THE FARMER PAYS.

Republican stump speakers and Republican manufacturers of campaign literature are defending Congress and President.

The Democratic Party charges the Republican legislature and Executive with maintaining a tariff which burdens the people and takes the money of the industrial and argicultural masses to enrich the manfacturers.

The Republican Party admits that the tariff needs revision and asks that it be permitted to correct it during the next four years.

The Democratic Party points to the promises made four years ago and broken continuosly during the ensuing four years.

A few facts in the record are of interest.

This American English controlled company, supplies as much borax as all the other companies put together. It mines its borax in California and refines it at Bayonne, New Jersey. It exports much of it to England. Refined borax mined, refined and exported to England sells there at 2¼ cents per pound; sold in this country, it fetches 7¼ cents per pound.

The present duty on borax is 5 cents per pound,

In 1897 the duty was 2 cents per pound and borax was sold in this country at five cents per pound. Congress in 1867, raised the duty and the corporation the price. Republican protection of the English owned American corporation enabled this foreign trust to the American people borax mined and refined in this country for 7¼ cents and to the English people 3,000 miles away borax mined and refined in this country at 1½ cents per pound.

Of course it is the privilege of the American farmer to share the profits of his industry with those whom he will and if he desires to pay more than a reasonable price for his barbed wire fence, his iron tools, his wire nails, his transporation charges, he will cast his ballot for "the friends of the tariff" who protect privileged persons at the expense of the farmer.

TERRAPINS KILLED

Mr. Lewis Loses 1,500 Diamondbacks In Storm.

The large terrapin ponds of Mr. Frank C. Lewis at Hunting creek were destroyed by the great storm Wednesday night. Mr. Lewis is the largest terrapin raiser on the Chesapeake bay and annually ships hundreds of the finest diamond-back terrapins in the world to the large hotels in New York, to the United States Senate's restaurant at Washington, and to his customers scattered over the entire country. The terrapins are put in still ponds, boarded and wired in, and lay their eggs in the sand. Many young terrapins are raised in this way and altogether the industry has been a most profitable one. The terrific wind brought in the huge tide and completely flooded the pounds and drowned nearly all the terrapins. The animals were driven from the ponds and killed by the tossing of the choppy sea. Some were driven ashore and turned on their backs and when the waves would beat over them finally died from exhaustion. The number of terrapins killed is about 1,500, valued at $3,000.

Mr. Lewis wharf property was washed away, a valuable drove of hogs killed and his handsome electric motor launch was torn from her moorings and carried nearly three miles over a marsh to Drummond's Mill. It is now high and dry about two miles from any water. Mr. Lewis bought the launch last spring at a cost of $2,500 and it would be worth the cost to dig a canal so as to float her. Mr. Lewis' total loss is nearly $10,000.

Tangier Island, in the Chesapeake bay, was also a big loser. The new high school building was caught in the hurrican and totally demolished. The loss will be about $2,500. Great numbers of wrecks of small craft can be seen strewn along the shores of the bay, and it seems incredible that no loss of life has been reported.

W. H. H. MILLER, proprietor of a livery stable in Easton lost a number of horses within the past few days from various causes. On Friday afternoon last, he had one of his horses to die from being hung by another horse. The animals were left hitched by long halters near each other in the stable—which was void of partitions—and one of the horses succeeded in getting a loop around the neck of the other, and rearing back it choked the horse to death

KENT COUNTY GAME LAWS.

Non Residents Not Owning Real Estate Must Take Out License.

We received last week from Col. John W. Avirett, State Game warden, a neatly printed booklet, giving all the game laws of this State up to date, arranged in convenient form for quick reference. The book contains 160 pages, strongly bound. As we have recently had several requests from our subscribers to publish the local game laws of Kent we do so below, showing the open season for shooting game.

Unlawful to hunt or kill any bird, rabbit or squirrel except waterfowl, English sparrows, bull bats, black-birds, crows and hawks, but it shall be lawful to kill the following named birds except in the closed seasons.

Penality, $30 for each offense; one-half to informer. Possession by non-resident without license in this county is prima facie evidence of violation.

Unlawful to ship or transport for sale beyond said county any game except by license; cost of license $25, unless accompanied by land owner, in which case the cost is $5.

Official Ballot As It Will Be Voted.

The ballot as it will be voted in Kent county appears in this issue of the NEWS. Parker and Davis head the ticket. Then follow the names of the Democratic electors.

The names of Roosevelt and Fairbanks come next, followed by the names of the Republican electors.

Next appear the names of Swallow and Carroll and the Prohibition electors. At the end of the presidential ticket come the names of Debs and Hanford, with the Socialist electors.

If the names were to be arranged alphabetically Debs and Hanford would head the ticket, with Swallow and Carroll last. But the Supervisors were not obliged to place the names on the ticket in alphabetical form. For this reason, no effort was made to arrange the names of the electors alphabetically. They will be placed on the ballot in the order as received by the Supervisors.

According to the sample ballot as prepared it will be necessary for the voter to make but two cross marks on his ballot, one for Parker and Davis, for instance, and the second one for the favorite congressional candidate. The Christian names of the presidential candidates are not to appear on the ballot. Opposite the names of Parker and Davis there will be ample space for a single cross-mark, both names of each party to be opposite one box.

But don't forget the Congressman at top of second column and put mark opposite Thos. A. Smith's name.

N. Y. HERALD FORECAST.

In order to win Judge Parker must carry 239 electoral votes. The "solid South," not including Maryland and West Virginia, furnishes 151 votes. Giving Parker Maryland adds 8, Montana 3 and Nevada 3, a total, with the "solid South," of 165.

Adding West Virginia's 7 votes, Delaware's 2, Indiana's 15 and Colorado's 5, makes a total of 195. Increasing this total by New York's 39, brings it up to 234, 5 votes short of the necessary number. Connecticut's 7 votes would then pull Parker through, as would also New Jersey's 12. Wisconsin has 13 votes and Utah and Idaho 3 each.

Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

"YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try **Lydia E. Pinkham's Vegetable Compound,** but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstruation periods. I am most grateful."—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will hold your letter in strict confidence. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass.; her advice is free.
