using pussy as a cat's paw we would advise all who use this remedy to bandage the paw or clip the claws before binding pussy to the head. Between cat scratches and neuralgia there is not the toss of a penny's difference.

The Sun suggests that the lady also put herself on a diet of "current" pie.

The Evening News says the German name for this treatment would be "Katzenjamer."

Delegates Elected.—Much interest was manifested in the Wilmington Conference in the election of delegates to the General Conference of the church, which meets in Los Angeles, California, May 2nd. The delegates chosen are as follows: Ministerial—Rev. W. F. Corkran, of Georgetown; Rev. A. S. Mowbray, Port Deposit; Rev. Adam Stengle, P. E., Salisbury; Rev. C. S. Baker, P. E., Dover. Lay—Hon. Chas. B. Lore, Wilmington; Richard M. Cooper, Cheswold; Henry P. Cannon, Bridgeville; and James A. Ellegood, Esq., Salisbury, Md.

Thirty-two Snows.—The weather bureau says the present winter will go down in history as one of a great many snows. In November there were four snows, though they were but light, and were followed by several extremely cold snaps.

In December the snow fell nine times some of which were tolerably heavy In January ten more were added, and February contributed six. March has so far had three, making a total of 32 snows.

If March upholds her reputation the winter may break the record in the number of snows. The present figures exceed by five the average number of snows in every winter for the last 30 years.

THE supply of Smiths in Utah is fully equal to the demand. All orders will be promptly filled by Joseph F. Smith & Co., proprietors.
