SATURDAY, - - FEBRUARY 3, 1906

THE Easton Ledger commends Capt. Crane's oyster bill and advocates its passage.

NEBRASKA'S "split-log" drag is now being considered in other sections of Maryland as well as in Chestertown.

THE reappointment of Mr. M. Bates Stevens as State superintendent of public education meets with favor in Kent. He is the right man for the position and is doing efficient work.

IT is reported that *five* of the lady public school teachers of Queen Anne's have married since the first of the year and *seven* others will enter the matrimonial state before July 1st of this year.

To the Legislature.

Lower the State taxes. At least six cents can be taken off by cutting certain expenses and collecting revenues now being debated by our solons.

The tax-payers are united in this one demand—Lower the State-taxes!

A Felt Editorial Loss

Charles H. Vanderford, of the Westminster Democratic Advocate, died Jan. 25th, in the 58th year of his age, leaving a widow and two children. The death of Mr. Vanderford is a felt loss to the newspaper press of Maryland and especially to the Democratic editorial fraternity. He was recognized by all as one of the best writers in our ranks and as a newspaper man he had no superior among the country weeklies. With his brother he kept the Advocate up to the high character of Democratic usefulness and integrity gained for it by their lamented father and handed down to them. The bereaved family have our sincere sympathy.

Improve It!

This is the advice of nearly every water taker in Chestertown. And it is pertinent. There is room for improvement. But the new company should certainly have some consideration. Building or repairing water works extensively are not matters of a day. It takes time to remedy serious defects, and none can expect everything desirable relative to this vital matter of pure and abundant water without giving reasonable time to discover defects and remedy the same.

The Water Company has one of the finest and purest springs in the world in its service. This is saying a good deal but it is true. The trouble is the volume of water has not been sufficient and Mr. Westcott, the former owner in his great desire to do the best thing possible for the town—had an artisian well sunk adjoining the pool, and which cost him nearly three thousand dollars. He also spent thousands of dollars in trying to utilize other valuable springs, but met with insurmountable obstacles. The artisian well, it is now believed, is the fruitful cause of the bad condition of the water so frequently noticed by the water takers. The new company having the advantage of Mr. Westcott's experience can and will proceed on safe and certain lines to the successful introduction of water unexcelled in purity and abundant in quantity.

The new company has already ordered a new steam steel boiler and expect to have it in place in ten days. The other improvements will follow as rapidly as possible, and will cost the company a large sum.

Another word here will be in place to families and others who are water takers in the town. Many have disregarded the notice sent out over a week since requesting compliance with the rules of the company regarding the payment of the rent. The rates are precisely the same as formerly but payment six months in advance is a positive requirement—it is reasonable and just, and for the present year should not be delayed a day longer.

THE County Commissioners of Wicomico on Tuesday took an advanced step in road improvement by voting to pay part of the cost of about 90,000 bushels of shells for improving the public roads leading out from Salisbury. Several committees of large taxpayers appeared before the Board, binding themselves to pay more than half the cost of the improvements asked for. The Board, after listening attentively to the arguments of the taxpayers, agreed to pay 3 cents per bushel on 88,000 bushels of shells.

Delegate Crane has introduced a bill making a change in the Treasurer law for Kent County. This change makes it the duty of the treasurer to collect *all* taxes thus relieving the Sheriff of this unremunerative task. It will not apply to the incoming Treasurer.

Delegate Gibbs has introduced a bill authorizing the trading of land at the almshouse with that owned by Mr. Geo. Bell in order to straighten line.

YESTERDAY was ground-hog day and he saw his shadow. Look out for bad weather.

THE Republican State Central Committe for Kent County has submitted the following names to Gov. Warfield from which to select one member of Board of Supervisors: James T. Decourse, D. B. McMenamin, L. B. Russell, Wilbur Eliason, Jr.

THE standard reference book of Maryland is at hand and is appreciated by everyone who has received same. The Sun almanac keeps up its good reputation for truthfulness. But how can it help doing so with Col. Norval E. Foard supervising!

Miss ROOSEVELT'S wedding gifts have begun to arrive. A Kansas farmer shipped her a basket of turnips, and a Dakotan expressed a barrel of potatoes. Mr. B. F. Rash might add a sample of his fine peaches and Capt. Downey some of his big oysters!

The Proposed Trolley Line.

