TO OUR SUBSCRIBERS—If you do not get your KENT NEWS on time notify your carrier or postmaster and also inform us and we will see to it that you do You should get your paper regularly and when you do not either the post office department or we are responsible for it.

VOTERS: Remember that TWO squares should be marked—one opposite names of President and Vice-President and *the other for the Congressman.*

DEMOCRATS, TAKE NOTICE!—Be sure and make TWO marks, one in box opposite Parker and Davis and the other opposite Thomas A. Smith.

MR. FRED WILSON, the fifth district Republican leader was in town on Thursday to greet Congressman Jackson. He painted a rosy picture for him no doubt.

A COLORED CITIZEN of Kent county wants to know if something can't be done to keep white stump speakers from their churches on Sunday! He says he goes to church to worship God and upon arriving there finds certain white politicians on hand and occupying the pulpit!

THE AUDITORS REPORT, published in this issue, will be an interesting paper to our readers generally, and especially to the tax-payers of the county. It represents several months' laborious work by three of the most intelligent business men of the county, whose integrity and faithfulness in the work no one will question. The figures presented are simply the results of the investigations and gives no idea of the laborious detail work in going through the various books and papers that had to be examined.

SHORTEN THE ROUTE.

By Cutting Three Miles at the Narrows—Nine Miles in River Length Saved.

It only needs a glance at the map to show the remarkable crookedness of Chester river. The change in the ownership of the Chester River Steamboat Company suggests the possibility of an improvement in this important river route to Baltimore. It would only need the proper representation and ernest effort on the part of the great interest involved to secure speedy action by the U. S. Government by which this great waterway may be vastly improved and the distance shortened.

By the circuitous route now traveled it is fifty-one miles by Chester river to Baltimore. By cutting a channel across the narrow strip at Eastern Neck Island Narrows—a distance of three miles from the channel of the river to deep water at the river mouth—a distance of nine miles would be saved, lessening the distance to Baltimore to forty two miles and the time shortened fully one hour.

In this improvement the channel opening would be from Ringgold's Point to a point just above Wilsons' point by way of the deep water at the Narrows bridge. The whole three miles required to be dredged is covered with water, some of it is very deep, but the greater length is flaty.

The Pennsylvania R. R. Co, is one of the greatest corperations in the United States and its direct interest along the lines suggested would seem to indicate a reasonable ground for hope that such an improvement will be speedily made.

The citizens of both our rich and intelligent counties will need no education to see the great value of such a short route to our chief city and will, we are sure, cordially second the movement to get the next session of Congress to do the work.

The members of Congress from every Maryland district will certainly unite their efforts to accomplish such a desirable undertaking.

The cost will be comparatively small and the time allotted for the work need not cover over a year or two. Millions upon thousands of dollars are being spent by the government upon the "rivers and harbors" of the country where the need and the improvement is not near so great as it would be in this matter. Let those most interested begin at once to push this enterprise and keep on pushing and success will surely crown the effort.

A DECLARATION of war by England against Russia is now seriously threatened as the outcome of Russia's reckless firing upon British fishing boats. Russia has apologised but Johnny Bull refuses to accept the apology. What next? A general foreign war seems to be imminent.

DR. H. G. SIMPERS, local registrar for Kent county, reports 73 births and 96 deaths for the past three months. The law requires every physician to report births as well as deaths, but it is evident from the above that they are not complying with this law, for if the present decrease continues Kent county would soon be depopulated. This is a matter of county record and should not be overlooked.

DON'T fail to vote for THOMAS A. SMITH for Congress, as well as for PARKER and DAVIS.

IT'S JUDGE JACOBS' turn next! In another column the nuptials of Judge Hudson and a blushing Baltimore bride is chronicled, while Judge Harper's happy marriage was announced in the NEWS several weeks ago.

THOMAS A. SMITH is a poor man—a hard-working business man—and he should receive the votes of every member of his party in this county, together with hundreds of conservative Republicans who must be disgusted with a candidate who has so little to recommend him other than money. His money nominated him and money alone he relies upon for his election.

MR. JACKSON, the Republican candidate for Congress, was in Chestertown last Thursday night. The "faithful" of the G. O. P. came from far and near to learn whether the barrel was open at the spigot or at the bung. The money candidate kept his promise and left a big sum with which to buy Kent voters. But he may be mistaken in his estimate of our voters. He will not be able to make the wholesale purchases that he expects. Why should he? Surely character and manhood ought to count for something.

COUNTY AUDITORS REPORT.

Result of Examination of the Public Records.

To The Honorable Board Of County Commissioners For Kent County:

Gentlemen:—In compliance with an Act of the General Assembly of Maryland passed January, 1904, we having been appointed Auditors for Kent county beg leave to state that we have examined the books, accounts, vouchers and papers of the offices of County Commissioners, Treasurer of Kent County, Board of School Commissioners and Trustees of Alms House, and find:

First. The County Commissioners on June 6th, practically closed the year though Levy was not made until June 21st. They levied.....$104,317.14

To provide for certificates issued...$64 659 65

To provide for cash of coming year.. 36,876.00

To provide for surplus..... 2,779.49

As per exhibit "A" $104,415.14

But we find certificates and warrants out unprovided for amounting to $2,158.57 as per Exhibit "B."

Note. One certificate for $216.00 and one certificate for $26.80 issued, but these two have since been provided for by former clerk.

Note We find Treasurer has been allowed a certificate for $287.76 and discount $16.30 total $304.46 for notifying delinquent tax-payers for which we can find no authority in the law.

In Exhibit "C" we show the actual expenses for the year and amount of claims presented but not provided for.

In Exhibit "D" we show the Bonded Indebtedness and cash applicable to payment of Bridge Bonds not due.

In Exhibit "E" we show funds in Bank.

In Exhibit "F" we have shown the account of Trustees of Alms House in which we regret to show a balance to be accounted for of $117.05.

In Exhibit "G" we show the account of Board of School Commissioners, showing receipts $42,240.17; expenditures $38,628 83; balance in bank $3,611 34; total, $42,250.17.

In Exhibit "H" we show the account of Treasurer, showing amounts charged to him $114,478.87 and amount to be credited to him $114,308 43, balance $170.44.

The balances unaccounted for in Alms House and Treasurer's Reports are due simply to error in accounting.

We respectfully suggest that all certificates and orders be countersigned by the President of the Board of County Commissioners and would also suggest the advisability of bonding the clerk.

All the aforegoing we respectfully submit this 25th day of October, 1904.
