PUBLISHERS AND EDITORS.

SATURDAY, NOVEMBER 16, 1907.

THE parade and jollification last Thursday night in honor of Judge Crothers' victory was the greatest ever seen in Elkton. A number were present from Kent.

MR. JAMES T. BRIGHT, leader of the Independent Citizens' party, Queen Annes, has acknowledged himself beaten and declares that he has fought his last against the Democratic party. Other independents all over the county are coming back into line, and the bitter feeling heretofore existing between the two factions of the Democratic party is gradually blowing over.

THE KENT NEWS FIRST.

The KENT NEWS certainly rejoices with the people at the nomination and election of Gov. Austin L. Crothers, but when the following letter from the able citizen came the NEWS of course takes a double interest and a double joy at having first suggested his name :

Elkton, Md., Nov. 13, 1907.

KENT NEWS, CHESTERTOWN—Gentlemen—Please accept my sincere thanks for your very kind letter of congratulations on my election as Governor. Your paper was the first to mention my name in connection with the Governorship.

With kindest regard, I am,

Yours very truly,

AUSTIN L. CROTHERS.

POLITICAL NOTES.

Mr. Charles England, a faithful worker in the Republican ranks of Kennedyville, says he has discovered the cause for the Republican misfortunes—the names on their ticket numbered *thirteen!*

In another county the Republicans blame their defeat on Skidoo number, *twenty three!*

Mr. B. F. Rash's friends are inclined to joke the popular temperance advocate. The cause of his being "cut" are blamed by some on his "position" on the ticket and this is no doubt the correct solution.

The NEWS last week referred to Mr. Ben Ashley as shedding tears over the Republican spoiled ballots at Rock Hall. This was true, but they were tears of joy! It was Capt. George who was in agony, but at this writing has become more cheerful.

Col. South, the Queen Anne's Independent enthusiast, says he "got two horses and lost a mule" and is done fighting the old party. He thinks the colored voters went back on them as well as some others. Welcome back, Colonel, you're too GOOD a Democrat to be among Republicans.

It is very gratifying to notice that the commissioners, Messrs. Davis, Loud and Dudley ran within a few votes of each other, so that the oft repeated charge of "cutting" falls flat. The vote was as follows :

Harry Davis	1452
C. B. Dudley	1459
A. C. Loud	1470
J. S. Harris	1536
H. C. Willis	1421

The Easton Gazette whose editor is one of the best temperance Republicans in the State in its last issue says: "The Prohibitionists have made no perceptible gains in many years in Maryland. If the mountain will not come to Mahomet, would it not be just as wise for Mahomet to go to the mountain? There is enough temperance sentiment in the State to carry all needed prohibition at one election. It looks like good philosophy to work along the lines of the Anti-Saloon League."

Congressman Sydney E. Mudd was in the city Saturday for the first time since the election. He took the Republican defeat good-humoredly.

"Well," he was asked, "are you glad it's all over?"

"Yes," was the reply; "and that seems to be about the only thing we Republicans have left to be glad about, too," and Mr. Mudd laughed as he went down the street.

The Centreville Record last Saturday got stung so bad that Bro. Bright wants to send all bees to Phillipines. His leading editorial was as follows :

Bumble Bees Wanted.

"Any farmer's boys who have a supply of bumble bees will confer a favor on the Agriculture Department by reporting them at once. They are for shipment to Phillippines to be used in the cross fertilization of plants. It has been found that honey bees are not strong enough for this purpose and there are no bumble bees over there."

Fine Treatment.—The Talbot Packing and Preserving Company, with a factory at Cordova, the proprietors of which are Charles C. Nickerson and Charles R. Wooters, settled with their tomato growers Saturday by giving them their checks in a neat and handsome morocco pocketbook. The amount paid to the 75 growers aggregated between $15,000 and $20,000. After settlement the company gave the growers and others present an oyster roast. Between 15 and 20 barrels of the finest oysters that could be procured, together with the trimmings that go with such a feast, was made away with. Everyone had a good time.

The Kent county packers have settled with the growers here as far as we can learn but did not give any treat. Maybe they will get Xmas presents.

SMITH'S LARGE PLURALITY.

The official vote in Maryland for U. S. Senator was as follows :

Short Term, W. P. Whyte	66,290
Long Term, John Walter Smith	85,131
Long Term, Edwin Warfield	30,200
Long Term, J. F. C. Talbott	16,214

Ex-Governor Smith had the large plurality of 17,931 over Warfield in the State and a majority of 1,717 over all. Smith's pluarality in Baltimore was 4,862.

A SHINING EXAMPLE.

The NEWS is glad to report that an anti-bribery compact made before the election in several counties was kept to the letter. A notable instance of this was in Caroline county where the Democrats won by a good majority. The charge that Senator-elect Smith was elected by Warfield's money was also given a knock-out blow, as for instance, in Caroline where *not a penny was used,* Senator Smith got **903** majority! The Denton Journal says :

"The day's election was conducted without the expenditure of one cent in violation of the letter or the spirit of the solemn compact made between the two parties some weeks ago. There was no disposition to do this in any quarter. The pledges all were religiously kept and defended by the candidates and their friends, and all of them are to be congratulated by the good people of the county upon their splendid achievement. To throttle the bribery monster, which for half a century has been rampant throughout our county, as in many other sections, was no insignificant task. Tuesday's contest marks the beginning of a new era in the politics of Caroline which all may hail with gladness."