We gave in our last issue the particulars of the incorporation of a company to build a trolley line from Chestertown to Tolchester, and stated the wish of the company to receive donations of rights of way, as it was desirable to run the road entirely on acquired land. Last Tuesday a prominent farmer on the line proposed for the road visited the NEWS office to say that he would be only too glad to give the right of way through his farm if that will aid in securing the road. This gentleman is one of our wide awake and observant farmers and said he knew from his own experience the value of such quick conveyance to local and city markets.

A farmer living on the line of the trolley from York, Pa., to another point, bitterly objected to the project when it was being built and wanted a considerable sum in damages but finally got the better of himself and "let the thing go" through him. Now this gentleman says he would give five hundred dollars to help it along rather than be without it. Every farmer on the line of this proposed road from Chestertown to Tolchester—and certainly to Rock Hall also—will be greatly benefitted if the road is successfully constructed.

No one can foresee the vast advantages in the way of convenience to markets and better facilities for travel, causing villages to spring up, truck gardening to push forward and beautiful residences for wealthy city people who would be glad to avail themselves of the delights of such fertile lands, and fine country homes would take the place even of unimproved sections. No finer locations for desirable homes could be found anywhere than in this beautiful old Kent.

At a meeting of the company held yesterday Mr. W. W. Hubbard was elected President, Mr. Alva Lamkin secretary, and Mr. J. D. Bacchus treasurer. The new road will be pushed to a completion as rapidly as these young men can do so. Let everyone help.

The Anti-Cigarette Fight.

Dr. W. W. Goldsborough's anti-cigarette bill introduced in the Senate should meet with encouragement from every parent and good citizens in general. Its object is to better the condition of the boys of Maryland. Dr. Goldsborough says: "I believe that there is no faculty which the cigarette does not effect deleteriously. Invariably I have found some one or more of the senses seriously impaired. My observation has shown that it tends to wreck the nervous system, making the individual restless and irritable, and I have never examined a cigarette smoker whose heart action was not accelerated.

"On investigating the conditions in the public schools I have found without exception that the boys addicted to the habit are sluggards not only in their classes, but also on the athletic field. Again, my experience has been that a man rarely contracts the habit after reaching the age of maturity, but becomes enslaved in youth and then has not the will power to stop., though, as a rule, they admit their ill results and express a desire to do so. Any number of cigarette smokers have congratulated me on the introduction of the bill, saying it is the only way in which they will be able to give them up."

Milton Melvin secretary of the Kent County School Commissioners: "After an experience of 32 years in the schoolroom I can conscientiously say that I believe that the effect of cigarette smoking upon growing boys is evil, and evil only. In very many instances the effect of the use of cigarettes would show itself in a few weeks lessening the power to reason and making the memory less retentive. In many instances boys who entered school bright and quick to learn will become dull and unable to grasp readily the new subjects presented. Upon investigating their habits I find that they have begun the use of cigarettes."

CAUTION.

ALL PERSONS are hereby notified not to trespass on Miller's Island or any of the farms tenanted by J. Raymond Bowers, with gun, dog or otherwise. These shores have been rented by me for gunning, and any trespasser will be prosecuten to the full extent of the law.

TO TAX CANINES ALL OVER STATE

Fund To Be Used For Bird Restocking —This and Other Important Legislation Desired by the State Game Warden's Department—Mr. Oregon Milton Dennis Has an Important Conference at Annapolis With Mr. Crane—It Is Also Proposed to Tax Resident and Nonresident Hunters.

A delegation in the interests of the fishermen left Rock Hall Wednesday noon for Annapolis composed of Superintendent G. E. Noland, Captains J. E. Apsley, C. K. Kerr and others, who were followed on Thursday morning by a second contingent on the same mission. This delegation was desired by Delegate Crane for the purpose of holding a conference with the Cecil and Harford delegates on the fish law question.

Mr. Oregon Milton Dennis, deputy state game warden, had a conference Wednesday with Capt. C. E. Crane, of Kent delegation, in reference to bills prepared by Mr. Dennis and designed to afford greater protection to fish and birds. Mr. Crane is deeply interested in the same lines of work in which Mr. Dennis is engaged.

Mr. Dennis has prepared for introduction five important bills, the outlines of which are as follows:

To give the State Game Warden's Department a powerboat for use in the Susquehanna River for the protection of ducks and fish.

Requiring the counties now exempt from the operation of the law regulating the size of fish to be taken to waive their exemptions and to have the law uniform throughout the state.

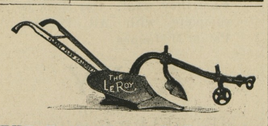
To tax male dogs $1 and female dogs all over the state $2 each, the fund derived from this tax to be expended in restocking the state with partridges and other game birds. The fund will be distributed among the several counties in the same proportion in which it is paid by those counties. There will be a reward of 25 cents in each case for killing worthless curs, A like reward will be paid for the collection of the tax.

