An earthquake in Jamacia destroyed 500 lives and $10,000,000 worth of property. There were a number of Americans visiting near Kingston but they seem to have escaped. Dr. Thos. H. Lewis and wife were among the latter.

THE long period of discussion and doubt over the Senatorship was ended in Dover Monday night, when the Republican caucus settled on Harry A. Richardson, of Dover, as the man.

Senator Allee was his closest competitor, but on the deciding ballot—the ninth—he received only 10 votes to the successful man's 20. Addicks was outclassed, receiving 2 votes on the final ballot. Layton was given 2 and S. S. Pennewill and Insurance Commissioner Marshall, 1 each. At 11.30 o'clock the nomination of Richardson was made unanimous and the caucus adjourned. The outcome gives general satisfacion. It is a case where Addicks paid for the "goods" but they were delivered to another party. Thus ends Addicks' fate in Delaware.

COMPTROLLER ATKINSON will accept our thanks for a copy of his annual report. It is a most satisfactory exhibit of the condition of the State's finances and shows largely increased revenues and assessable basis, and assets more than sufficient to pay all outstanding bonds, yielding in the meantime revenues sufficient to pay the interest on them.

The receipts of the oyster fund were $43,105.90, and disbursements of $47,062.-21. The revenue derived from this fund is not sufficient for its maintenance, and the Legislature of 1906, realizing this condition, appropriated the sum of $15,-000 to supplement its revenue. "In my judgement, this will not be sufficient for its future needs, and the maintenance of the State Fishery force is a proper subject for intelligent action by the next General Assembly."

THE 55th annual meeting of the stockholders of the Delaware Railroad held in Dover Thursday elected the following directors: Henry F. Kenny, John I. Green, Samuel Rea, Samuel Bancroft, Jr., William H. Swift, William W. Lobdell, Walter O. Hoffecker, Manlove Hayes, William J. Watson, James J. Ross, Thomas Curry, Hezekiah Harrington, William T. Records, Murray Vandiver and Charles T. Westcott.

They declared a dividend of 7 per cent.

The total expenditures covered the following items:

Delaware R. R. Co's. proportion of cost of Edge Moor Yard	$204 010.13
Right of way and real estate	1,398.19
Block signal system Wilmington to Harrington	834.30
Clayton, new coal wharf and sidings	7,503.42
Delmar, coaling arrangement	10,941.02
Second track Seaford to Laurel	6,606.32
New Castle Branch, extension and interlocking	15,047.98
Mt. Pleasant, additional siding facilities	7,008.54
	$253,353.94

The new coaling arrangement at Delmar, which was started last year, was completed and placed in operation early in the current year. A new passenger and freight station was erected at Worton, Md., on the Chestertown Branch.

Property has been maintained in excellent condition: 940 tons of new steel rails, 2678 pairs of splices, 87,800 pounds of spikes and 100,940 cross-ties having peen put in the track during the year.

The Baltimore, Chesapeake & Atlantic Railway Company, in which this company owns a substantial interest, shows a very satisfactory results, having paid dividends of 5 per cent. on its preferred stock during the year.

VETERANS of both the Civil and Mexican Wars fared exceedingly well at the hands of Congress Friday.

The House of Representatives during the brief period that it was in session before adjourning until Monday, passed 628 private pension bills. This breaks all previous records as to the number of pension bills passed in either branch of Congress in a single day. More important than this is its far-reaching effect upon the old soldiers, however, was the action of the Senate in passing without a dissenting vote, the McCumber Service Pension bill involving an annual expenditure of about $7,000,000 extra for pensions every year.

This is the most important pension legislation enacted in years. The number of Civil War soldiers on the roll June 30, 1905, receiving less than $12 a month on that date, who were between the ages of 62 and 70 on June 30 last, is estimated at 140,000. Of this number 37,000 are receiving $6 a month, 66,600 are receiving $8 a month and 44,400 are receiving $10 a month. The proposed law grants them $12 a month, and the annual increase to these pensioners will under the bill passed today, be as follows:

37,000 would receive an increase of $72 a year, or	$2,664,000
66,600 would receive an increase of $48 a year, or	3,196,800
44,400 would receive an increase of $24 a year, or	1,065,600

Total of 148,000 would receive a total increase of $6,926,400, not including the increase to the veterans of the Mexican War.

