FEED FAIRFIELD'S BLOOD TONICS CONDITIONERS

A SEPARATE PREPARATION FOR HORSE, COW, HOG AND POULTRY

GREATEST KNOWN BLOOD PURIFIERS

The working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed.

The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from same, would be more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal.

...Localettes...

THE auto show in Baltimore this week was attended by a number from Chestertown. It is said that one man from here wanted to buy one of each!

IT is reported that there were not enough men able to pass the civil service examination to fill the census places in Kent. Mr. Foster Cannan was among those who made a creditable showing and received a high average.

CHESTER KING, a well-known colored resident of near Kennedyville, as he fled from the officer was shot at three times Saturday by Constable Lockerman but never brought him down. King escaped out the back door of his cabin while the officer rapped at the front door.

Packet Line.—Mr. Joseph Downey, agent, advertises the schooner, "Sunshine," Capt. Dowling, to run from Rock Hall to Baltimore at regular intervals. Her stopping places will be Long Dock, Baltimore, and Rock Hall wharf.

Seeing Snakes.—At a beer drinker's ball in Philadelphia one night this week, it is said, a snake nine feet long and weighing 100 pounds suddenly made its appearance on the floor, and created much alarm until killed by two valiant cops. We don't see why this should have created such consternation, for are not beer drinkers used to seeing "snakes"?

Landmark Gone.—The tall and stately pine tree which has stood for scores of years on Mr. Vachell Burgess' property in Piney Neck was leveled to the ground last week. This tree gave the name to this celebrated part of Kent county and in the top of which a hawk has had a nest for many years. It is about 75 feet tall and about two feet in diameter. A horse trough will be made of a part of it.

Old, Old Story.—A gentleman advertised in the NEWS a few weeks ago for a horse. He came in the office after the insertion and said: "Take that advertisement out. I'll have to put in one to stop the answers if this deluge continues!"

Mrs. Harriet L. Hill writes: "Please continue advertisement of 'New Forest' another week. I have been surprised at the numerous letters of inquiry I have already received. The inquiries evince an interest in farm lands as an investment." Nuff sed.

Kent Appointments.—Gov. Crothers on Tuesday sent the following civil list for Kent county to the Senate: Justices of the Peace—George C. Townsend, Millington; Lawrence R. Vansant, Galena; David R. Nickerson, Kennedyville; Jas. M. Severson, Still Pond; Jas. M. Sutton, Betterton; Samuel W. Wallis, Worton; Lewin S. Fowler, Abram S. Crawford, Chestertown; J. Cordray Loud, police justice, Chestertown; Frank C. Wilkins, Rock Hall; William Wagner, Edesville. Notaries Public—Charles Estes, Chestertown; Jesse S. Ireland, Galena, and Simon H. McCauley, Millington. Coroner—John H. Greenwood. School Commissioner—John N. Bennett.

Sales.—Mr. Samuel Hicks, through George E. Lambert, broker, has sold his Washington avenue residence to Mr. Robert Moffett for $2,850.

Mr. Frank Crew, of Worton, last week purchased of the Coppage estate in St. Mary's county, the Coppage homestead on little Milles river, containing about 600 acres.

Manly Drennen, agent, has sold the Frenchtown farms, belonging to Hardie B. Walmsley, of New York, to Herbert Paul, of Philadelphia, for $13,500.

Overall Factory.—It is with pleasure we announce that Chestertown will soon have another industrial enterprise. Messrs. R. Frank Elburn and L. B. Russell will conduct a sewing factory in the large room over *The Enterprise* office. The business will be inaugurated on a modest scale only about 20 machines being installed at first but this number will be augmented as rapidly as circumstances will justify. This little industry giving employment to about 20 ladies with a weekly payroll of probably $125, will be a help to the town, and for this reason, if no other, it is to be hoped that the venture may prove successful. Only contract work will be done at first, and arrangements have been made for beginning work by the manufacturer of overalls. The business will be conducted under the firm name of R. F. Elburn & Co., with Mr. Elburn as the active partner and manager. It is expected that the plant will be in readiness to begin operations by the middle of March.