To impose a tax of $1 upon every resident and a tax of nonresident hunter unless the latter is invited to hunt by a resident The fund derived from this tax will be devoted to the maintenance of the state game warden's department.

To divide the state into two zones. In that comprising the Western Shore counties the gunning season is to extend from October 20 to November 20. In the other counties the open season is to be between November 20th and December 20th.

It is also proposed to enact a law prohibiting all gunners from trespassing on land without the owner's consent, whether the land is or is not posted.

All the counties will be asked to cooperate in making the game laws as uniform as possible. It is stated that Governor Warfield is not disposed to sign the many petty local game laws which are enacted every year.



THE FAMOUS LE ROY PLOWS

are the best selling Plows because they are the BEST Plows that can be built. Made by a strong Company "not in a trust." Tested for years in all conditions. They "DRAW EASY." They "hold easy." All wearing parts are CHILLED iron and wear longer than most makes. Made by Le Roy Plow Co., Le Roy, N. Y. Sold by H. B. MASSEY, Massey; MARION T. MILLER, Rock Hall.

WILLIAM W. BECK, Attorney.

Order of Publication.

Robert M. Catts, Trustee,
versus
Martha J. McWhorter, Emma C. Wright, George E. Wright, Edmund M. Wright, Ethel J. McWhorter, Thos. H. McWhorter, Ola J. Catts.

In the Circuit Court for Kent County, Maryland, in Equity No. 1579.

THE object of this suit is for Robert M. Catts to be relieved and discharged as trustee from the further execution of the trust mentioned in these proceedings

The bill states that under and by virtue of the deed of trust from Martha J. McWhorter to Robert M. Catts, trustee, dated the 25th day of February, 1902, and recorded in Liber J. T. D., No. 6, Folio 216, &c., one of the land record books for Kent county, Maryland, your petitioner was appointed sole trustee of the said Martha J. McWhorter of the real estate mentioned in the said deed, to collect the rents, issues and profits thereof, and apply the same in the first place to the payment of all taxes thereon and the expenses incident to the management of said property in the manner in which, in the judgment of said trustee, its productiveness will be best maintained, and afterwards to pay the net rental or income therefrom to the said Martha J. McWhorter during her natural life, and after her death in trust to continue to hold said property upon like trust for the benefit of said Emma C. Wright during her natural life, and immediately after the death of the said Emma C. Wright then to and for the use and benefit of the children then living of the said Emma C. Wright, and if the said Emma C. Wright does not leave any children, then to the brothers and sisters of the said Emma C. Wright. And that the said Robt. M. Catts duly accepted said trust and entered upon the duties of the same on the 25th day of February, 1902.

And that the real estate consists of a farm of 107 acres, on the north side of the road leading from Millington to Smyrna, in the First District of Kent county: and also a farm containing 232 acres, 2 roods and 21 perches, near Millington: and also a farm containing 45 acres of land, more or less, near Millington; reserving and excepting from the 232 acre farm 60 acres tenanted by Daniel Burgett.

And the bill further states that the said Martha J. McWhorter resides in the city of Philadelphia, Pa., and the said Emma C. Wright, intermarried with George E. Wright, and they have one chile, a minor, Edmond Wright, all residents of Philadelphia, Pa., and that the said Emma C. Wright has one brother, Thomas H. McWhorter, and two sisters, Ethel J. McWhorter and Ola J. Catts, wife of the said Robert M. Catts, all adults, and residents of Philadelphia, Pa

The bill states that your petitioner desires to retire from said trust and has filed a full and particular account of his receipts and disbursements as such trustee.

To the end that this Honorable Court assume jurisdiction in the premises, it is therefore, this 2nd day of February, 1906, ordered by the Circuit Court for Kent county, in equity, that the plaintiff by causing a copy of this order to be inserted in some newspaper published in Kent county, Maryland, once in each of four successive weeks before the 5th day of March, 1906, giving notice to the said non resident defendants, Martha J. McWhorter, Emma C. Wright, George E. Wright, Edmund Wright, Ethel J. McWhorter, Thomas H. McWhorter, and Ola J. Catts, of the object and substance of this bill and warning them to appear in this court in person or by solicitor on or before the 23rd day of March, next, to show cause if any they have, why a decree ought not to be passed as prayed.

JAMES T. DIXON, Clerk.