THE Baltimore Sun will accept our appreciation of a card to the formal opening of their new building. It is an ideal newspaper plant from which is issued an ideal news paper.

POLITICAL NOTES.

The numerous friends of Mr. Henry J. Grey announce his candidacy for Treasuer of Kent County subject to the choice of the Democratic Convention Mr. Grey is one of Kent's best citizens and has been loyal to his party at all times. The Democracy of Kent would have a strong man in Mr. Grey. He lives near Galena.

The Baltimore Sun has the following political talk: The report is current especially on the Eastern Shore, that the Republicans are laying their plans to put up a strenuous fight next fall in the Second Judicial Circuit, composed of Cecil, Kent, Queen Anne's, Talbot and Caroline counties. In that district Governor Warfield was recently called upon to fill two vacancies upon the bench, caused by the deaths of Judges Brown and Martin. The Governor appointed Judge Crothers, of Cecil county, and Judge Adkins, of Talbot county, to fill the vacancies. The latter appointment is said to have displeased some of the political leaders in the district to such an extent that it has been openly stated that Judge Adkins would not get the nomination at the next convention. The Republicans of the district are "on" to the situation, and, it is said, they intend to profit, if possible, by any disaffection in the Democratic ranks. It is said a movement is on foot to nominate L. Marshall Haines, of Cecil county, and Albert G. Towers, of Caroline county, as the Republican judicial standard bearers. A politician from the Eastern Shore, in discussing the matter, said that if such a course is pursued by the Republicans, and if they are aided by "Uncle Bill" Jackson, the outlook would be doubtful, as according to the vote cast at the recent election, the district shows a clear Republican majority.

SUCCESSFUL BANKS!

Chestertown, Md., Jan, 15, '07.

MESSRS. EDITORS OF KENT NEWS:

We have been waiting for some of our public writers to defend the savings depositors against lowering the rate of interest. It seems that the banks got together and formed a Trust of the worst kind. This seems queer when the directors of these institutions are in the majority of cases anti-trust. May be they are anti-trust when it comes to the other fellow forming it, eh?

We read in your paper that the Savings Bank had declared a semi-annual dividend of 4 per cent., added $1700 to profits and increased salaries; the Second National had paid 3 per cent. in dividends and added $5,000, while the Chestertown Bank had paid 3 per cent. and added $2513 to profits. Now, where is there any reason for reducing the interest paid depositors? Does not their money make the banks' income. Then why shouldn't they share in the receipts? If the banks were not prospering under the 4 per cent. basis there would be some reason to lower the rate. We were satisfied when we got 4 per cent., but we don't think the banks are treating us fair nor justly in reducing it to 3 per cent., and a great deal of money will be invested in other places.

Board of Health Notice.

County Commissioners of Kent County met as a Board of Health Tuesday and ordered that the clerk advertise the following law and notice, viz., article 43, section 5, Code of Public General Laws of Maryland, and that strict observance of the same relative to contagious diseases be herein observed by practising physicians reporting same to the Health Officer:

"Whenever any physician knows that any person whom he is called to visit is infected with small-pox, diphtheria, membranous croup, scarlet fever, typhoid fever, typhus fever, yellow fever, measles, whooping cough or any other contagious or infectious disease, dangerous to public health, he shall immediately give notice thereof in writing over his own signatute to the board of health of the city, town or county in which such disease exists; and if he refuses or neglects to give such notice he shall be fined not less than fifty nor more than two hundred dollars."

And further be it resolved, that Dr. H. G. Simpers, Local Secretary to the Board of Health, and Dr. Simon Wickes Merritt, Chief Medical Director of the small-pox district, have full charge, and that all action taken by said officers relative to small pox or other contagious diseases must be respected, otherwise the law with full penalty for each and every violation will be vigorously enforced.
